Township approves new budget

Plymouth Township has approved a new \$7.64 million budget. Most money comes from property taxes, which account for \$3.1 million. A total of \$7.33 million in revenue is expected.

BY KEVIN BROWN
STAFF WRITER

The \$7.64 million 1996 Plymouth Township budget was approved by township trustees on Tuesday.

The budget anticipates \$7.33 million in revenue and \$7.64 million in spending, according to the budget document prepared by Rosemary Harvey, township finance director.

The budget also projects a 1996 year-ending budget surplus of nearly \$1.19 million, down from the projected \$1.5 million surplus projected at the end of this year.

More than \$300,000 is projected to be used from the budget surplus next year to meet anticipated costs, Harvey said.

The most money comes to the township from property taxes. The budget anticipates the township will get nearly \$3.1 million in property taxes next year, up from more than \$2.9 million this year.

Harvey said the passage of Proposal A has cut the rise in property taxes, adding the increased revenue for the township from property taxes comes mainly from assessment increases due to home additions.

The second largest source of money for the township is state shared revenue. It's projected to rise from nearly \$1.7 million this year to nearly \$1.8 million next year. "The increase is due to the fact the econ-

omy is doing well and the sales and income taxes are up," Harvey said.

The budget anticipates the township's income from Hilltop Golf Course will rise from \$250,000 this year to \$275,000 next year, as officials plan on getting more money for the township in the next agreement with a golf course manager.

The township administration planned on getting \$500,000 in building permit fees this year, but the total is expected to reach \$650,000 according to the budget document. Harvey projects the township will get another \$650,000 in building fees in 1996.

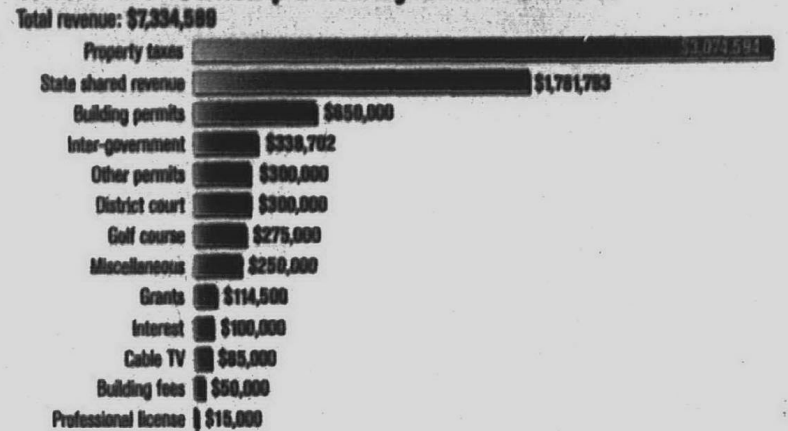

The township spends the most money on police — just over \$2 million in 1995. The budget anticipates that number will rise to nearly \$2.2 million next year. The union contract with officers expires this year, and the budgeted increase anticipates a pay increase. Harvey added the money budgeted for police "anticipates more capital purchases, of vehicles and so on."

The second highest spending item is the fire department, down from nearly \$1.87 million this year to more than \$1.8 million in 1996.

Spending for the clerk's office is anticipated to rise from \$240,474 this year to \$279,808 in 1996, to pay costs stemming

If you choose to believe, the stories will keep you on the edge of your seat. If you choose not to believe, the stories are nonetheless filled with the historical, and sometimes tragic, slice of life in Canton Township in days gone by.

Maybe it's Halloween that's prompted community members to recall the stories that chilled many of them as children — and still today as adults. But it's as good a time as any to replay the tales, some that involve the well-known township settlers of years gone by.

The stories that have been passed down over the generations in Canton feature township's roads, historic farms and houses. Some of the tales are stories without factual basis, others are more plausible with history to back up of much of the tragedy that could make things go bump in the night.

Here's a peek at some of the stories that are still being told:

The Blue Lady

The most famous or infamous story is about the Denton Road bridge, formerly a wooden bridge.

The bridge and surrounding area has become the center of ghost stories for the lights that suddenly appear as well as the ghostly figure of a woman cloaked in a blue — some say green — dress.

They take knowledge to Ukraine

BY KEVIN BROWN
STAFF WRITER

The husband-wife, doctor-nurse team of Dr. Aaron and Dana Kirkemo have learned firsthand from visits to the Ukraine: Hospitals there are woefully short on basic supplies and equipment.

That's why the Plymouth Township couple has collected more than \$70,000 in medical supplies for shipping to L'viv Oblast Hospital and Medical Institute in L'viv, Ukraine, through the World Medical Relief organization.

The Kirkemos visited the Ukraine for the first time in April last year. Aaron Kirkemo returned last fall, and they both plan to visit again in February.

Since the Ukraine won independence from the former Soviet Union in December 1991, a depressed economy and rampant inflation have made money scarce for medical supplies. "They have to reuse everything, nothing's thrown out, there's no medication except occasional vitamins, there's no antibiotics," Dana Kirkemo said.

The U.S. government started a project involving partnerships between 21 U.S. hospitals and hospitals in the former Soviet bloc. Henry Ford Hospital, where Aaron Kirkemo is senior staff urologist, and L'viv Oblast Hospital in the Ukraine form one such partnership.

"We've been working with the project two and a half years now," Dana Kirkemo said.

The partnership involves providing equipment, and through the Kirkemos' visits, training on sterile procedures and use of equipment.

Dana Kirkemo said L'viv, near the border with Poland, "is one of the most beautiful European cities I've ever seen; the buildings have a lot of character; the people are extremely friendly. You can see times are hard there."

Since the country gained independence, electricity and water service are often spotty. "They don't have the money to repair the system," Kirkemo said.

As Aaron Kirkemo's specialty is urology, the couple noticed treatment of prostate problems was primitive. Instead of using resectoscopes to enter

Garden City man found guilty in Canton murder

BY M.B. DILLON

Warinner

As a jury pronounced him guilty of first-degree murder in the death of Russell Harmon, Michael Warinner remained seated before Recorder's Court Judge Prentis Edwards, erect and motionless. With a blank expression, he glanced at his brother, who was hugging his aunt.

On the other side of the courtroom, tears streamed down the faces of 30 of Harmon's family and friends.

chance of parole. Warinner will be sentenced Nov. 20.

Prosecuting attorney Robert Agacinski told the jury in closing arguments that Warinner shot Harmon through the head at point blank range because Harmon had been "playing with him," injuring his pride.

According to testimony, Warinner was mad at Harmon because Harmon wouldn't return a set of darts that belonged to him. "I'm just glad," said Harmon's mother, Dale Strickland of Canton. "Finally, there is justice. It's like we have been the victims of this crime, it's like we've been hostages ever since my son was murdered."

She said the shooting wasn't about darts. "It was a personality thing, it was ego and jealousy."

Strickland's son worked with Warinner at Papa Romano's at Seven Mile and Telegraph. Warinner didn't like the fact, she said, that the owner would put Harmon in charge of the kitchen whenever he was laid off from his other job. When Harmon wasn't working,

Warinner ran the kitchen, Strickland said.

Warinner's brother Frank Warinner choked back sobs in the hallway. "There was too much reasonable doubt," he said. "All they needed was one thing, but there was more than one thing to doubt. This family, all they wanted was someone to hang. They didn't care who, they wanted retribution for their loss and they got the wrong person."

Warinner "absolutely will appeal," he said, "but that doesn't make a difference. My brother's wife just had a baby two days ago. What is she going to do? She is expecting him to come home. She just got out of the hospital, and we have to go to her and tell her he is going to prison."

Ben Gonek, Warinner's attorney, said he was "somewhat surprised at the verdict. I thought they might very well acquit him." Gonek said he has a personality conflict with Warinner and will not handle his appeal.

Canton Detective Richard Pomorski said the guilty verdict

wasn't a foregone conclusion.

"I felt we had a real good case if we went before a judge. But with a jury, you cross your fingers and hope," he said. Pomorski said sources told him the jurors were "quite adamant" about their guilty verdict. "One juror said, 'I can sleep tonight.'"

In his closing arguments, Agacinski told the jury Warinner had the opportunity, means, and motive to kill Harmon, who lived in Canton Commons Apartments with his girlfriend, Lori Warunek, and her 4-year-old son Corey. The child witnessed the killing of Harmon. Warunek testified she was upstairs in bed when her boyfriend was shot at about 10 p.m. Sept. 9, 1994.

Agacinski said it was Warinner who disguised himself in a wig, straw hat and dark glasses and slipped into Harmon's apartment behind the victim as he arrived home from work. "He put the gun two inches from Russell Harmon's face and shot him in the eye, murdering him in cold blood in his own house. The evidence

clearly shows this was planned and pre-meditated," he said.

It was more than coincidence, said Agacinski, that Warinner's 45-caliber semi-automatic pistol disappeared right after the shooting, and that Warinner and his wife Julia just happened to be at a friend's apartment 300 yards away in Canton Commons within minutes of the murder. It's also more than coincidence that wigs and hats were confiscated from the Warinner's residence.

Warinner had a motive, as well, said Agacinski. "Michael Warinner told five different people that he hated Harmon and wanted him dead." Furthermore, he said, Warinner lied about his whereabouts on Sept. 9.

Gonek told jurors there was reasonable doubt for several reasons. According to testimony, "the perpetrator had a black mustache." Michael Warinner does not have a mustache, he said. "When Mr. Warinner went to Harmon's house two weeks before the killing to get his darts, he was not angry. In fact he invited Mr.

Harmon to go out for a beer."

Gonek raised suspicions regarding Warunek and witness Dan Hell, noting that there were inconsistencies in their testimony. Warinner was in Hell's apartment moments after the shooting occurred.

Pomorski said there is no evidence that Julia Warinner was willingly or knowingly involved in the murder. "Right now, that's all speculative. There is no proof." Warunek wants to see police pursue accessory charges. "It's quite obvious she was at the scene. They were stopped at the entrance to Canton Commons by police. She had to have known something."

Strickland said her son had a daughter, who was just two months old when he was killed. "I want her to know her father was a good man who was kind and considerate. This kid would work part time to buy a \$100 pair of pants. Rusty didn't have to steal a set of darts."

"This is what really bothers me."

Prosecutor makes references to O.J. trial, Fuhrman

BY M.B. DILLON
STAFF WRITER

Jurors in the murder trial of Michael Warinner were probably a little surprised to hear prosecut-

ing attorney Robert Agacinski make allusions to the O.J. Simpson case in Detroit Recorder's Court last week. Warinner, 29, of Garden City was found guilty of first-degree murder in the shoot-

ing death of Russell Harmon, 25, of Canton.

On the first day of trial, Agacinski acknowledged that the evidence was circumstantial. "We don't have a glove, or a bloody

sock," he said. But, he said, the prosecution has plenty of evidence tying Warinner to the crime.

After defense attorney Ben Gonek criticized the police for

failing to investigate leads and interview certain witnesses, Agacinski told Judge Prentis Edwards he didn't appreciate the defense "making the Canton police out to be a bunch of Mark Fuhrmans."

Classic cars exhibited in grand style

The parking lot outside Plymouth Township's new 1950s-theme restaurant, The Soda Jerk, was a fitting setting for a classic car exhibition Oct. 22.

Members of six classic car clubs showed for the event, the first of several promotions The Soda Jerk owner Nancy McKeon plans.

The Soda Jerk features shakes, burgers and other fare fit for a 50s-style soda counter, served by a waitstaff trained in '50s-style dances which they perform to the sounds of authentic jukebox stocked with tunes of the era.

Those attending the car show included Bob Densted of Canton with his 1965 Pontiac GTO, Dale Butcher with his custom 1988 Pontiac Fiero GT, Jack Secord with his 1954 MG-TF, and Dale Behringer with his 1949 Cadillac convertible.

Club members had time to chat and admire each other's cars, and patrons of The Soda Jerk and the nearby shopping center asked questions about the classic cars.

"There are an awful lot of car buffs," McKeon said. She plans another classic car show in May on a grander scale, complete with a DJ.

"I'm going to do a sock hop next," McKeon said. Other promotions planned for the restaurant include an Elvis impersonator night and an oldies night geared to senior citizens.

Of the Oct. 2 show, McKeon said, "I didn't really advertise it, these guys pretty much took charge."

So far, she said, the restaurant hasn't really needed to schedule promotions to attract business. "I'm really busy on

Local hospital goes Hollywood

More than \$250,000 was raised Oct. 19 at Hollywood Nights III to benefit Project SMILE at St. Mary Hospital.

About 1,300 people attended the annual benefit in Laurel Manor featuring a fashion show by Jacobson's, the Johnny Trudell Band, Alexander Zonjic on the flute, vocalists Sandra Mandella and Sam Locrichio, and a tribute to J.P. McCarthy.

Also present was Miss Michigan USA Natasha Bell.

The evening included special recognition for the St. Mary Hospital Nursing Teams by John O'Reilly, chairman of the hospital's board of directors.

Special tribute

The tribute to McCarthy included a reading by Marilyn Turner, celebrity hostess and women's health care advocate, who then presented a special captain's chair to Michael Fezzy, president and general manager for WJR-AM Radio. Fezzy plans to use the chair in a memorial-type room being developed by WJR.

The fund-raiser was chaired by Carol Cassie of First Michigan Title, the person who originated Hollywood Nights, and co-chaired by Kaye ScoVel of the hospital's lab department and executive producer and host of "Sky's the Limit Productions."

The money raised is used for equipment and technology in the areas of women's health, pediatrics, maternity care, and health education for women and teens.

Benefactors

Benefactors (contributors of \$10,000 or more) include Foud

Panah and Associates, P.C., John Del Signore of Laurel Manor, Michigan Heart, P.C., PRS Contracting Inc., William Beaumont Hospital, Beaumont Foundation, Affiliated Anesthesiologists, P.C., Orthopedic Surgeons, P.C., and a contribution in honor of the 50th wedding anniversary of Mr. and Mrs. Jacob Sobieraj.

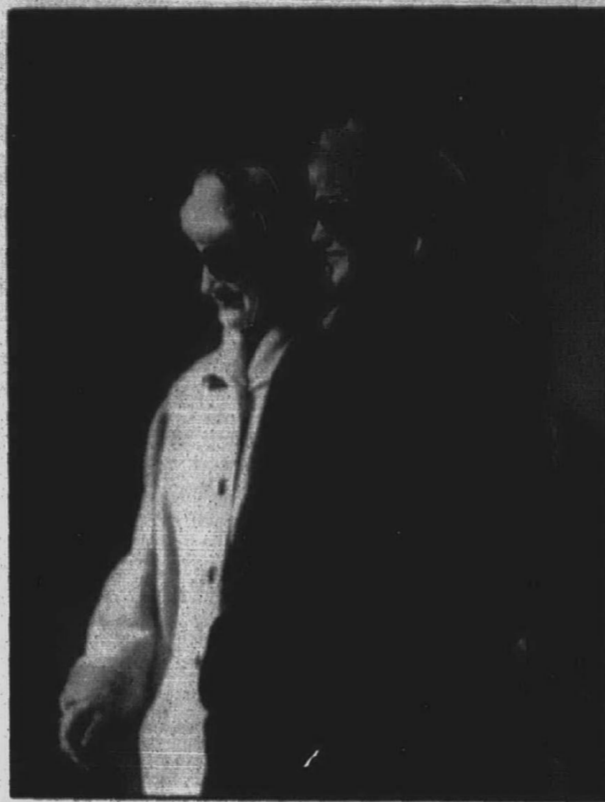

Patrons (contributors of at least \$5,000) include Carol and Chuck Cassie of First Michigan Title, Ford Motor Co., Hedwig Zak, Michigan CAT, Detroit Newspapers.

Donors (contributions of at least \$2,500) include Chi Systems Inc., the firm of Watson Wyatt, Greenfield Health Systems, the law firm of Garan, Lucow, Miller, Seward and Becker, Fairlane Pharmacy Services, Community Emergency Medical Services, Commercial Underwriters Risk Management, Dr. Gena Jurek and Dr. Zdzislaw Jurek, Dr. Nathan Krinsky, and Comerica Bank.

Friends (contributions up to \$2,499) include Albert Kahn and Associates, Barton Malow Co., Bayer Corp., Martin Daitch, M.D., General Motors Corp., Harrison Construction Company, Marquette Electronics, Mr. and Mrs. Edward Marzec, Dr. Rodolfo Mercader, Dr. Patricia Mercader, Michigan Mechanical Contracting, Montgomery Kone Inc., Soil and Materials Engineers Inc.

"An extremely active Project SMILE Community Committee as well as an ambitious SMILE Hospital Committee were instrumental in the success of this event," said Sherri Fletcher, the hospital's director of fund-raising.

Look at that: Fashions from Jacobson's were featured at the benefit event.

The goal of Project SMILE is to aid the hospital in building a center dedicated to the health care needs of women from infancy through their senior years. This is being accomplished by the construction of a Women's Center in the new west addition project.

This two-story will also feature a new maternity center with single-room maternity care. The Marian Women's Health Center is slated to open in spring 1997.

St. Mary's is at Five Mile and Levan roads in Livonia.

Bomb squad called to home

Two homes on General Drive were evacuated early Friday after police investigating a domestic dispute found explosive material at a house in the neighborhood.

Plymouth Township Police were called to a house on General Drive at 11:25 p.m. Thursday, by a 25-year-old woman who told police her husband, 26, was assaulting her.

The woman told police she wanted to leave the house but her husband wouldn't let her. She said her husband had pushed her, and a week before had beat her and ripped the phone from the wall so she wouldn't call police.

Upon interviewing the husband, police asked if any alcohol or drugs were involved, according to the report filed by township police. The man led police to three plastic bags containing marijuana. Police also noticed a gel explosive and gunpowder in the home, and

two loaded guns — a 12-gauge shotgun and .22 caliber rifle, the report continued.

The man was arrested on charges of spouse abuse and possession of marijuana, and police said the department of Alcohol, Tobacco and Firearms is investigating possible charges related to the explosive material.

A Michigan State Police bomb squad was called to the scene and police evacuated two homes to the south, police said. After removing the material, residents were allowed to return to their homes at 3 a.m., the report continued.

The suspect is free on \$300 bond, and faces arraignment on the charges Nov. 17 in Wayne County Circuit Court. Plymouth Township Police Sgt. Steve Rapson praised township Sgt. Robert Smith and Officer Cal Lauria for their work in evacuating and returning residents to their homes.

On his visits, Dr. Kirkemo has taught safer, less invasive procedures for prostate surgery. Meanwhile, Ukrainian medical staff and doctors are forced to reuse syringes, needles and gloves and sometimes must turn sick people away.

Dana Kirkemo, who works at St. Joseph Mercy Hospital in Pontiac, has made presentations at the hospital, explaining that medical supplies here are often wasted. By getting co-workers to save supplies from the operating room that are unused and contacting medical supply representatives and ambulance companies, she's been able to collect thousands of dollars worth of supplies to be sent to the L'viv hospital.

"We're always looking for donations or old equipment," Kirkemo said. To donate supplies or for more information, call Alan Case of the Detroit office of World

from three elections next year. Money budgeted for the park is down from \$470,327 this year to

\$276,247 in 1996. More was spent this year for improvements to the sled hill and parking lots.

While the township administration is using some of its budget surplus to pay expenses, Harvey

said the surplus remains at a healthy 15.5 percent of the total general fund budget.

Stories from page 1A

Folklore has it that sometime in the late 19th or early 20th century — before electricity became a convenience — a young couple with a new baby lived in a house at Proctor and Denton roads. The young husband, who worked in Ypsilanti, arrived home early from work and caught his unfaithful wife in the arms of another man.

The angry husband grabbed an ax and killed the wife's beau. Frightened, the wife with the baby in her arms, ran out of the house down Denton Road where she hid under the bridge. Her angry husband followed and murdered her. No one knows what happened to the baby.

It is believed by some that the lights that have drawn young and old to Denton Road is the spirit of the murdered woman. It is said that it is this same woman whose spirit still dresses in blue or green walks in the area.

"There are so many versions of this story," said Melissa McLaughlin, Canton trustee and historic district commissioner. She adds that some people claim to have heard the Blue Lady wailing on Denton Road. "These stories have circulated for years."

Pat Tanki, who works at the Canton Senior Center, recalls visiting the bridge as a teenager with her friends. "I actually did see a light. Someone ran out of the bushes. I think it was someone fooling around. When you are out in the country, light reflects."

But Canton Clerk Terry Bennett, who grew up in Ann Arbor and now lives on Denton Road, remembers hearing all sorts of stories about the area. When she was about 13-14 years old, stories

were circulating about UFOs and a hovering body of gas in the area. "The Ann Arbor News picked up on that," she said.

More practical reasons for the lights near the bridge, Bennett said, involve fraternity boys from Eastern Michigan University Pledges were given lanterns and set out in rural Canton with the charge of finding their way back to their respective fraternities in the middle of the night. "So there were lanterns seen in the night," Bennett said.

Of course, there are plenty of mothers in Canton who also know that their sons would go out to the area at night and stir up the fear in passersby by waving lights, screaming and wailing.

So consistent were the stories about the lights and the murder of the Blue Lady that many years ago the now-defunct Ypsilanti Press did a big splash on the ghost stories, even sending out a psychic to test the area.

"The psychic said there was a presence at the bridge," Bennett said.

Huston house

McLaughlin will freely talk about the strange things that have happened in her restored historic home, formerly known as the Huston house in the Cherry Hill Historic District. When they moved to the historic site, the McLaughlins tore down the accompanying barn because the main large beam had cracked.

On a number of occasions, while the McLaughlins were downstairs, they would hear noises much like a book dropping in an upstairs guest bedroom. At night McLaughlin would

hear a door close and find nothing.

The real scare came when her husband was in the guest bedroom looking out the window one night and someone pushed him to the floor. He, of course, assumed it was his wife, who was sleeping in their bedroom. On another night, he was certain someone was sitting on the bed — he could feel a weight.

"My husband is Catholic and I'm always teasing him," McLaughlin said, adding she got his crucifix out and put it in the guest bedroom. That ended all the strange happenings.

Not too long later, McLaughlin met a Canton native who told this story about her haunted house: The Huston family had a son who was kicked in the head by a mule. As the tale goes, the boy was never again the same and as a young man he hung himself in the barn that the McLaughlins had torn down.

McLaughlin was told that the son's bedroom was the guest bedroom where her husband had been pushed to the floor. The crucifix, the Canton native said, helped the boy cross to the other side.

Kenyon House

Yet another story is about the Kenyon House where Roxanna Kenyon, the daughter of a Canton pioneer, lived a tragic life with her husband. Of their eight sons, only three survived to adulthood.

According to local lore, Roxanna gave two of her toddler sons horse medicine one night, accidentally poisoning them.

The current owners have experienced their own share of strange

happenings, particularly with family members and neighbors seeing the image of a young boy in the windows. When a niece babysat one evening she and friends brought over a Ouija board and scared themselves with a story of a ghost in the house.

Years later, the owners saw a man standing outside their house. He turned out to be a descendant of the Kenyon family. He confirmed the story played out on the niece's Ouija board. It is of course, believed that the ghosts of the poisoned boys still walk the house where they once played.

"This story is in the Cornerstones (history of Canton) book," McLaughlin said. "Roxanna Kenyon went to the cemetery every single day to sit with her babies. She never smiled again. That's how the (Kenyon) cemetery got its name."

Plenty of other stories are out there in Canton, including homes where early settlers were buried and strange things continue to happen. Another home in which a child of years ago was said to have died and the current owners can hear marbles on wooden floors, footsteps and balls falling down the stairs or a cold draft that suddenly passes.

Yet another story involves auto magnate Preston Tucker who would visit a car repair shop on Michigan Avenue while he climbed to auto fame. Today that shop is a used car dealership where employees and others will tell you they know Tucker is there when tools suddenly move and cold drafts are felt.

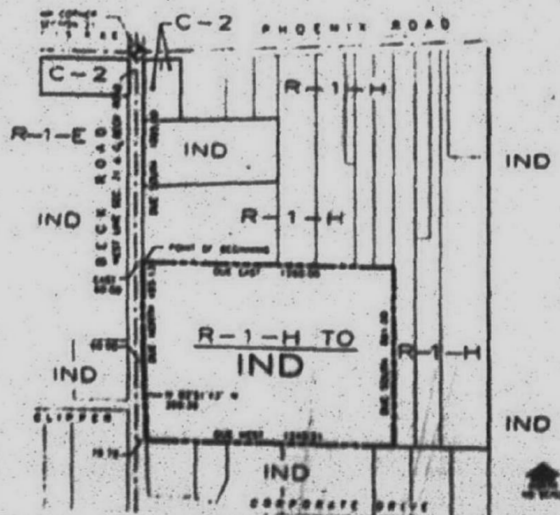

Are stories like these true, or hearsay designed to scare? Or could the past really be meeting up with the present? You decide.

SMART board offers Kaufman general manager job

BY BETH SUNDRLA JACHMAN
STAFF WRITER

Despite some concerns about his commitment to regional transit, the SMART board voted Thursday to offer the job of general manager to Wayne County Circuit Judge Richard Kaufman.

SMART (Suburban Mobility Authority for Regional Transportation) Board members voted 5-1 to offer the position which pays \$96,000 to Kaufman, a Plymouth Township resident.

The motion to offer the job to Kaufman resulted in a round of discussion after Macomb board member William Sowerby first asked for a five minute recess before the vote on the motion presented by board member Cassandra Smith-Gray. When he returned to the board room he insisted the motion be changed so that board members could name who they wanted as general manager rather than voting yes or no to Kaufman.

Sowerby then named SMART

employee Paul Majka as his choice, but was in the minority as the rest of the board members named Kaufman as their choice to lead SMART, which is making a financial turnaround and expanding service in communities that in the spring voted in favor of a tax hike to support the service.

Kaufman will have to resign his judgeship and any future outside employment by him will be subject to board approval, under the offer approved by the board. He's expected to start the job in January.

"Outside employment is an issue with me," said James DeSana, mayor of Wyandotte and a board member. He said a majority of the Wayne Transit Authority board, which he's a member of, had voted for Kaufman and he was obligated to vote for him.

"I hope Judge Kaufman is making a total commitment," he said, adding he hoped Kaufman was not coming to try it out, and

then go back to his old line of employment.

Kaufman was elected to the bench in 1990. He graduated in 1976 from Wayne State University Law School.

He had been elected by his peers three times as chief judge of the circuit court. He was the youngest jurist ever to serve as chief circuit court judge. He was the first executive chief judge of both the circuit and Recorder's Court. He helped draft the Civil Justice Reform Act and his court was cited as an example of efficiency.

He's credited with consolidating the circuit court into one facility, the City-County Building.

Kaufman was among 10 finalists considered in June 1993 for three federal judgeships in the Eastern Michigan District of Michigan.

Sowerby questioned hiring a new general manager at the salary ceiling of \$96,000.

In light of his position as a judge, Kaufman would expect the salary ceiling, interim general manager Michael Duggan said.

After the vote Sowerby made a statement in which he expressed concern about how will Kaufman will work out in the position. He

said he's also not certain how Macomb County commissioners will react to the decision.

"I hope this does work. It's vital that this thing does work," Sowerby said, adding that he's not happy with the decision because he felt the general manager should have a transit background.

After the meeting, board chairman Matthew Wirgau, the Oakland County representative, said transit experience was not an issue for most of the board. Public transportation has not met the needs of communities across the country, he said.

"We want to look at new ways to provide service," he said. "To bring in someone who has failed in another part of the country didn't make sense, 'we're unique here,'" Wirgau said, adding he hopes SMART can continue the momentum it's had since voters approved a tax hike.

"Besides Duggan has been a great success, and he doesn't have a transit background," Wirgau said.

Duggan, who has served as interim general manager for four years in addition to his job as deputy chief executive officer for Wayne County, said he's relieved to give up his work with SMART.

Judge Richard Kaufman will have to resign his judgeship and any future outside employment by him will be subject to board approval, under the offer approved by the board. He's expected to start the job in January.

DON'T PASS ON THE MOUTHGUARD
Youngsters who play basketball have as much reason to protect their teeth as they do to defend against their opponents. According to a recent study by the Illinois Department of Public Health in Springfield, blows to the mouth, teeth, and jaws comprise 33% of the injuries sustained by the basketball players studied who played without mouthguards. By comparison, fewer than 1% of their football-playing counterparts suffered these types of injuries because they wore mouthguards and faceguards. On the basis of these numbers, young sports players are encouraged to wear mouthguards when participating in high-contact sports such as basketball, soccer, wrestling, or field hockey. Those who find commercial mouthguards to be uncomfortable should ask their dentists about fabricating custom-fitted mouthguards. Winning and losing at team sports should not involve tooth loss.

Action group says Bennett bill protects polluters

Capitol capsules:
As soon as Sen. Loren Bennett, R-Canton, introduced his "strong environmental bill — good for business," Clean Water Action denounced it as a "Polluter Protection Act."

Bennett, chair of the Senate Natural Resources Committee, introduced Senate Bill 728 to "encourage Michigan industry and businesses to conduct their own environmental audits and cleanups, by providing them with privilege over the information they collect." It also provides "carefully structured immunity" for companies voluntarily doing their own cleanups.

Arguing the state "never had and never will have the ability to police these practices everywhere at once," Bennett said government should seek cooperation of business.

Clean Water Action, a Lansing-based group, issued a same-day response. Patrick Diehl, its program coordinator, said Bennett's bill would allow businesses to create secret files protected from disclosure even if the state or private parties sue for the information.

"It is a clone of pollution secrecy legislation promoted by big business nationwide," said Diehl. "We support a compromise which would protect businesses who voluntarily audit their practices from enforcement if they fully close the information and correct the problem."

Pesky write-ins

When voting, have you ever written in a fictitious name as a protest against all the candidates? Or your own name as a way

to get into the record books?

The state House of Representatives has passed a bill to prohibit the counting of write-in votes unless the candidate had previously filed a notarized declaration of intent. House Bill 4449 now goes to the Senate.

"After a long, exhausting day at the polls, the last thing workers want to do is tabulate votes for Mickey Mouse or some other fictional character," said the sponsor, Rep. Beverly Hammerstrom, R-Temperance. Would-be write-in candidates would have to file declarations of intent before 4 p.m. on the Friday preceding the election.

'Prince of potholes'

Gov. John Engler is taking a lot

of heat for "redirecting" \$192 million in federal transportation money from local to state projects.

"Not only is this highway robbery," said Jim Little, director of the County Road Association of Michigan, "but local officials won't be able to assess the damage to their road operations" until the Michigan Department of Transportation issues allocation figures. "This is a classic case of robbing Peter to pay Paul. In this instance, Peter was just about broke to begin with."

Three House Democratic leaders dubbed Engler "the prince of potholes." Reps. Curtis Hertel, Carolyn Kilpatrick and Greg Pitoniak of Taylor objected that Engler had never consulted — or even notified — the Legislature and his own State Transportation Commission.

FOC bills move

Sen. Robert Geake, R-Northville, said 25 of 40 bills dealing with Friend of the Court operations are ready for full Senate action.

Geake, chair of the Senate Judiciary Subcommittee on Friend of the Court, said less controversial bills will be moved first. These include measures to facilitate interstate collection of child support from deadbeat parents, extend the statute of limitations for collection, and force parents to pay court costs when they refuse to comply with court orders.

Two bills make it a felony to falsely to accuse a parent of child abuse, a common problem in bitter custody disputes, Geake said. His panel has been working on the project for two years.

No party time

Some 250 student leaders and advisors from three dozen college campuses will descend on Lansing Nov. 10-11 for the third annual Peer Power College Student Leadership Conference. Topics: binge drinking and alcohol misuse on campuses.

Students from Eastern Michigan University, Madonna University, Oakland University, Schoolcraft College, Washtenaw Community College and the University of Michigan are among those who will attend.

Sponsor is the state Liquor Control Commission, chaired by former Sen. Phil Arthurhultz. School teams will turn ideas into action programs, he said. The conference at the Lansing Holiday Inn will conclude with a mock trial of a date-rape case by Cooley Law School students.

Workers sought to help seniors

If you are interested in helping senior citizens with routine snow removal, household chores or minor home repairs, a program in western Wayne County would like to hear from you.

The Chore Referral Program links seniors with workers who can rake leaves, shovel snow, wash windows, repair faucets, install weatherstripping, do minor roof repairs and other similar tasks.

The Senior Alliance, a non-profit agency serving seniors in western Wayne County, acts as a liaison between seniors and work-

ers. Workers, who are asked to charge the seniors no more than \$6 an hour, must provide three references, including two work references.

Workers who meet the requirements will be placed on the Senior Alliance referral list. Once a senior chooses and hires a worker, it is the responsibility of the senior to set up a work schedule and pay the worker.

If you or someone you know would like to join the Senior Alliance Chore Referral Program and help a senior citizen, call (313) 722-2830 for more details.

Honors given to firm

Rick Bowling, president of AmeriSpec Home Inspection Service of Plymouth has been recognized as the "North American Franchisee of the Year" at the AmeriSpec National Convention recently held in San Antonio, Texas.

"This is a great honor to have been chosen as Franchisee of the Year," he said. "Out of all the qualified people, it feels good to be distinguished from the crowd and rewarded for an achievement such as this."

In addition to the honor, Bowling was also presented with

BUSINESS

awards for "Top Marketshare Producer in the Midwestern Region." Bowling was also "Rookie of the Year" in his first year of business.

Bowling has been a part of the AmeriSpec system for almost five years. AmeriSpec is an International Home Inspection Service that investigates the condition of a home before a real estate transaction is completed.

Children's center doubles as lab for SC students

Schoolcraft College continues to expand with the opening last week of a new children's center.

The center, located off the south parking lot at the Livonia campus on Haggerty between Six and Seven Mile roads, will house day care and kindergarten pro-

grams that had previously been housed in houses along Haggerty Road, as well as in the Liberal Arts building at the Livonia campus and at the Radcliff Center in Garden City.

"The vision, diligence and determination of many at School-

craft" resulted in the center, according to Pat Watson, Schoolcraft board chairman. Not only does the center provide child care, but it also serves the purpose of providing practical experience for students of child development, she said.

At a large gathering Oct. 24 to open the center, Richard McDowell, Schoolcraft president, said the center's opening date was picked because it was the college's 34th birthday. The celebration included refreshments prepared by Schoolcraft College's Culinary Arts students and performances by the children from the center.

The 9,000-square-foot facility cost \$575,000 for the building and equipment, according to Sandra Florek, dean of marketing and development at Schoolcraft. A lot of equipment was moved from the other buildings, she said.

Work began the first week of April on the center, which has capacity for 84 students, but enrollment will be limited to 70 because of the way the program is set up, Florek said. In fact there's already a waiting list.

Each room at the center has a different theme and kids are separated by age group, including six in the infant room (ages 6 weeks to a year), six in the transitional toddler room (ages 1-2 years), nine in the toddler room (ages 2-3), 34 in the preschool program

Special stop: Jacob Thompson, 3, pauses for a moment to show his dad, Larry, the aquarium in his classroom.

and 15 in the kindergarten program. The age groupings are approximate as maturity level also is a factor, Florek said.

The cost is \$145 a week or \$32 a day for infants, \$135 a week or \$30 a day for toddlers, \$105 a week or \$23 a day for preschoolers and \$117 a week for kindergartners

This is the first year for the kindergarten program and no part-time kindergartners are being accepted.

Other features of the center include: one-way viewing windows for training students without disrupting children's activities; sensor faucets in the diaper changing

areas and in the children's bathrooms, which are miniaturized for children; see-through and "non-pinching" doors to protect children; playground access from each classroom; an indoor playground for bad weather; a tornado shelter and staffing ratios of 1 adult to 3 infants and toddlers and 1 adult to 7 preschoolers.

Commission plans town hall session

The Wayne County Commission has scheduled its first Town Hall meeting for 6-8 p.m. Wednesday, Nov. 8, in Allen Park City Hall, 16850 Southfield Road.

The meeting will be preceded by a welcoming reception from 5-6 p.m. The Town Hall meeting is open to the public.

The downriver meeting is the first of three Town Hall meetings the commission will hold throughout the county. The other Town Hall meetings will be scheduled in the western Wayne area and the city of Detroit.

The commission established these Town Hall meetings to give county residents a new avenue to discuss issues and voice their opinions directly to their commissioners.

The Arbortech Plus Computer in each Arbor store not only gives your Arbor pharmacist your complete medication history at the touch of a finger, but also checks for potentially harmful drug interactions and therapeutic duplication. The Arbortech Plus Computer has Dose Chek, which helps make sure you don't take too much—or too little—medication, by quickly checking to see if the prescribed daily dosage of your medication is within the manufacturer's recommended range.

Now, Arbor has Dose Chek Plus. A free personalized computer print-out that gives you a complete medication profile; how to use it, cautions and possible side effects.

Arbor's goal is to serve the needs of all people, not just the majority, by honoring most of the health care plans available today. And we're constantly adding new insurance plans as well. So no matter what health plan you have, chances are Arbor has you covered.

Save on health and beauty aids and cosmetics.

You don't have to wait for special sales to stock up on your favorite health and beauty aids, including designer fragrances and cosmetics. From cold remedies to cosmetics, from soap to shampoo, you'll find them all for less at Arbor.

You'll save even more money on over 1,000 Arbor brand products. From health and beauty aids to everyday household items, Arbor brand products are tested to ensure the finest quality. Arbor products use the same ingredients as their national brand equivalents and are identical in most every way, except the price! CHEF LARRY JANES

Fall brings requests for heartier recipes

Fall is upon us. Gone are the days of chilled soups, cold salads, grilled chicken and pickle recipes. They are being replaced with heartier recipe requests. Your wish is my command.

■ Brian Gartepey, a fifth grader at Gill Elementary School in Farmington Hills called because he needed to interview a chef for a writing assignment. After our interview, Brian asked for my favorite lasagna recipe.

Well Brian, with four boys at home younger than you, I think your mother will appreciate this recipe even more than you and I combined!

SPEEDY LASAGNA

- 2 medium onions, peeled
- 1/4 cup olive oil
- 1/4 teaspoon dried red pepper flakes
- 2 teaspoons dried Italian seasoning
- 1 (28 ounce) can crushed or diced tomatoes
- 1 pound egg noodles such as pappardelle or fettuccine
- 10 ounces ricotta cheese, drained
- 3 tablespoons fresh parsley, chopped

Slice onions into very thin slices. In a skillet large enough to hold the pasta, combine the onions, oil, red pepper, a pinch of salt and the dried Italian seasoning, stirring to coat with the oil.

Cook, uncovered, over very low heat, stirring from time to time, until the onions are tender and glazed, about 10 minutes. Add the canned tomatoes, simmer uncovered, until sauce begins to thicken.

Meanwhile, cook dried pasta in a pot of boiling water following package directions. Drain thoroughly. Add the drained pasta to the sauce. Add the ricotta, in small spoonfuls, toss again and cover. Allow to rest off the heat for 5 minutes. Serve garnished with parsley. Serves 4-6.

Chef's secret: I would brown some ground beef or turkey with some garlic and stir into the sauce for a meatier version, then it would easily serve 6!

■ Shirley Clark of Plymouth wanted a fall recipe that could carry itself right into Thanksgiving. The thought had never crossed my mind to combine apples with cranberries, but the result was absolutely delicious.

CRANBERRY APPLE PIE

- One pastry for a two crust pie
- 4 cups sliced and peeled tart apples (i.e. Granny Smith)
- 2 cups fresh or frozen cranberries
- 1 cup sugar
- 2 tablespoons cornstarch
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1 teaspoon fresh grated lemon zest
- 2 tablespoons butter or margarine

Preheat oven to 425 degrees F. In a large bowl, combine apples and cranberries. In a small bowl, combine remaining ingredients except butter. Sprinkle the sugar mixture over the apple mixture and toss to coat. Spoon into a pastry lined pie pan. Dot with butter or margarine and top with remaining pastry. Seal top crust and cut slits in top. Bake at 425 degrees F. for 35-45 minutes or until pie is golden. Serves 8.

■ Pam Human of West Bloomfield called with a passionate plea for a recipe to help quell the homesickness of an exchange student staying with her family. The student loves chocolate chip peanut butter cookies, and after I faxed her a standard recipe, I found this one. It's so easy, even a kid could make them! I can't imagine anything better with a glass of cold milk.

EASY CHOCOLATE PEANUT BUTTER COOKIES

- 1 package chocolate cake mix (preferably without the pudding)
- 3/4 cup crunchy peanut butter
- 2 eggs
- 2 tablespoons milk
- 1 cup peanut butter chips
- 1/2 cup chopped nuts, optional

Preheat the oven to 350 degrees F. Grease baking sheets or line them with parchment paper. Combine cake mix, peanut butter, eggs and milk in a large bowl. Mix at low speed with a mixer until blended. Do not overmix. Stir in peanut butter pieces and nuts. Drop by spoonfuls onto prepared baking sheet. Bake at 350 degrees F. for 7-9 minutes. Makes 3 1/2 dozen cookies.

LOOKING AHEAD

What to watch for in Taste next week:

- Shopping and cooking for one.
- Hot wok and hot chicken.

BREAD machines

BY ANNIE LEHMANN
SPECIAL WRITER

With the chill of autumn comes a yearning for hearty soups and stews and what better accompaniment than a freshly baked loaf of bread.

Bread machines have found a place in the American kitchen, and nowadays it is not uncommon for a family to waken to the smell of freshly baking bread. Even those who hate to cook, can in a matter of a few minutes, put together a dough that will produce a wholesome, tasty and fragrant loaf.

Barbara Norman knows this well having recently written, "What Can I Do With My Bread Machine?" This short informational volume covers a lot of territory with advice on how to buy and best maintain a bread machine; how to create original breads; suggestions about using perishable ingredients such as eggs and milk; alternate uses for breadmakers as well as recipe basics.

This 49-year-old West Bloomfield resident has worked as a lawyer, teacher and guidance counselor. She is an avid antiques collector as well as art glass expert and lecturer. In her spare time she experiments with kitchen gadgets and foods and enjoys creating recipes that

are delicious as well as easy to prepare.

Her first book, "What Can I Do With My Juicer?" was written after combing stores to find a book on juicing that wasn't written purely from a nutritional perspective. "There was so much I thought you could do with a juicer and ways of using the pulp in interesting ways. For me it was more than just a way to get vitamins. It was a way of making new and interesting foods, and making old favorites taste even better," she said. After the success of her first book Dell, her publisher, asked if she was interested in producing a volume on bread machines. She accepted the project, went out and bought four breadmakers, rolled up her sleeves and got to work.

"I'm an intense worker," she said. "For three months my machines were going around the clock." Her co-workers at Mott High School in Waterford where she works as a guidance counselor, sampled her creations and gave her honest and valuable feedback.

"They were my recipe testers," she said. Norman did several practice runs with each of her

recipes and adapted many of them to suit diets. Unlike many cookbook authors who prefer to create recipes from scratch, Norman encourages her readers to use prepackaged mixes that, with a little ingenuity, can be creative as well as tasty. A couple of additions "personalizes" a prepackaged mix according to Norman, "The goal," Norman says, "is to make good bread without it having to be an ordeal."

Her personal favorites are Lemon Poppy Seed Bread, Spinach Feta Cheese Bread as well as foccacia and bagels.

Would she ever consider marketing the breads she has developed and written about? "Never," she says. "I enjoyed writing the book and love bringing breads to family and friends, but it ends there."

The ever ambitious Norman is considering writing a play or TV series. At the same time she is thinking about writing another appliance based cookbook. "It will be my trilogy," she said.

Look for Norman's book at Borders and other local bookstores.

Have a happy, healthy Halloween

BY KELLI BRADY
SPECIAL WRITER

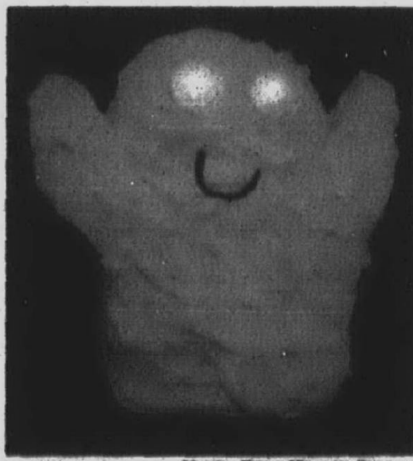

Trick or treating at Halloween can be downright scary. But with some advance planning, the Halloween season can be a little less spooky for parents, according to Dr. Jose Cara, a pediatric endocrinologist at Henry Ford Health System.

Getting control of Halloween treats is a good place to start. If you allow your children to go trick or treating, look over the candy for safety and dietary concerns before allowing them to eat it.

"High-sugar candies like candy bars and candy corn can be substituted by parents with low-sugar treats like raisins, fruit roll-ups, dried fruits, pretzels and low-fat granola bars," said Dr. Cara. Halloween treats can be worked into the child's meal plan or saved and given out for special occasions.

Michigan children need to develop better eating habits. Statistics show that Michigan has more overweight children with higher cholesterol levels than the national average. Both problems are the result of diets too high in fat and calories and too little exercise.

Sweets are high in fat and/or sugar and therefore calories. For example, one ounce of plain milk chocolate contains 150 calories, 2 teaspoons of fat and 3 teaspoons of

HENRY FORD HEALTH SYSTEM

Ghostly dessert: Halloween Ghost Cake, made with Light Devil's Food Cake Mix, and Lite Whipped topping, is a Heart Smart treat.

sugar. Sugar-type candies such as gum drops do not contain fat. However, one ounce does contain nearly 5 teaspoons of sugar.

"Getting control of Halloween treats is a good place to start," said Faye Fitzgerald, a dietitian with the Henry Ford Heart and Vascular Institute.

For parents of a child with diabetes, trick or treating is very scary. In general, it is better for diabetic children to have treats included as

part of one of the main meals rather than as free-standing snack, said Dr. Cara.

Both Cara and Fitzgerald suggest that parents start a "spooktacular" tradition for Halloween that reinforces good eating habits by handing out nutritious snacks such as packaged nuts, raisins, pretzels, dried fruit, popcorn or sugarless gum. You can even hand out non-food items such as fun colored pencils, stickers or erasers. Getting neighborhood friends to join in this new tradition also may help children cut down on excess sweets.

"It's a good idea for parents to follow similar Halloween guidelines for non-diabetic siblings and other family members," said Dr. Cara. "This can reduce potential conflicts between siblings or relatives."

Fun treats that meet diabetic guidelines include cupcakes made with low-fat cake mix and sugar-free frosting, low-fat, sugar-free frozen yogurt, angel food cake and popcorn balls. Individual pizzas or a healthy submarine sandwich make a great meal that kids of all ages will enjoy. Fresh cut-up veggies, and fruit juice round out the meal and will please parents and kids.

Safety tips

- Always accompany small children. Stop only at well-lit houses in your own neighborhood or go only to homes of people you know.
- Advise older children to travel in groups, never alone. Set a time for returning home and tell them never to accept an invitation to enter a home or apartment.
- Always buy flame-resistant costumes and make sure they're short enough so the kids don't trip on them.
- Apply reflector tape to costumes and treat bags.
- Affix your name, address and phone number to the inside of small children's costumes in case they get lost or separated.
- Avoid buying masks as they can impede a child's vision and breathing. Use makeup instead.
- Falls are the number one cause of Halloween injuries. Give kids flashlights so they can see and be seen.
- Make sure kids stay on the sidewalk and don't cut across yards. Stress the importance of looking both ways before they dart across the street.
- Warn kids to only accept wrapped or packaged treats and not to eat any treats until they get home and an adult inspects them.

Readers requesting more recipes from Chef Larry

See Chef Larry Jones' column in Taste front. How many of us professional chefs and lovers of leaner cuisine have had it with cheap non-

stick cookware that lasted about as long as the omelet it was cooked in? Short of dropping a wad on a set of professional non-stick cookware that has to be pampered and specially cleaned, nothing good at an affordable price was out there. Until now.

You won't believe your eyes (or your checkbook) when cooking with the latest from Berndes Cookware dubbed "GRANIT." This cookware has an extra heavy gauge aluminum base for optimal heat retention and distribution. Couple that with three layers of non-stick surface and stay cool handles and you have a winner. Want more? It comes with optional glass dome lids and sells for under \$30. Look for it at The Kitchen Witch in Northville, all Kitchen Glamor stores and Williams-Sonoma.

Dorie Davenport of Birmingham called to compliment me on the catfish story that ran a few weeks back. Dorie claims she never would have tried catfish thinking, like me, that it was a bottom feeder and real "fishy tasting." Now she's a catfish convert, and would like to prepare blackened catfish. Well Dorie, where there's smoke, there's flavor. This dish, compliments of the Catfish Institute, gives plenty of both.

BLACKENED CATFISH

- 2 tablespoons sweet Hungarian paprika
- 2 1/2 teaspoons salt
- 2 teaspoons lemon pepper seasoning
- 1 1/2 teaspoons garlic powder
- 1/2 teaspoon cayenne pepper
- 1 1/2 teaspoons dried basil, crushed
- 1 teaspoon onion powder
- 1 teaspoon dried thyme
- Farm raised catfish filets
- 1 cup unsalted butter or margarine, melted
- Lemon wedges

Heat a large cast iron skillet or heavy aluminum skillet over very high heat for 10 minutes. In a small bowl, combine spices and seasonings. Mix well. Dip catfish filets into melted butter and roll in seasoning mixture. Place on waxed paper. Place three filets at a time in the hot skillet. Cook, uncovered for 2 minutes. Drizzle each fillet with 1 teaspoon melted butter. Flip and continue cooking for 2 minutes.

Remove from pan and continue with remaining fish. Serve with lemon wedges. Serves 6.

Chef's secret: Don't try this at home in an unvented kitchen! You can get the same results outside over hot coals.

BASIC WHEAT COMBO BREAD

- One Pound Loaf**
- 1 1/4 cups wheat flour
 - 1 cup bread flour
 - 1 tablespoon dry milk
 - 1 teaspoon salt
 - 1 tablespoon sugar
 - 3/4 cup water
 - 1 tablespoon butter or margarine
 - 1 1/2 teaspoons dry yeast
- For One and One-Half Pound Loaf**
- 1 3/4 cups wheat flour
 - 1 1/2 cups bread flour
 - 1 1/2 tablespoons dry milk
 - 1 1/2 teaspoons salt
 - 1 1/2 tablespoons sugar
 - 1 1/4 cups water
 - 1 1/2 tablespoons butter or margarine
 - 2 teaspoons dry yeast

If you are using this recipe to make a prepackaged mix of your own, pack the dry ingredients listed — wheat flour, bread flour, dry milk, salt, and sugar, and do not add the remaining ingredients until ready to bake.

Place all the ingredients in the bread pan in the order recommended by your manufacturer. Program the machine for the wheat bread cycle and bake. When the bread has finished baking, remove the pan from the machine with pot holders or oven mitts. Turn the bread pan upside down and shake the loaf out of the pan. Place bread on a wire rack to cool.

Spinach combined with feta cheese not only makes great appetizers and spinach pies, but also spectacular bread. Spinach Feta Bread can be eaten plain.

SPINACH FETA BREAD

- One Pound Loaf**
- 1/2 cup crumbled feta cheese
 - 2 tablespoons olive oil
 - 3/4 teaspoon salt
 - 2 1/4 cups bread flour
 - 1/2 cup well drained defrosted spinach (fresh may be used)
 - 2 teaspoons sugar
 - 1/2 cup water
 - 1 egg
 - 1/2 teaspoons ground nutmeg
 - 1/4 teaspoon pepper
 - 1 1/2 teaspoons dry yeast
- For One and One-Half Pound Loaf**
- 1/2 cup crumbled feta cheese
 - 3 tablespoons olive oil
 - 1 teaspoon salt
 - 3 1/4 cups bread flour
 - 3/4 cup well drained defrosted spinach (fresh may be used)
 - 1 tablespoon sugar
 - 1/2 cup water
 - 1 egg
 - 3/4 teaspoon ground nutmeg
 - 1/2 teaspoon pepper
 - 2 teaspoons dry yeast

Add all the ingredients to the bread pan in the order recommended by the manufacturer. Program the machine for the white bread cycle. When the bread has finished baking, remove the pan from the machine with pot holders or oven mitts. Turn the bread pan upside down and shake the loaf out of the pan. Place bread on a wire rack to cool.

HALLOWEEN GHOST CAKE

Vegetable oil cooking spray
Super moist Light Devil's Food Cake Mix (18.25 ounce box)
1/4 teaspoon baking soda
1 1/2 cups water
3 egg whites
16 ounce Lite Whipped topping
1 black licorice twist

Heat oven to 350 degrees F. Spray 8-inch cake pans (one round and one square) with vegetable oil cooking spray.

Blend cake mix, baking soda, water and egg whites (saving shells) in large bowl on low speed 30 seconds. Beat on medium speed 2 minutes or 300 strokes by hand.

Fill cake pans 3/4 full. Bake 30-40 minutes. Cool in pans. Remove from pans and cool completely on wire rack.

Cut round layer in half and place one square layer cut side down. Cut arms out of remaining half of round layer and place at either side.

Frost entirely with lite whipped topping. Make mouth out of licorice and use empty egg shells for eyes. Place small warming candles in egg shells. To serve light candles. Yield 16 pieces.

Easy burgers hit spooky spots

AP — If you're hosting a Halloween party for young goblins, you'll want fun food. Halloween burgers are sure to be a hit and they're ready to serve in less than 30 minutes.

Broil or panbroil lean beef patties to medium doneness (no pink should remain). Cut cheese into Halloween shapes like pumpkins and ghosts with a cookie cutter; use these to top the burger. Sliced olives and bell pepper pieces accent the cheese cut-outs.

Fresh fruits and vegetables with a dip are an easy accompaniment. Serve the dip in hollowed-out miniature pumpkins.

HALLOWEEN BURGERS FOR KIDS

Total preparation and cooking time: 20 to 25 minutes
1 1/2 pounds lean ground beef
Salt and pepper (optional)

6 slices cheese, cut into desired shapes
Red or green bell peppers, cut into desired shapes
Pitted olives, cut into desired shapes
6 lettuce leaves
6 hamburger buns, split

Lightly shape ground beef into six 1/2-inch thick patties. Do not overhandle. Choose a cooking method.

To broil: place patties on a rack in broiler pan so surface of meat is 3 inches to 4 inches from heat. Broil 10 minutes or until centers are no

longer pink, turning once.

To panbroil: place patties in a preheated heavy skillet over medium to medium-low heat. Cook 7 to 8 minutes or until centers are no longer pink, turning once.

Season with salt and pepper, if desired, after turning. Top with cheese slices, bell peppers and olives to make faces the last few minutes of cooking. Serve burgers on lettuce-lined buns. Makes 6 servings.

(2) The court shall schedule a pretrial conference between the prosecuting attorney, the defendant, and the defendant's attorney in each case in which the defendant is charged with a misdemeanor violation of MCLA 257.625(1), (3), or (6) or MCLA 257.625m, or a local ordinance substantially corresponding to MCLA 257.625(1), (3), or (6) or MCLA 257.625m. The pretrial conference shall be held not more than 35 days after the person's arrest for the violation or, if an arrest warrant is issued or returned, not more than 35 days after the issued or returned arrest warrant is served, whichever is later. If the court has only 1 judge who sits in more than 1 location in that district, the pretrial conference shall be held not more than 42 days after the person's arrest for the violation or, if an arrest warrant is issued or returned, not more than 42 days after the date the issued or returned arrest warrant is served, whichever is later. The court shall not dismiss a case or impose any other sanctions for a failure to comply with the time limit. The 35- and 42-day time limits do not apply to a violation of MCLA 257.625(1) punishable under MCLA 257.625(7) (d) or a violation of MCLA 257.625(1), (3), or (6) or MCLA 257.625m joined with a felony charge. The court shall order the defendant to attend the pretrial conference and may accept a plea by the defendant at the conclusion of the pretrial conference. The court may adjourn the pretrial conference upon the motion of a party for good cause shown. Not more than 1 adjournment shall be granted to a party, and the length of an adjournment shall not exceed 14 days.

(3) Except for delay attributable to the unavailability of the defendant, a witness, or material evidence or due to an interlocutory appeal or exceptional circumstances, but not a delay caused by docket congestion, the court shall finally adjudicate, by a plea of guilty or nolo contendere, entry of a verdict, or other final disposition, a case in which the defendant is charged with a misdemeanor violation of MCLA 257.625(1), (3) or (6) or MCLA 257.625m or a local ordinance substantially corresponding to MCLA 257.625(1), (3), or (6) or MCLA 257.625m, within 77 days after the person is arrested for the violation or, if an arrest warrant is issued or returned, not more than 77 days after the date the issued or returned arrest warrant is served, whichever is later. The court shall not dismiss a case or impose any other sanctions for a failure to comply with the time limit. The 77-day time limit does not apply to a violation of MCLA 257.625(1) punishable under MCLA 257.625(7) (d) or a violation of MCLA 257.625(1), (3), or (6) or MCLA 257.625m joined with a felony charge.

(4) Before accepting a plea of guilty or nolo contendere under MCLA 257.625 or a local ordinance substantially corresponding to MCLA 257.625(1), (2), (3) or (6), the court shall advise the accused of the maximum possible term of imprisonment and the maximum possible fine that may be imposed for the violation, and shall advise the defendant that the maximum possible license sanctions that may be imposed will be based upon the master driving record maintained by the secretary of state pursuant to MCLA 257.204a.

(5) Before imposing sentence, other than court-ordered license sanctions, for a violation of MCLA 257.625(1), (3), (4), (5), or (6) or a local ordinance substantially corresponding to MCLA 257.625(1), (3), or (6), the court shall order the person to undergo screening and assessment by a person or agency designated by the office of substance abuse services, to determine whether the person is likely to benefit from rehabilitative services, including alcohol or drug education and alcohol or drug treatment programs. As part of the sentence, the court may order the person to participate in and successfully complete 1 or more appropriate rehabilitative programs. The person shall pay for the costs of screening, assessment, and rehabilitative services.

(6) Immediately upon acceptance by the court of a plea of guilty or nolo contendere or upon entry of a verdict of guilty for a violation of MCLA 257.625(1), (3), (4), (5), or (6) or a local ordinance substantially corresponding to MCLA 257.625(1), (3), or (6) whether or not the person is eligible to be sentenced as a multiple offender, the court shall consider all prior convictions currently entered upon the person's Michigan driving record, except convictions the court determines upon the defendants motion to be constitutionally invalid, and shall impose the following licensing sanctions:

(a) For a conviction under MCLA 257.625(4) or (5), the court shall order the secretary of state to revoke the person's operator's or chauffeur's license and shall not order the secretary of state to issue a restricted license to the person.

(b) For a conviction under MCLA 257.625(1) or a local ordinance substantially corresponding to MCLA 257.625(1):

(i) If the court finds that the person has no prior convictions within 7 years for violation of MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1), (3), (4), or (5), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, the court shall order the secretary of state to suspend the person's operator's or chauffeur's license for not less than 6 months or more than 2 years. If the court finds compelling circumstances under subsection (10) sufficient to warrant the issuance of a restricted license to a person, the court may order the secretary of state to issue to the person a restricted license during all or a specified portion of the period of suspension, except that a restricted license shall not be issued during the first 30 days of the suspension.

(ii) If the court finds that the person has 1 prior conviction within 7 years for a violation of MCLA 257.625(3) or former MCLA 257.625b, a local ordinance substantially corresponding to MCLA 257.625(3) or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(3) or former MCLA 257.625b, the court shall order the secretary of state to suspend the person's operator's or chauffeur's license for not less than 6 months or more than 2 years. If the court finds compelling circumstances under subsection (10) sufficient to warrant the issuance of a restricted license to a person, the court may order the secretary of state to issue to the person a restricted license during all or any portion of the suspension, except that a restricted license shall not be issued during the first 60 days of the suspension.

(iii) If the court finds that the person has 1 or more prior convictions within 7 years for a violation of MCLA 257.625(1), (4), or (5) or former MCLA 257.625(1), (4), or (5) or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (4), or (5), or former MCLA 257.625(1) or (2) or that the person has 2 or more prior convictions within 10 years for a violation of MCLA 257.625(1), (3), (4), or (5), or former MCLA 257.625(1) or (2), or former MCLA 257.625b, a local ordinance substantially corresponding to MCLA 257.625(1) or (3), former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, the court shall order the secretary of state to revoke the person's operator's or chauffeur's license and shall not order the secretary of state to issue a restricted license to the person.

(c) For a conviction under MCLA 257.625(3) or a local ordinance substantially corresponding to MCLA 257.625(3):

(i) If the court finds that the convicted person has no prior conviction within 7 years for a violation of MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, a local ordinance substantially corresponding to MCLA 257.625(1) or (3), former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, the court shall order the secretary of state to suspend the person's operator's or chauffeur's license for not less than 90 days or more than 1 year. However, if the person is convicted of a violation of MCLA 257.625(3) or a local ordinance substantially corresponding to MCLA 257.625(3) for operating a vehicle when, due to the consumption of a controlled substance or a combination of intoxicating liquor and a controlled substance, the person's ability to operate the vehicle was visibly impaired, the court shall order the secretary of state to suspend the operator's or chauffeur's license of the person for a period of not less than 6 months or more than 1 year. If the court finds compelling circumstances under subsection (10) sufficient to warrant the issuance of a restricted license to a person, the court may order the secretary of state to issue to the person a restricted license during all or a specified portion of the suspension.

(ii) If the court finds that the person has 1 prior conviction within 7 years for a violation of MCLA 257.625(1), (3), (4) or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, a local ordinance substantially corresponding to MCLA 257.625(1) or (3), former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4) or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, the court shall order the secretary of state to suspend the person's operator's or chauffeur's license for not less than 6 months or more than 2 years. If the court finds compelling circumstances under subsection (10) sufficient to warrant the issuance of a restricted license to a person, the court may order the secretary of state to issue to the person a restricted license during all or any portion of the suspension, except that a restricted license shall not be issued during the first 60 days of the suspension.

(iii) If the court finds that the person has 2 or more prior convictions within 10 years for a violation of MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), former MCLA 257.625b, a local ordinance substantially corresponding to MCLA 257.625(1) or (3), former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, the court shall order the secretary of state to revoke the person's operator's or chauffeur's license and shall not order the secretary of state to issue a restricted license to the person.

(d) For a conviction under MCLA 257.625(6) or a local ordinance substantially corresponding to MCLA 257.625(6):

(i) If the court finds that the convicted person has no prior conviction within 7 years for a violation of MCLA 257.625(1), (3), (4), (5) or (6), former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a local

ordinance substantially corresponding to MCLA 257.625(1), (3), or (6), former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4), (5), or (6), former MCLA 257.625(1) or (2), or former MCLA 257.625b, the court shall order the secretary of state to suspend the operator's or chauffeur's license of the person for a period of not less than 30 days or more than 90 days. The court may order the secretary of state to issue to the person a restricted license during all or a specified portion of the period of suspension.

(ii) If the court finds that the person has 1 or more prior convictions within 7 years for a violation of MCLA 257.625(1), (3), (4), (5), or (6), former MCLA 257.625(1) or (2), or former MCLA 257.625b, a local ordinance substantially corresponding to MCLA 257.625(1), (3), or (6), former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4), (5), or (6), former MCLA 257.625(1) or (2), or former MCLA 257.625b, the court shall order the secretary of state to suspend the operator's or chauffeur's license of the person for a period of not less than 90 days or more than 1 year. The court may order the secretary of state to issue to the person a restricted license during all or any portion of the suspension, except that a restricted license shall not be issued during the first 90 days of the suspension.

(7) A restricted license issued pursuant to an order under subsection (6) shall permit the person to whom it is issued to drive under 1 or more of the following circumstances:

- (a) To and from the person's residence and work location.
(b) In the course of the person's employment or occupation.
(c) To and from the person's residence and an alcohol or drug education or treatment program as ordered by the court.
(d) To and from the person's residence and an educational institution at which the person is enrolled as a student.
(f) To and from the person's residence or work location and a place of regularly occurring medical treatment for a serious condition for the person or a member of the person's household or immediate family.

(8) The court may order that the restricted license issued pursuant to subsection (6) include the requirement that the person shall not operate a motor vehicle unless the vehicle is equipped with a functioning ignition interlock device. The device shall be set to render the motor vehicle inoperable if the device detects a blood alcohol content of 0.02 grams or more, per 210 liters of breath of the person who offers a breath sample. The court may order installation of an ignition interlock device on any motor vehicle that the person owns or operates, the costs of which the person whose license is restricted shall bear.

(9) The court shall not order the secretary of state under subsection (6) to issue a restricted license that would permit a person to operate a commercial motor vehicle that hauls hazardous materials.

(10) The court shall not order the secretary of state to issue a restricted license unless the person states under oath, and the court finds pursuant to testimony taken in open court or pursuant to statements contained in a sworn affidavit on a form prescribed by the state court administrator, that both of the following are true:

- (a) The person needs vehicular transportation to and from his or her work location, place of alcohol or drug education treatment, court probation department, court-ordered community service program, or educational institution, or a place of regularly occurring medical treatment for a serious condition, or in the course of the person's employment or occupation.
(b) The person is unable to take public transportation and does not have any family members or other individuals able to provide transportation to a destination or for a purpose described in subdivision (a).

(11) The court order issued under subsection (6) and the restricted license shall indicate the permitted destinations of the person or the permitted purposes for which the person may operate a vehicle, the approved route or routes if specified by the court, and permitted times of travel.

(12) Immediately upon acceptance by the court of a plea of guilty or nolo contendere or upon entry of a verdict of guilty for a violation of MCLA 257.625(1), (3), (4), (5), or (6) or a local ordinance substantially corresponding to MCLA 257.625(1), (3), or (6), the person shall surrender to the court his or her operator's or chauffeur's license or permit. The court shall immediately destroy the license or permit and forward an abstract of conviction with court-ordered license sanctions to the secretary of state. Upon receipt of, and pursuant to, the abstract of conviction with court-ordered license sanctions, the secretary of state shall suspend or revoke the person's license and, if ordered by the court and the person is otherwise eligible for a license, issue to the person a restricted license stating the limited driving privileges indicated on the abstract. If the judgment and sentence is appealed to circuit court, the court may ex parte order the secretary of state to stay the suspension, revocation, or restricted license issued pursuant to this section pending the outcome of the appeal.

(13) In addition to any other suspension or revocation ordered under this section and as part of the sentence imposed upon a person who violates MCLA 257.625(1), (3), (4), (5), or (6) or a local ordinance substantially corresponding to MCLA 257.625(1) or (3) while operating a commercial motor vehicle, the court shall order the secretary of state to suspend the vehicle group designations on the person's operator's or chauffeur's license in accordance with MCLA 257.319b(1) (c). If the vehicle was transporting hazardous material required to have a placard pursuant to 49 C.F.R. parts 100 to 199, the court shall order the secretary of state to suspend the vehicle group designations on the person's operator's or chauffeur's license in accordance with MCLA 257.319b(1) (d). The court shall not order the secretary of state to issue a restricted license that would permit the person to operate a commercial motor vehicle.

(14) In addition to any other suspension or revocation ordered under this section and as part of the sentence imposed upon a person who is convicted of a violation of MCLA 257.625(1) (3) (4), or (5) or a local ordinance substantially corresponding to MCLA 257.625(1) or (3) while operating a commercial motor vehicle within 10 years of a prior conviction, the court shall order the secretary of state to revoke the vehicle group designations on the person's operator's or chauffeur's license in accordance with MCLA 257.319b(1) (e). The court shall not order the secretary of state to issue a restricted license that would permit the person to operate a commercial motor vehicle. As used in this subsection, "prior conviction" means a conviction under MCLA 257.625(1), (3), (4), or (5), or former MCLA 257.625(1) or (2), or former MCLA 257.625b, a local ordinance substantially corresponding to MCLA 257.625(1) or (3) former MCLA 257.625(1) or (2), or former MCLA 257.625b, or a law of another state substantially corresponding to MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b involving the operation of a commercial motor vehicle, or a conviction under MCLA 257.625a, a local ordinance substantially corresponding to MCLA 257.625m, or a law of another state substantially corresponding to MCLA 257.625m.

(15) As used in this section, "work location" means, as applicable, the specific place or places of employment or the territory or territories regularly visited by the person in pursuance of the person's occupation or both.

SECTION 5.15c IS AMENDED TO READ AS FOLLOWS:

Section 5.15c Implied Consent: Chemical Tests

(1) A person who operates a vehicle upon a public highway or other place open to the general public or generally accessible to motor vehicles, including an area designated for the parking of vehicles, within this township is considered to have given consent to chemical tests of his or her blood, breath, or urine for the purpose of determining the amount of alcohol or presence of a controlled substance or both in his or her blood or urine or the amount of alcohol in his or her breath, in all of the following circumstances:

- (a) If the person is arrested for a violation of MCLA 257.625(1), (3), (4), (5), or (6), MCLA 257.625a(5), or MCLA 257.625m, or a local ordinance substantially corresponding to MCLA 257.625(1), (3), or (6), MCLA 257.625a(5), or MCLA 257.625m.

(b) If the person is arrested for felonious driving, negligent homicide, manslaughter, or murder resulting from the operation of a motor vehicle, and the peace officer had reasonable grounds to believe that the person was operating the vehicle while impaired by or under the influence of intoxicating liquor or a controlled substance or a combination of intoxicating liquor and a controlled substance, or while having a blood alcohol content of 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or over 67 milliliters of urine, or if the person is less than 21 years of age while having any bodily alcohol content. As used in this subdivision, "any bodily alcohol content" means either of the following:

- (i) An alcohol content of not less than 0.02 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, or more than 0.07 grams of alcohol.
(ii) Any presence of alcohol within a person's body resulting from the consumption of intoxicating liquor, other than consumption of intoxicating liquor as part of a generally recognized religious service or ceremony.

(2) A person who is afflicted with hemophilia, diabetes, or a condition requiring the use of an anticoagulant under the direction of a physician is not considered to have given consent to the withdrawal of blood.

(3) The tests shall be administered as provided in MCLA 257.625a(6).

SECTION 5.15d IS AMENDED TO READ AS FOLLOWS:

Section 5.15d Chemical Tests, Refusal, Report to Secretary of State.

(1) If a person refuses the request of a peace officer to submit to a chemical test offered pursuant to MCLA 257.625a(6), a test shall not be given without a court order, but the officer may seek to obtain the court order.

(2) A written report shall immediately be forwarded to the secretary of state by the peace officer. The report shall state that the officer had reasonable grounds to believe that the person had committed a crime described in MCLA 257.625a(1), and that the person had refused to submit to the test upon the request of the peace officer and had been advised of the consequences of the refusal. The form of the report shall be prescribed and furnished by the secretary of state.

SECTION 5.15f IS AMENDED TO READ AS FOLLOWS: SECTION 5.15f Chemical Tests, Suspension, Hearing, Time Limits, Findings.

(1) If a person who refuses to submit to a chemical test pursuant to MCLA 257.625d does not request a hearing within 14 days after the date of notice pursuant to MCLA 257.625e, the secretary of state shall impose the following license sanctions:

- (a) If the person was operating a vehicle other than a commercial motor vehicle, suspend or deny the person's operator's or chauffeur's license or permit to drive, or nonresident operating privilege for 6 months or for a second or subsequent refusal within 7 years, for 1 year. If the person is a resident without a license or permit to operate a vehicle in the state, the secretary of state shall not issue the person a license or permit for 6 months or for a second or subsequent refusal within 7 years, for 1 year.
(b) If the person was operating a commercial motor vehicle, for the first refusal, suspend all vehicle group designations on the person's operator's or chauffeur's license or permit to drive, or nonresident operating privilege to operate a commercial motor vehicle or, if the person is a resident without a license or permit to operate a commercial motor vehicle in the township, not issue the person an operator's or chauffeur's license with vehicle group designations for 1 year.

(c) If the person was operating a commercial motor vehicle, for a second or subsequent refusal that occurred in a separate incident from and within 10 years of a prior refusal, revoke all vehicle group designations on the person's operator's or chauffeur's license or permit to drive, or nonresident operating privilege to operate a commercial motor vehicle or, if the person is a resident without a license or permit to operate a commercial motor vehicle in the township, not issue the person an operator's or chauffeur's license with vehicle group designations, for not less than 10 years and until the person is approved for the issuance of a vehicle group designation.

(d) If the person was operating a commercial motor vehicle and was arrested for an offense enumerated in section 625e other than a violation of MCLA 257.625a (5) or 625m, impose the license sanction described in subdivision (a) and the license sanction described in subdivision (b) or (c), as applicable.

(2) If a hearing is requested, the secretary of state shall hold the hearing in the same manner and under the same conditions as provided in MCLA 257.322. Not less than 5 days notice of the hearing shall be mailed to the person requesting the hearing, to the peace officer who filed the report under MCLA 257.625d, and if the prosecuting attorney requests receipt of the notice, to the prosecuting attorney of the county where the arrest was made. The hearing officer may administer oaths, issue subpoenas for the attendance of necessary witnesses, and grant a reasonable request for an adjournment. Not more than 1 adjournment shall be granted to a party and the length of an adjournment shall not exceed 14 days. A hearing under this subsection shall be scheduled to be held within 45 days after the date of arrest for the violation. The hearing officer shall not impose any sanction for a failure to comply with these time limits.

(3) Except for delay attributable to the unavailability of the defendant, a witness, or material evidence, or due to an interlocutory appeal or exceptional circumstances, but not a delay caused by docket congestion, a hearing shall be finally adjudicated within 77 days after the date of arrest. The hearing officer shall not impose any sanction for a failure to comply with this time limit.

(4) The hearing shall cover only the following issues:

- (a) Whether the peace officer had reasonable grounds to believe that the person had committed a crime described in MCLA 257.625a(1).
(b) Whether the person was placed under arrest for a crime described in MCLA 257.625a(1).

(c) If the person refused to submit to the test upon the request of the officer, whether the refusal was reasonable.

(d) Whether the person was advised of the rights under MCLA 257.625a(6).

(5) A person shall not order a hearing officer to make a particular finding on any issue enumerated in subsection 4(a) to (d).

(6) The hearing officer shall make a record of a hearing held pursuant to this section. The record shall be prepared and transcribed in accordance with section 86 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being section 24.286 of the Michigan Compiled Laws. Upon notification of the filing of a petition for judicial review pursuant to MCLA 257.323, and not less than 10 days before the matter is set for review, the hearing officer shall transmit to the court in which the petition was filed the original of a certified copy of the official record of the proceedings. Proceedings at which evidence was presented need not be transcribed and transmitted if the sole reason for review is to determine whether the court will order the issuance of a restricted license. The parties to the proceedings for judicial review may stipulate that the record be shortened. A party unreasonably refusing to stipulate to a shortened record may be taxed by the court in which the petition is filed for the additional costs. The court may permit subsequent corrections to the record.

(7) If the person who requested a hearing does not prevail, the secretary of state shall impose the following license sanctions after the hearing:

- (a) If the person was operating a vehicle other than a commercial motor vehicle, suspend or deny issuance of a license or driving permit or a nonresident operating privilege of the person for 6 months or for a second or subsequent refusal within 7 years, for 1 year. If the person is a resident without a license or permit to operate a vehicle in the state, the secretary of state shall not issue the person a license or permit for 6 months or, for a second or subsequent refusal within 7 years, for 1 year. The person may file a petition in the circuit court of the county in which the arrest was made to review the suspension or denial as provided in MCLA 257.323.
(b) If the person was operating a commercial motor vehicle, impose the sanction prescribed under subsection (1) (b) or (1) (c), as applicable. The person may file a petition in the circuit court of the county in which the arrest was made to review the suspension or denial as provided in MCLA 257.323.

(c) If the person was operating a commercial motor vehicle and was arrested for an offense enumerated in MCLA 257.625e, other than a violation of MCLA 257.625a(5) or MCLA 257.625m, impose the license sanctions described in subdivisions (a) and (b).

(8) If the person who requested the hearing prevails, the peace officer who filed the report under MCLA 257.625d may, with the consent of the prosecuting attorney, file a petition in the circuit court of the county in which the arrest was made to review the determination of the hearing officer as provided in MCLA 257.323.

(9) When it has been finally determined that a nonresident's privilege to operate a vehicle in the state has been suspended or denied, the department shall give notice in writing of the action taken to the motor vehicle administrator of the township of the person's residence and of each state in which he or she has a license to operate a motor vehicle.

SECTION 5.15g IS AMENDED TO READ AS FOLLOWS:

Section 5.15g Refusal of Chemical Test, Confiscation of License, Temporary License, Report to Secretary of State, Blood Test.

(1) If a person refuses a chemical test offered pursuant to MCLA 257.625a(6), or submits to the chemical test or a chemical test is performed pursuant to a court order and the test reveals an unlawful alcohol content, the peace officer who requested the person to submit to the test shall do all of the following:

- (a) On behalf of the secretary of state, immediately confiscate the person's license or permit to operate a motor vehicle and, if the person is otherwise eligible for a license or permit, issue a temporary license or permit to the person. The temporary license or permit shall be on a form provided by the secretary of state.
(b) Except as provided in subsection (2) immediately do all of the following:

- (i) Forward a copy of the written report of the person's refusal to submit to a chemical test required under MCLA 257.625d to the secretary of state.
(ii) Notify the secretary of state by means of the law enforcement information network that a temporary license or permit was issued to the person.
(iii) Destroy the person's driver's license or permit.

(2) If a person submits to a chemical test offered pursuant to MCLA 257.625a(6) that requires an analysis of blood or urine and a report of the results of that chemical test is not immediately available, the peace officer who requested the person to submit to the test shall comply with subsection (1) (a) pending receipt of the test report. If the report reveals an unlawful alcohol content, the peace officer who requested the person to submit to the test shall immediately comply with subsection (1) (b). If the report does not reveal an unlawful alcohol content, the peace officer who requested the person to submit to the test shall immediately notify the person of the test results and immediately return the person's license or permit by first-class mail to the address given at the time of arrest.

(3) A temporary license or permit issued under this section is valid for 1 of the following time periods:

- (a) If the case is not prosecuted, for 90 days after issuance or until the person's license or permit is suspended pursuant to MCLA 247.625f whichever occurs earlier. The prosecuting attorney shall notify the secretary of state if a case referred to the prosecuting attorney is not prosecuted. The arresting law enforcement agency shall notify the secretary of state if a case is not referred to the prosecuting attorney for prosecution.
(b) If the case is prosecuted, until the criminal charges against the person are dismissed, the person pleads guilty of nolo contendere or is found guilty of or acquitted of those charges, of the person's license or permit is suspended pursuant to MCLA 257.625f, whichever occurs earlier.

(4) As used in this section, "unlawful alcohol content" means any of the following, as applicable:

Kid concoctions are a scream

AP — "Vampire vein quencher," made with strawberries, vanilla yogurt and whipped cream, tastes better than its name, so, too, does "eye scream soup with tiny worms," made with orange soda, vanilla ice cream and candy-coated chocolate candies. These recipes are the creations of children who submitted their own creepy concoctions to Tyco Toys.

VAMPIRE VEIN QUENCHER

1 cup strawberries
8 ounces vanilla yogurt
Red food coloring
Whipped cream
6 to 8 black jelly beans
24 inches red string licorice, cut into 6-inch pieces

Using a blender, mix strawberries, yogurt and 2 to 3 drops of red food coloring. (Don't let the color of the drink get darker than the color of the licorice.) Pour mixture into

large serving glass. Top drink with whipped cream, black jelly beans and red licorice strings. Makes 1 serving.

Recipe from Amy Davis, age 10, Shenandoah, Iowa

EYE SCREAM SOUP WITH TINY WORMS

3 cups vanilla ice cream
1 cup orange soda
½ cup candy-coated chocolate candies

½ cup orange and black ice cream sprinkles

Using a spoon, mash the vanilla ice cream in a serving bowl. Pour orange soda on top of ice cream. Add the candy-coated chocolate candies and the sprinkles; mix. Makes 3 servings.

Cocoa bites can be bewitching

AP — For Halloween, make a batch of bewitching cocoa bites, using rice cereal, cocoa, marshmallows and peanut butter chips. You can bake them in a conventional or microwave oven.

BEWITCHING COCOA BITES

5 cups crisp rice cereal
6 tablespoons margarine
3 cups miniature marshmallows or 30 large marshmallows

1½ cups peanut butter chips
½ cup cocoa
½ cup light corn syrup
Measure cereal, set aside.

In a large saucepan over low heat, melt margarine. Add marshmallows, peanut butter chips and cocoa. Cook over low heat, stirring constantly, until marshmallows and chips are melted. Remove from heat.

Stir in corn syrup. Add cereal, shape until well coated.

Using buttered hands, shape into 1½-inch balls, stirring mixture a few times during shaping. Place on cookie sheet. Cool completely. Store in cool dry place. Makes 3½ dozen cookies.

Microwave Directions:
In large microwave-safe bowl, place margarine. Cook on high (100 percent power) for 45 seconds, or

until melted.
Add marshmallows, peanut butter chips and cocoa; stir. Cook on high 1 ¼ minutes; stir until mixture is smooth. Stir in corn syrup.
Add cereal; stir until well coated. Shape as directed above.

Cheesecake is slim on fat, not on taste

AP — The calories and fat in cheesecake are reduced by using light cream cheese, part-skim milk ricotta cheese, egg substitute and evaporated skimmed milk. Each slice of maple pumpkin cheesecake weighs in at 210 calories and 10 grams of fat compared with 420 calories and 28 grams of fat in traditional recipes.

MAPLE PUMPKIN CHEESECAKE

¼ cup graham cracker crumbs
2 tablespoons margarine, melted
1 ¼ cups (16-ounce can) solid pack pumpkin
1 cup packed brown sugar
Two 8-ounce packages light cream cheese (Neufchatel)
½ cup part-skim milk ricotta cheese
2 tablespoons all-purpose flour
1 ½ teaspoons pumpkin pie spice
1 ½ teaspoons maple flavoring
½ cup undiluted evaporated skimmed milk
½ cup egg substitute

Topping (recipe below)
Chopped pecans, optional

Combine graham cracker crumbs and margarine in a small bowl. Press onto bottom of 9-inch springform pan.

Beat pumpkin, brown sugar, cream cheese, ricotta cheese, flour, pumpkin pie spice and maple flavoring in large mixer bowl on high speed for 1 minute. Add evaporated skimmed milk and egg substitute; beat just until blended. Pour over crust.

Bake in a preheated 350-degree F oven for 65 to 85 minutes or until knife inserted halfway between center and outer edge comes out clean. Meanwhile, prepare topping. Remove from oven; cool for 10 minutes on wire rack. Spread with topping. Chill. Remove side of pan and sprinkle with pecans to serve, if desired. Makes 16 servings.

For Topping: Combine ½ cup nonfat sour cream, 1 tablespoon granulated sugar and ¼ teaspoon maple flavoring in a small bowl.

SECTION 5.15 IS AMENDED TO READ AS FOLLOWS

Section 5.15m Drunk Driving Prevention Equipment and Training Fund.

(1) The drunk driving prevention equipment and training fund is created as a separate fund in the state treasury. Money in the fund shall be expended only as provided in subsection 2. The state treasurer shall credit to the fund monies received for that purpose under MCLA 257.625b and as otherwise provided by law. The state treasurer shall invest money in the fund in the same manner as surplus funds are invested under section 143 of Act No. 105 of the Public Acts of 1945, being section 21.143 of the Michigan Compiled Laws, and any earnings from the fund shall be credited to the fund. Money in the fund at the end of the fiscal year shall remain in the fund, and shall not revert to the general fund.

(2) The department of state police shall administer the fund. Money in the fund shall be used only to administer the fund, to purchase and maintain breath alcohol testing equipment, and to provide training to law enforcement personnel of this state in the use of that breath alcohol testing equipment.

(3) The department of treasury shall, before November 1 of each year, notify the department of state police of the balance in the fund at the close of the preceding fiscal year.

(4) The department of state police shall promulgate rules to implement subsection 2.

(5) The drunk driving caseflow assistance fund is created as a separate fund in the state treasury. The purpose of the fund is to promote the timely disposition of cases in which the defendant is charged with a violation of MCLA 257.625(1) or (3) of MCLA 257, et seq. section 15a(1) or (3) of the Michigan snow mobile act, Act No. 74 of the Public Acts of 1968, being MCLA 257.151a of the Michigan Compiled Laws, or section 171(1) or (3) of the marine safety act, Act No. 303 of the Public Acts of 1967, being MCLA 281.171 of the Michigan Compiled Laws, or a local ordinance substantially corresponding to MCLA 257.625(1) or (3) of this act, section 15a(1) or (3) of Act No. 74 of the Public Acts of 1968, or section 171(1) or (3) of Act No. 303 of the Public Acts of 1967. Money in the fund shall be expended only as provided in subsection 7.

(6) The state treasurer shall credit the drunk driving caseflow assistance fund with deposits of proceeds from the collection of revenue from license reinstatement fees as provided for in MCLA 257.625b, and all income from investment credited to the fund by the state treasurer. The state treasurer may invest money contained in the drunk driving caseflow assistance fund in any manner authorized by law for the investment of state money. However, an investment shall not interfere with any appointment, allocation, or payment of money as required by this section. The state treasurer shall credit to the fund all income earned as a result of an investment. Money in the fund at the end of the fiscal year shall remain in the fund and shall not revert to the general fund.

(7) The state court administrator, at the direction of the supreme court and upon confirmation of the amount by the state treasurer, shall distribute from the drunk driving caseflow assistance fund the total amount available in a fiscal year to each district of the district court and each municipal court as provided in this section. The state court administrator, after reimbursement of costs as provided in this subsection, shall distribute the balance of the drunk driving caseflow assistance fund annually to each district of the district court and each municipal court in an amount determined by multiplying the amount available for distribution by a fraction, the numerator of which is the number of cases in which the defendant was charged with a violation of MCLA 257.625(1) or (3) of this act, section 15a(1) or (3) of Act No. 74 of the Public Acts of 1968, or section 171(1) or (3) of Act No. 303 of the Public Acts of 1967 or a local ordinance substantially corresponding to MCLA 257.625(1) or (3) of this act, section 15a(1) or (3) of Act No. 74 of the Public Acts of 1968, or section 171(1) or (3) of Act No. 303 of the Public Acts of 1967 in the calendar year. The state court administrator shall be reimbursed annually from the drunk driving caseflow assistance fund for all reasonable costs associated with the administration of this section, including judicial and staff training, on-site management assistance, and software development and conversion.

SECTION 5.15k IS ADDED TO READ AS FOLLOWS:

Section 5.15k Ignition Interlock Device Certification.

(1) The department shall approve an ignition interlock device certified by a department-approved laboratory as complying with the national highway traffic safety administration's model specifications for breath alcohol ignition interlock devices (BAIID), 87 F.R.P. 11772 (April 7, 1992). Subject to subsection (4), the department shall public a list of all manufacturers of approved certified devices.

(2) The manufacturer of an ignition interlock device shall bear the cost of that device's certification.

(3) A laboratory that certifies an ignition interlock device as provided in this section shall immediately notify the department of that certification.

(4) The department shall not include the manufacturer of a certified ignition interlock device on the list of manufacturers published pursuant to subsection (1) unless the manufacturer has filed with the department copies of an affidavit that the ignition interlock device is both of the following:

(a) An alcohol concentration measuring device that prevents a motor vehicle from being started at any time without first determining through a deep lung sample the operator's breath alcohol level.

(b) Calibrated to prevent the motor vehicle from starting if the operator's breath alcohol level reaches a level of 0.02 grams per 210 liters of breath as measured by the test.

(c) A manufacturer that has made a filing under subsection (4) shall immediately notify the department if the device no longer meets the requirements of subsection (4).

(d) The department shall notify the courts of a notice received under subsection (5). If a court receives the notification required by this subsection, the court shall not order installation of the ignition interlock device described in the notice, and shall order the replacement or removal of any of those ignition interlock devices installed pursuant to a previous order.

SECTION 5.15I IS ADDED TO READ AS FOLLOWS

Section 5.15I Ignition Interlock Device Installation.

(1) The manufacturer of an ignition interlock device shall design a warning label and the person who has a court-ordered ignition interlock device shall promptly affix that label to each ignition interlock device upon installation. The label shall contain a warning that any person tampering, circumventing or otherwise misusing the device is guilty of a misdemeanor punishable as provided by law.

(2) A person who has a court-ordered ignition interlock device installed and whose driving privilege is restricted pursuant to MCLA 257.625b shall not request or solicit any other person to blow into an ignition interlock device or to start a vehicle equipped with the device for the purpose of providing the person whose driving privilege is restricted with an operable vehicle.

(3) A person shall not blow into an ignition interlock device or start a motor vehicle equipped with the device for the purpose of providing an operable vehicle to a person who has a court-ordered interlock device installed and whose driving privilege is restricted pursuant to MCLA 257.625b.

(4) A person shall not tamper with or circumvent the operation of an ignition interlock device.

(5) A person who violates this section is guilty of a misdemeanor punishable by imprisonment for not more than 6 months or a fine of not more than \$5,000.00, or both.

(6) As used in this section and MCLA 257.625b and k, "ignition interlock device" or "device" means an alcohol concentration measuring device that prevents a motor vehicle from being started at any time without first determining through a deep lung sample the operator's breath alcohol level. The system shall be calibrated so that the motor vehicle may not be started if the breath alcohol level of the operator, as measured by the test, reaches a level of 0.02 grams per 210 liters of breath.

SECTION 5.15m IS ADDED TO READ AS FOLLOWS:

Section 5.15m Operators of Commercial Motor Vehicles: Arrest Without Warrant.

(1) A person, whether licensed or not, who has an alcohol content of 0.04 grams or more but not more than 0.07 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine shall not operate a commercial motor vehicle within this township.

(2) A peace officer may arrest a person without a warrant if the peace officer has reasonable cause to believe that the person was, at the time of an accident, the driver of a commercial motor vehicle involved in the accident and was operating the vehicle in violation of this Ordinance.

(3) A person who is convicted of a violation of this section or a local ordinance substantially corresponding to this section is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than \$300.00, or both, together with costs of the prosecution. As part of the sentence, the court shall order the secretary of state to suspend the vehicle group designations on the person's operator's or chauffeur's license pursuant to section 319b(1) (c) or, if the vehicle was carrying hazardous material required to have a placard pursuant to 49 C.F.R. parts 100 to 199, in accordance with section 319b(1) (d). The court shall not order the secretary of state to issue a restricted license that would permit the person to operate a commercial motor vehicle.

(4) A person who violates this section or a local ordinance substantially corresponding to this section within 10 years of a prior conviction may be sentenced to imprisonment for not more than 1 year or a fine of not more than \$1,000.00, or both. As part of the sentence, the court shall order the secretary of state to revoke the vehicle group designations on the person's operator's or chauffeur's license pursuant to section 319b(1) (e). The court shall not order the secretary of state to issue a restricted license that would permit the person to operate a commercial motor vehicle. As used in this subsection, "prior conviction" means a conviction for a violation of this section, MCLA 257.625(1), (3), (4), or (5), former MCLA 625(1) or (2), or former MCLA 257.625(1) or (3), former MCLA 257.625(1) or (2), or former MCLA 257.625b, a local ordinance substantially corresponding to this section, MCLA 257.625(1), (3), (4), or (5), former MCLA 257.625(1) or (2), or former MCLA 257.625b, while operating a commercial motor vehicle.

(5) When assessing points and taking license actions under this act, the secretary of state and the court shall treat a conviction for an attempted violation of subsection (1), a local ordinance substantially corresponding to subsection (1), or a law of another state substantially corresponding to subsection (1) the same as if the offense had been completed.

SECTION 5.62 IS AMENDED TO READ AS FOLLOWS:

Section 5.62a Driving on Suspended or Revoked License Prohibited. Penalty: Secretary of State License Action, Exception.

(1) A person whose operator's or chauffeur's license or registration certificate has been suspended or revoked and who has been notified as provided in MCLA 257.212 of that suspension or revocation whose application for license has been denied, or who has never applied for a license, shall not operate a motor vehicle upon a highway or other place open to the general public or generally accessible to motor vehicles, including an area designated for the parking of motor vehicles within this township. A person shall not knowingly permit a motor vehicle owned by the person to be operated upon a highway or other place open to the general public or generally accessible to

motor vehicles, including an area designated for the parking of vehicles, within this township by a person whose license or registration certificate is suspended or revoked, whose application for license has been denied, or who has never applied for a license, except as permitted under MCLA 257.904. A person who violates this subsection is guilty of a misdemeanor, punishable as follows:

(a) For a first violation, by imprisonment for not more than 90 days or a fine of not more than \$500.00 or both. Unless the vehicle was stolen or used with the permission of a person who did not knowingly permit an unlicensed driver to operate the vehicle, the registration plates of the vehicle shall be canceled by the secretary of state upon notification by a court.

(b) For a second or subsequent violation, by imprisonment for not more than 1 year, or a fine of not more than \$1,000.00 or both. Unless the vehicle was stolen, the registration plates of the vehicle shall be canceled by the secretary of state upon notification by a court.

(2) Upon receiving a record of a person's conviction for unlawful operation of a motor vehicle while the person's license is suspended or revoked or of a person's conviction or civil infraction determination for a moving violation of the vehicle laws of this state while the person's license is suspended or revoked, the secretary of state immediately shall extend the period of the first suspension or revocation for an additional like period. This subsection applies only if the violation occurs during a suspension of definite length or if the violation occurs before the person is approved for a license following a revocation.

(3) Upon receiving a record of the conviction, bond forfeiture, or a civil infraction determination of a person for unlawful operation of a motor vehicle requiring a class 1, class 2, or class 3 endorsement or vehicle group designation while the endorsement or designation is suspended pursuant to section 319a or 319b, or revoked, the secretary of state immediately shall extend the period of suspension or revocation for an additional like period. This subsection applies only if the violation occurs during a suspension of definite length, if the violation occurs before the person is approved for a license following a revocation, or if the person operates a commercial vehicle while disqualified under the commercial motor vehicle safety act of 1986, title XII of Public Law 99-570, 100 Stat. 3207-170.

(4) If the secretary of state receives records of more than 1 conviction or civil infraction determination resulting from the same incident, all of the convictions or civil infraction determinations shall be treated as a single violation for purposes of extending the period of suspension or revocation under subsection (2) or (3).

(5) Before a person is arraigned before a district court magistrate or judge on a charge of violating this section, the arresting officer shall obtain the person's driving record from the secretary of state and shall furnish the record to the court. The driving record of the person may be obtained from the secretary of state's computer information network.

(6) This section does not apply to a person who operates a vehicle solely for the purpose of protecting human life or property if the life or property is endangered and summoning prompt aid is essential.

(7) A person whose vehicle group designation is suspended or revoked and who has been notified as provided in section 212 of that suspension or revocation, or whose application for a vehicle group designation has been denied as provided in this act, or who has never applied for a vehicle group designation and who operates a commercial motor vehicle within this township, except as permitted under this act, while any of those conditions exist is guilty of a misdemeanor punishable, except as otherwise provided in this section, by imprisonment for not less than 3 days or more than 90 days or a fine of not more than \$100.00, or both.

Section 2. Severability. If any clause, sentence, section, paragraph, or part of this Ordinance, or the application thereof to any person, firm, corporation, legal entity or circumstances, shall be for any reason adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair, or invalidate the remainder of this Ordinance and the application of such provision to other persons, firms, corporations, legal entities or circumstances by said judgment shall be confined in its operation to the clause, sentence, section, paragraph, or part of this Ordinance thereof directly involved in the case of controversy in which said judgment shall have been rendered and to the person, firm, corporation, legal entity or circumstances then and there involved. It is hereby declared to be the legislative intent of this body that the Ordinance would have been adopted had such invalid or unconstitutional provisions not have been included in this Ordinance.

Section 3. Repeal. All other Ordinances inconsistent with the provisions of this ordinance are, to the extent of such inconsistencies, hereby repealed.

Section 4. Savings Clause. The balance of Chapter 60, except as herein amended, shall remain in full force and effect. The repeal provided herein shall not abrogate or affect any offense or act committed or done, or any penalty or forfeiture incurred, or any pending fee, assessments, litigation or prosecution of any right established, occurring prior to the effective date hereof.

Section 5. Penalty. Except as provided in sections 5.15, 5.15a through 5.15i, and 5.62a, any person, corporation, partnership or any other legal entity who fails to comply with any of the provisions of this Ordinance or any of the regulations adopted in pursuance thereof, shall be guilty of a misdemeanor, and upon conviction thereof, may be fined not more than Five Hundred (\$500.00) Dollars or imprisoned not more than Ninety (90) days or both, upon the discretion of the court. Every act or violation and every day upon which a violation occurs shall be considered a separate offense.

Section 6. Publication. The Township Clerk shall cause this Ordinance to be published in the manner required by law.

Section 7. Effective Date. This Ordinance is to be given immediate effect upon publication.

This Ordinance was duly adopted by the Township Board of Trustees of the Charter Township of Plymouth at its regular meeting called and held on the 24th day of October, 1995 and was ordered given publication in the manner required by law.

When you receive 25 awards, there are only two words you can sincerely say:

“Thank You.”

Certainly the judges in the Michigan Press Association's 1995 Better Newspaper Contest deserve our gratitude for such abundant recognition, but without the dedication and effort put forth by our Editorial staff, the judges would have had significantly less excellent work to consider.

Week after week, our writers and photographers are out in their communities covering the news. Our editors spend long hours in front of flickering computer screens checking facts, getting the truth, and writing about the issues that are important to you, our readers. And while our writing staff is looking for the best approach to the news, our photographers match their efforts with creative pictures of civic functions, local athletic

contests, parades... think for a moment of what your hometown newspapers would be like without pictures. Nor does their work end with the snap of a shutter; hours of darkroom time are necessary to bring you those visual memories of your community.

And so it is with a great deal of pride that we say a heartfelt Thank You to the talented journalists who staff our newsrooms.

Make your Halloween party ghoulishly delightful

AP — Make your Halloween party ghoulishly delightful and entertaining. Serve "snake" sandwiches, scary-face pizzas, "spider" pretzels and frozen "witches."

The sandwiches can slither across the table for an exciting centerpiece. The pizza faces can be made in advance, or served plain, with vegetable add-ons. The frozen witches need to be frozen at least two hours before the party. The recipes are from "Family Fun" magazine.

Snake Sandwich

Sliced salami or other lunchmeat
Provolone or American cheese slices
6 hot-dog buns
Mayonnaise
Carrot strips
Red pepper
Broccoli florets
Raidish
Make 5 salami and cheese sandwiches on 5 hot-dog buns with the

mayonnaise, reserving 1 bun for later use.

Slice 1/4-inch off either end of each sandwich, then cut the sandwiches into thirds. Arrange the miniature sandwiches in a snake curve on a platter or cutting board.

For the snake's head, halve the remaining hot-dog bun and open it to make the snake's mouth. Wedge two carrot strips "fangs" into the mouth to hold it open. Cut a piece of red pepper into a tongue shape and set it between the fangs. Add broccoli florets for the eyes, radish slits for eyebrows and more red pepper for nostrils. Use the remaining half bun at the tip for a tail. Serve with carrot and celery sticks and chips. Makes 8 servings.

Scary-Face Pizza

1 pita pocket round
1 tablespoon olive oil
1/2 cup shredded mozzarella
1 teaspoon grated Parmesan cheese
Preheat oven to 375 degrees F. Position the pita, bowl-side facing

up, and prick it with a fork. Spread the olive oil evenly across the top and sprinkle with both cheeses. Choose from the following ingredients to make the pizza yourself or present your guests with bowls of the toppings as options so they can make their own:

Zucchini, cut in small rounds
Onion, green or white, chopped or cut crosswise
Mushrooms, sliced
Green and black olives
Red and green peppers, sliced in curves
Fresh or sun-dried tomatoes, chopped or sliced
Pepperoni slices
Bake the pita in a 375-degree F oven for 10 minutes or until the cheese has melted and the bread begins to get crispy. Makes 1 serving.
Note: For a party, multiply this single-serving recipe by the number of guests you are expecting.

Spider Pretzels

2 teaspoons smooth peanut butter
2 round crackers

8 small pretzel sticks
2 raisins
With the peanut butter and the crackers, make a cracker sandwich. Insert eight pretzel "legs" into the filling. With a dab of peanut butter, set two raisin eyes on top of the cracker. Makes 1 serving.

Frozen Witches

Tube of chocolate decorating gel
8 chocolate sugar cones
8 thin, round chocolate wafers
1 pint pistachio ice cream
Black shoestring licorice
Chocolate chips
Candy corn
For each dessert, squeeze a ring of decorating gel around the edge of the cone and attach the cone to a chocolate wafer "rim," then set it aside.

Using an ice-cream scoop, drop individual "heads" of ice cream onto a cookie sheet lined with waxed paper.

Cut pieces of licorice to make hair and a mouth and arrange them in place on the ice-cream face. Add

chocolate-chip eyes and a candy-corn nose. Top each scoop with a cone hat (flatten the ice cream slightly so the hat doesn't fall off.) Freeze for at least two hours or until

the hats are set in place. Makes 8 servings.

Note: To avoid meltdown, make these desserts in batches of four.

There's no trick to these easy treats

AP — "Spider web" brownies, chocolate marshmallow "spiders" and decorated popcorn balls are sweet treats for a Halloween party. Each recipe is quick and easy to make. The popcorn balls make festive party favors.

Spider Web Brownies

4 squares unsweetened baking chocolate
1/4 cup (1 1/2 sticks) margarine or butter
2 cups sugar
3 eggs
1 teaspoon vanilla
1 cup flour
1 cup coarsely chopped nuts (optional)
7-ounce jar marshmallow creme
1 square semisweet baking chocolate, melted
Heat oven to 350 degrees F (325 degrees F for glass dish). Line a 13-by-9-inch baking pan with foil extending over edges to form handles. Grease foil.
Melt chocolate and margarine in

large microwave-safe bowl on high (100 percent power) for 2 minutes or until margarine is melted. Stir until chocolate is completely melted.

Stir sugar into chocolate until well blended. Mix in eggs and vanilla. Stir in flour and nuts until well blended. Spread in prepared pan. Bake in a 350-degree F oven for 30 to 35 minutes or until toothpick inserted in center comes out with fudgy crumbs. Do not overbake. Immediately drop marshmallow creme by spoonfuls over hot brownies. Spread evenly over top of brownies. Cool in pan. Lift out of pan onto cutting board. Remove foil. Place on serving tray. Drizzle melted chocolate over marshmallow creme to create spider web design. Cut into squares. Makes 24 brownies.

Tip: To melt the semisweet baking chocolate: Place 1 square semisweet chocolate in zipper-style plastic sandwich-size bag. Close bag tightly. In a microwave oven, cook on high (100 percent power) about 1 minute or until chocolate is melted. Fold down top of bag tightly and snip a tiny piece off one corner,

about 1/4 inch. Holding top of bag tightly, drizzle chocolate through opening over marshmallow creme.

Chocolate Marshmallow Spiders

8 squares semisweet baking chocolate
2 cups miniature marshmallows
Black or red string licorice
Assorted candies

In microwave oven, melt chocolate in large microwave-safe bowl on high (100 percent power) for 2 minutes, stirring halfway through heating time. Stir until completely melted.

Add marshmallows; mix lightly until completely coated. Drop by spoonfuls onto wax paper-lined tray. Decorate with pieces of string licorice to create spiders. Use additional miniature marshmallows and candies to make eyes. Refrigerate until chocolate is firm. Makes 2 dozen cookies.

Popcorn Jack-o-Lanterns

1/4 cup (1/2 stick) margarine or butter
10 1/2-ounce bag miniature marshmallows
One 4-serving size package orange flavor gelatin
3 quarts (12 cups) popped popcorn
Green gumdrop spearmint leaves, cut in half
1 square semisweet baking chocolate, melted

In microwave oven, cook margarine and marshmallows in a large microwave-safe bowl on high (100 percent power) 1 1/2 to 2 minutes, or until marshmallows are puffed. Stir in gelatin until well mixed.

Pour marshmallow mixture over popcorn in large bowl. Mix lightly until well coated. Shape into 12 balls with lightly greased or wet hands. Top with spearmint leaf halves to create stems. Decorate with melted chocolate to make jack-o'-lantern faces, if desired. Makes 12 popcorn balls.

PLYMOUTH SPORTS SCENE

PCA season ends

The Plymouth Christian Academy soccer team had its season end in controversial fashion Thursday as visiting Allen Park Inter-City Baptist eliminated the Eagles from the Class D districts with a 2-1 victory.

After regulation time expired with the score tied at 1-1 and two scoreless 15-minute overtime sessions, the battle went to a shootout.

The Chargers scored on all three of their kicks, while PCA failed on its three tries. The shootout left a bad taste in the mouth of PCA coach Kraig Warnemuende.

"First, we had a goal taken away from us in the shootout because the referee inadvertently blew his whistle," the PCA coach said. "They were given a goal after they scored when our goalkeeper (Ben Davis) didn't signify to the referee that he was ready."

Warnemuende added that he plans to appeal the game to the Michigan High School Athletic Association.

After a scoreless first half, the Chargers scored on a penalty kick.

The Eagles came right back and tied the game at 1-1 with 20 minutes remaining when Matt Smith took a crossing pass and scored. Jamie Neil and Justin Stout made nice passes to set up the score.

Davis made 25 saves in the PCA goal.

"It was a tough game, and I can say that we outplayed them for most of it," Warnemuende said.

Nice finish

Plymouth Canton's swim team concluded its dual-meet season in a positive fashion Thursday, beating Farmington Harrison 112-74 at Canton. The win gave the Chiefs a final dual record of 6-5 overall and 4-1 in the Western Lakes Activities Association's Western Division.

Winners in individual events for Canton were Sue Fanning in the 200-yard individual medley (2:34.55); Lisa Sabina in the diving (207.85 points); Kari Sauve in the 100 butterfly (1:15.18); Kristen Kalyon in the 100 backstroke (1:10.90); and Jaelyn Bernard in the 100 breaststroke (1:21.59).

The Chiefs' 200 medley relay team of Laura Reeder, Bernard, Erica Pendergrass and Meagan Dowd were also winners (2:10.76).

Good stopper

Bob Petrie has provided Bowling Green State's hockey team with just what it needed — solid play in the net, at least so far.

Petrie, a junior from Canton, has started two games for the unbeaten Falcons (3-0-0) and won both, allowing just two goals in each. BGSU beat Brock 8-2 on Oct. 14, then opened its Central Collegiate Hockey Association season with a 6-2 thumping of Michigan State Oct. 21 at Bowling Green.

Petrie was in goal for both, making 16 saves against Brock and 24 against the Spartans. He now has 1,019 career saves, and should break into the Falcons' top 10 career save list by season's end.

Spartan scorers

A pair of Plymouth Canton graduates have been putting balls in the net for Michigan State's soccer teams.

Jeff Fliiss, a freshman from Plymouth who helped take the Chiefs to a Class A championship last year, scored his third goal of the season in the Spartans' 4-0 triumph over Western Michigan Oct. 18. Through Oct. 22, Fliiss had three goals and an assist for seven points, fifth-best for MSU, which was 9-2-3 overall and 2-2 in the Big Ten.

Leah Hutko, a junior from Plymouth, netted her third goal of the season to pull the Spartans to within a goal of Ohio State Oct. 22. Unfortunately, MSU could not get the equalizer and lost, 3-2, to fall to 7-6-3 overall and to 1-2-3 in the Big Ten. Hutko also has four assists for 10 points this season.

Good run

The University of Michigan men's cross country team dominated the action at the Eastern Michigan Classic Oct. 20, claiming four of the top five spots. Four Wolverines tied for second at 25:58, including Ryan Burt, a freshman from Canton (Dearborn Divine Child HS).

It was Burt's best finish this season. In three other runs, he was 13th at the Michigan Open (22:25) Sept. 6, 43rd at Maine (25:40) Oct. 7, and 32nd at the Penn State Invitational (26:31) Oct. 16.

Corrections

In recent issues of the Observer, there were errors regarding collegiate players.

Stephanie Gray, a graduate from Plymouth Canton, is a sophomore member of Northern Michigan's basketball team. Gray played a year at NCAA Division I Western Michigan before transferring to NMU.

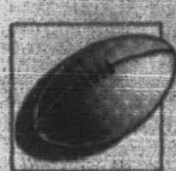

Jori Welchans, another Plymouth Canton grad, is a junior member of the University of Michigan women's soccer team. She has a 1.80 goals-against average and one shutout.

Salem rally shocks Canton

In a series noted for incredible finishes, Friday's Canton-vs.-Salem clash rates at the top of the list. The Rocks looked lost in the first half; in the second, it was the Chiefs who forgot the path to the end zone — and victory.

By C.J. RISAK
STAFF WRITER

Remarkable. No other way to describe it. All one can ask is: How you going to top this next year?

For the third consecutive year, Plymouth Salem overcame a Plymouth Canton lead to claim bragging rights and victory Friday by a 28-21 score.

All the momentum and a two-touchdown lead accompanied the Chiefs into their locker room at half-time; by the end of the third quarter, they had squandered all of it.

Heroes for Salem? There were several. But perhaps the key ingredient in the Rocks' triumph was poise.

Calling them unflappable would be too much. However, in comparison to their Canton counterparts, the Rocks were angelic.

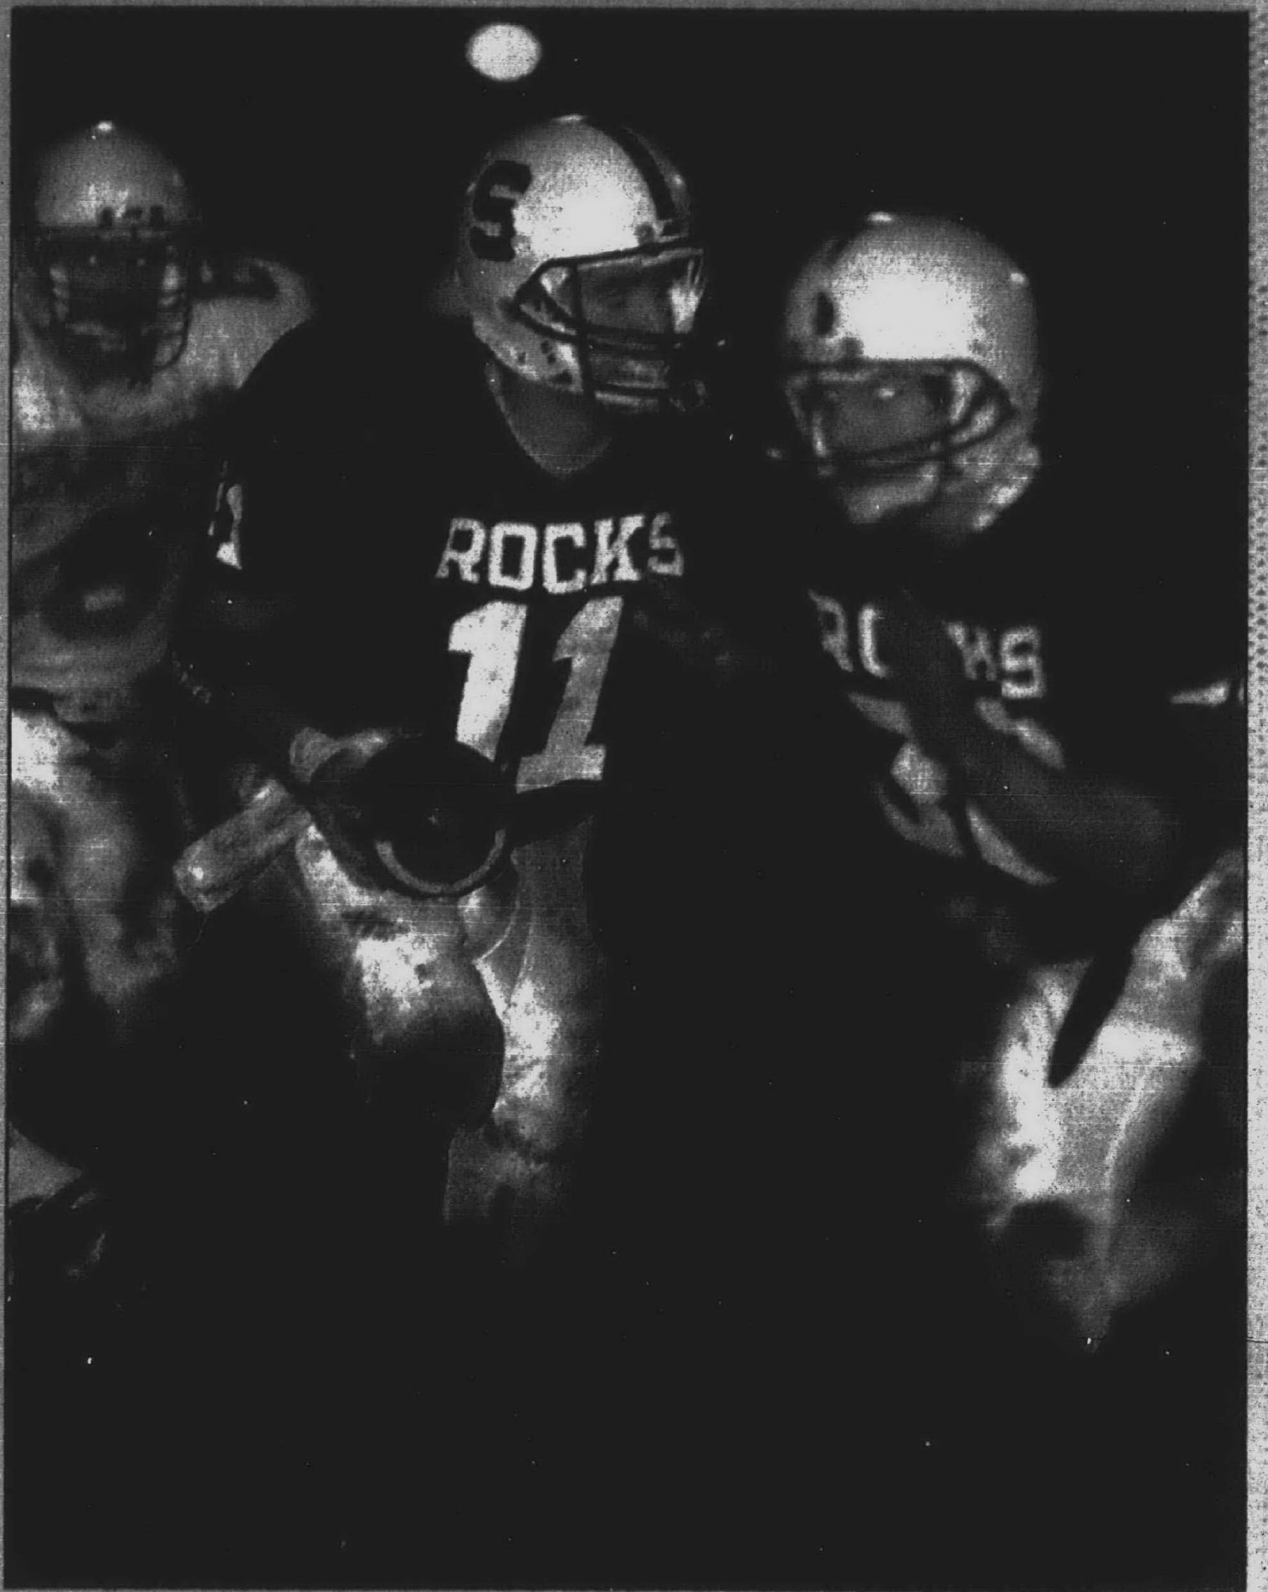

After giving up three second-half touchdowns and the lead — without so much as a first down registered by their own offense — the Chiefs came to life in their final drive. But get this: They had 89 passing yards and another five rushing, and still got no closer than 30 yards to the Salem end zone.

Why? A penalty for clipping. And intentional grounding. And illegal procedure. And unsportsmanlike conduct.

All in one drive. "I don't think our kids stuck together as a team," said an obviously upset Bob Khoenle, Canton's coach. "They took everything personal. . . push this, shove that. They lost their composure. They didn't play football."

How bad was it? The Chiefs were flagged six other times in the second half and had a player ejected. Twice, on third-down, they stopped Salem drives, then committed personal

Handling it: Salem quarterback Nick Gray hands the ball to Kevin Grim. The Rocks also handled Canton's two-touchdown lead after one half.

Rocks reign over North; Chiefs trip Churchill

Plymouth Salem continued its torrid play as it headed toward basketball playoff time, taking off against visiting North Farmington in the second half to win easily, 55-29 Thursday.

With a score like that, it's difficult to believe that North is 10-6 overall and finished the Western Lakes Activities Association regular season at 6-5. Salem improved to 12-4 overall, 8-2 in the WLAA.

The game did stay somewhat close for a half. The Rocks led 8-7 after one quarter and 24-17 at the half.

Then the roof fell in on the Raiders. They managed just 12 second-half points, with Salem pounding them with an 18-3 final period.

"We wore them out a little bit in the fourth quarter," said Salem coach Fred Thomann. "We had good defensive pressure. We knew they were a three-point shooting team, so we extended our defense and really had it cooking in the fourth."

Shellye Silks' 16 points topped the Rocks. Janelle Sterling contributed 11 points and four steals. Lau-

rel Weinman added seven.

For North, Carrie May led with 13 points, seven rebounds, five steals and three blocked shots. But no one else scored more than five points for the Raiders.

■ Canton 61, Churchill 13: The final regular-season game for Plymouth Canton was little more than shooting practice.

The Chiefs head into the WLAA playoffs with an 10-1 conference mark and a 14-3 overall record after Thursday's rout at Livonia Churchill (1-15 overall, 0-11 in the WLAA).

Becky Vachow and Sarah Warnke each netted 18 points to pace Canton. Kristi Fiorenzi chipped in with 14.

Alicia December's six points was best for the Chargers.

Salem stops Novi to win district title

By C.J. RISAK
STAFF WRITER

Novi seemed to be the type of team that could create all sorts of problems for Plymouth Salem when the two tangled in Saturday's district soccer final: tight marking defense, quick counters on offense, strong on set plays.

Perhaps the Wildcats' strengths would have made a bigger difference under ideal conditions. But the Northville field was a quagmire, particularly through the middle, and it was the Rocks who adapted to the conditions better.

Which is why Salem is bound for the regionals after its 4-0 triumph.

"I don't want to use it as an excuse," Novi coach Larry Christoff said of the field conditions. "But it affected us phenomenally. Every time we tried to attack, we'd fall down."

The Rocks were slipping and sliding, too, but they adjusted. Indeed, the field helped them more than Novi; Salem's style, under coach Ken Johnson's direction, has been to attack with speed down

the wings and cross it in.

Which describes the first goal. A Wildcat clearing attempt was intercepted at midfield. Quickly, Andy Makins sped down the right wing, then crossed it to Drew Drummond as he broke past the Novi defense. His shot beat keeper Dave Hart, giving the Rocks a 1-0 advantage with 15:46 left in the first half.

"We tried to play to the field," Johnson said. "One-touch, two-touch, quick passes."

Still, it was just 1-0 at the half. Novi wasn't beaten yet.

That changed five minutes into the second half, when Matt Simons took a pass from Josh Fair and pounded a hard shot from the left side to Hart's right, making it 2-0.

The Wildcats visibly deflated after that. When one of their defenders was red-carded for taking down Mike Mezgec on a clear breakaway with 26:28 left, forcing them to play the remainder of the match short one man, Salem's victory was assured.

Shamrocks win, enter playoffs on positive note

BY STEVE KOWALSKI
STAFF WRITER

This time a reward goes along with the Catholic League football championship.

Redford Catholic Central defeated Birmingham Brother Rice, 17-7, in the Prep Bowl Saturday night at the Pontiac Silverdome, and there is still plenty of football to be played.

The mood was far different from two years ago, when the Shamrocks won the league championship at the same site but fell just shy of the state playoffs despite an 8-1 overall record.

The Shamrocks would have qualified regardless of what happened Saturday, but a win gives them momentum and a 9-0 overall record. CC, which finished as the No. 1 seed in Class AA Region 3, will host Livonia Stevenson in a first-round game Saturday afternoon at Livonia Clarenceville.

CC fullback John Spolsky enjoyed this championship better than the one two years ago, and not just because he scored two touchdowns and finished with 122 yards rushing on 30 carries.

That was weird, because it was the first game I played in that I won and still left the field in tears," said Spolsky, who was a sophomore on the team two years ago.

The two teams met earlier in the year in the Boys Bowl, when CC prevailed 26-20 in overtime.

CC enjoyed a 296-63 advantage in total yardage and finished with 19 first downs to Rice's five.

The loss dropped Rice to 7-2 overall and severely hurt the Warriors' chances of making the playoffs in Class A. The Warriors were playing for the third straight game without starting quarterback David Sofran, who remained out with a shoulder injury.

Junior Eric Marcy completed four of eight passes for 25 yards and was sacked twice for minus 13 yards. Junior nose guard Rich Deptula had one sack and shared another with linemen Bryan Jeffords and Chuck O'Connor.

The Shamrocks drove to Rice's 22 midway through the first quarter, but Kosmowski's 39-yard field-goal attempt fell short.

After stopping Rice on three plays, CC took over at its own 49 and took 12 plays to score on Spolsky's 1-yard up the middle with 9:50 remaining in the half. Kosmowski missed the extra point, leaving CC with a 6-0 lead.

The Shamrocks' Tom Smiley recovered a Rice fumble at the Warriors' 45 less than a minute later and CC scored again on another 1-yard run by Spolsky with 4:50 left. Spolsky finished the drive with four consecutive runs, but quarterback Greg Call also completed passes to Steve Mondry and Eric Gilbo to keep the drive alive.

The pass to Mondry covered 14 yards and came on a third-and-11 play, and the pass to Gilbo went for nine yards on fourth down and three from the Rice 25. Call's two-point conversion pass attempt to Gilbo was unsuccessful.

Rice cut the lead to 12-7 following a 53-yard kickoff return by Brian Marshall. Senior Donald Stonestreet scored on a reverse with 54 left in the half, capping a nine-play, 37-yard drive.

The Shamrocks added a 37-yard field goal from Kosmowski with 2:39 left in the third quarter and a two-point safety in the fourth quarter. Call ran twice for 23 yards and completed passes to Gilbo and Joel Rioux on the drive leading up to Kosmowski's kick.

foul penalties to give the Rocks first downs. Another Salem drive was saved by a pass interference call on fourth-and-19 that gave the Rocks a first down at the Canton 14.

"One thing we pride ourselves on, and we preach to our kids, is to maintain their poise," said Salem coach Tom Moshimer. "I thought our kids kept their cool real well tonight."

Perhaps the coolest, and certainly the most exhausted by evening's end, was Salem tailback Randy Mack. He was the Rock of offense in the first half, gaining 89 yards on 17 carries.

And on Salem's first possession in the second, he turned the game around with a burst up the middle on a third-and-one play from the 29, taking it the distance (71 yards) to trim the Canton lead to 21-14. Mack finished with 224 yards rushing on 38 carries.

The Chiefs forced Salem to punt on its next possession, but then gave the ball right back when quarterback Rob Johnson's pitch eluded Mike Rener. The Rocks recovered the fumble and, after being assessed an unsportsmanlike conduct penalty, took over with a first-and-25 at Canton's 35.

It was in this drive that the Chiefs contributed the fourth-down pass interference penalty, giving Salem a first down at the Canton 14.

The Rocks reached the end zone in five plays, four of them by Mack, including the last one from two yards out for the tying touchdown with 3:56 left in the third quarter.

For Canton, meanwhile, it was still three-downs-and-out.

The Rocks started their game-winning drive from their own 43 with 7:30 remaining in the final quarter. Six Mack runs accounted for 21 yards, but Gray and Kirk Craggs came up with the key plays. The two combined on a nine-yard completion that, with the inevitable Canton personal foul penalty, gave Salem a first down at the Chiefs' 25.

Three plays (and a penalty of their own) later, the Rocks faced a third-and-14 from the 29. Gray faked a run, looked right, then threw to the left to an uncovered Craggs for a 29-yard TD. With 3:16 to play, Salem had its first lead, 28-21.

Canton didn't surrender. Ron Hunter, who caught eight passes for 76 yards, pulled in a 26-yarder to start the Chiefs' final drive. Nick Belyk hauled in a pair of Johnson tosses in the march, covering 23 and 34 yards. The latter was the most remarkable, coming on a fourth-and-30 play after bouncing off a teammate.

That play put the ball at Salem's 34 with 57 seconds left. Johnson, who completed 13-of-25 passes for 156 yards and a TD (with one interception), could not sustain the rally. It ended on a

Hauled down: Canton's Mike Rener is tackled by Salem's Kirk Craggs. Craggs also pulled down a few other items: two touchdown passes and an interception.

fourth-and-6 incompleteness into the end zone.

"It was a nice way to end the season," said Moshimer, his team finishing at 3-6. "I couldn't be any prouder of these kids, the way they came back tonight."

After the first half, such a turnaround seemed highly unlikely. Canton (5-4 final record) lit the Rocks up for touchdowns on its first three possessions: on Mike

Montgomery's 20-yard run, Johnson's 32-yard jaunt, and Hunter's 6-yard leaping grab of a Johnson pass.

Salem could manage one first-half scoring drive, traveling 80 yards in 14 plays, the last a 22-yard scoring toss from Gray to Craggs. Gray completed six-of-17 passes for 82 yards and two TDs, with one interception (he had several passes dropped); Craggs

caught four for 67 yards and both scores. He also had an interception.

What turned it around at half-time for Salem? "We didn't do anything," Moshimer insisted. "All we did was reiterate what they were doing and what we wanted to do."

Without a doubt, in the second half the Rocks followed instructions.

Shorthanded Crusaders fall, but still host playoff

Hopefully, Madonna University's soccer team will be able to recover by Tuesday.

That's when the Fighting Crusaders will host their NAIA Sectional playoff semifinal. Madonna, the second seed, will play third-seed Sue Bennett College at 7 p.m. at Livonia Clarenceville. Admission is \$3.

The sectional's first seed, Transylvania College (Pa.), will host fourth-seeded Brescia College (Ky.). The highest remaining seed from the semifinals will host the sectional final Saturday.

Madonna will need the time to recover. Thursday the Crusaders hosted Aquinas College at Ladywood HS — and lost, 4-2.

SOCCER

"We were missing three starters," said Madonna coach Pete Alexander. "I only had two subs."

"Still, we had enough to beat them. We had some mental breakdowns, and after they got ahead by four goals I think we kind of gave up."

The Crusaders trailed 1-0 at the end of the first half. Christian Emert and Jason Stempien scored for Madonna to narrow the gap somewhat — but not enough.

The Crusaders' final regular-season record is 8-9.

Mezger got his goal anyway, with 14:14 left, popping in a rebound of a Scott Lowe shot. And in the closing seconds, Andy Power knocked in another rebound, Brett Konley assisting.

The Wildcats' only scoring chance in the second half came with 2:43 left, when they were awarded a penalty kick after one of their players was taken down in the box on a corner kick. But Adam Hagfors' attempt went high and over the net.

"We played outstanding in the second half," said Johnson, his

team now 18-3. "The second goal did it. I don't know why, but we seem to have a lot of trouble in the first half. If we can weather the storm, we're a second-half team."

The forecast isn't exactly bright and sunny for the Rocks. They play the Birmingham Groves-Birmingham Seaholm winner in the regional semifinal at 7 p.m. Wednesday at Salem. Senior returns from softball Series to post a big score

AL HARRISON

Calif. to compete in the N.A.S.C.S. Na-

Life begins at 40. Or is it 60? Let's try 60 and see what Mike Belovich has done lately. Mike bowls in the Wednesday Senior Men's Classic League at Mayflower Lanes in Redford. He missed the first six weeks of bowling because his softball team, "Cornwall Plumbing" in the over-60 division traveled to Palm Springs, Calif. to compete in the N.A.S.C.S. Na-

tional World Series. Belovich, who is a third baseman, helped his team to a third-place finish for the second year in a row, finishing behind two California teams in both instances. This senior softball World Series took place in the first week of October and Mike is back out on the bowling lanes. In his second week back he rolled a 279 game, his highest ever as he strung out the first nine strikes, left a spare strike in the 10th frame, a very solid game from our 60-plus years young bowler-ballplayer. Next year the softball team won't have to travel very far, as the N.A.S.C.S. World Series will take place in Canton. ■ Aleta Sill has earned her share of ac-

colades throughout her great career, now she has added another gem to her list as she has just been elected to the WIBC (Women's International Bowling Congress) Hall of Fame. The 53-year-old Sill owns four WIBC titles in addition to capturing the Queens in 1993 and 1995. In 1994, she was the Queens runner-up and took all-events in 1992 and 1995, singles in 1993 and team event in 1995. Winner of 23 pro titles, Sill was named Bowling Writers Association of America Bowler of the Year in 1985 and 1986 and LPBT Player of the Year in 1984. The former Westland resident was a five-time Women Bowler All-American. She set a record with her \$126,325 in 1994 earnings. That helped her to the

career earnings lead with nearly \$700,000. Sill was named United Foundation Sportswoman of the Year in 1992 and 10 years later earned induction into the Michigan Women's Bowling Hall of Fame. She is currently continuing her career on the LPBT and will be one of the favorites to win when the lady pros compete next week at Super Bowl in Canton. Aleta Sill will be awarded her honors at the ceremonies during the WIBC annual meeting April 22 in Buffalo, N.Y.

SPORTS ROUNDUP

LIONS PROWLING

The Canton Lions varsity football team won its fifth-straight game Sunday (Oct. 22), beating the Ann Arbor Eagles 23-6. Kyle Richardson, Jon Deboe and Justin Toth scored touchdowns, and Brian Lehman booted a 23-yard field goal and an extra point to pace the offense; Archie Kinney had two interceptions, Richardson intercepted one and Lehman recovered a fumble to pace the defense. The Lions' JV posted a 13-12 victory over the Eagles. Doug Flattey threw a 15-yard pass to Brandon Ellison for one TD and scored the second himself, and Russell Scott blocked an Eagle field goal attempt in the closing seconds to secure the win. The Lions freshmen clinched the American Division title by beating the previously undefeated Eagles 13-6. The win also secured a playoff berth for the Lions.

HAWKS '80, '81 WIN CUP

The Michigan Hawks '80, an under-16 girls premier team sponsored by the Livonia Family Y and affiliated with the Little Caesars Premier Soccer League, won two prestigious tournaments this month. On Oct. 22, coach Paul Dugan's team avenged two regular season losses by downing the Rochester Falcons, 2-1, to win the Michigan State Youth Soccer Association

Cup at Macomb Community College

Kelly Smith (Birmingham) and Allison Campbell (Livonia) scored goals for the Hawks '80, who will represent the MSYSA in the Region II finals next summer in Lexington, Ky. In the MSYSA Cup semifinals a week earlier, the Hawks defeated Gazelle TKO of Kalamazoo, 3-1, scoring three unanswered goals in the second half. Earlier this month, the Hawks '80 won the Washington D.C.-Area Girls Soccer tournament with a 3-1 victory over the Dallas (Texas) Longhorns. In round-robin play, the Hawks went 2-0-1, defeating the Atlanta (Ga.) Tophatters, 2-1, and beating Milwaukee (Wis.) Kickers 3-0 in a shootout. Other members of the Hawks '80 include Jenny Barker, Livonia; Emilie Meier, Jill Rahner, Mia Sarkesian and Missy Simons, all of Canton; Angela DeDominico, Farmington; Anne Palischek, Allyson Brodie and Allison Rackley, Birmingham; Nicole LePlae, Brighton; Jackie Rompel, Northville; Sus Desmond, South Lyon; and Laurin Hendrickson, Commerce Township. The '81 Michigan Hawks, sponsored by the Livonia Y, recently won the MSYSA Cup to advance to next summer's Midwest Region tournament in Lexington, Ky.

'81 Hawks have won three of the last four finals.

They won an under-15 division crown in St. Louis, an under-16 title in Illinois and took the Little Caesars Premier League championship. Overall, the '81 Hawks have outscored their opponents, 106-2. Members of the '81 Hawks, coached by Tom Coyne and Derek Williford, include Mary Gignac, Becky Peterson and Sarah Witroek, all of Livonia; Dan Mantuffel, Redford; Lisa Tomasso, Canton; Jessica Erickson and Jessica Smith, Troy; Lindsey Mack, Beverly Hills; Kristin Fisher and Colleen O'Brien, Rochester; Brigid Bowdell and Bethany Bryant, Northville; Kiley Enmark, Sterling Heights; Melissa Lawson, New Hudson; and goalkeeper Beth Quiney, Milford. ■ SWIM COACHES WANTED ■ Redford Catholic Central is seeking a head varsity swim coach. Livonia hoop teams bottom out in WLAA playoff chase

BRAD EMMONS

Just thought you'd like to know. Was it merely coincidental that all three Livonia Public Schools, along with Westland John Glenn, were not among the top eight seeds in the Western Lakes Activities Activities Association girls basketball playoffs?

As much as I'm asked: What's wrong with Livonia Churchill's football program? I'm now hearing similar complaints from various coaches and people in the community about the middle school program, which stresses participation over competition. Livonia's program, which gives students a taste of various sports over six-week increments during the course of the school year, is comparable to Farmington's. Students in Livonia practice or play games three times per week, 1 1/2 hours per session. It's a six-game season in basketball with all the games scheduled within the district. Farmington students have a similar program, but meet Monday through Thursday. But are we satisfying our student's competitive needs? Harrison girls basketball coach Pete Mantyla brings up one interesting point. He doesn't feel

Farmington's program measures up with the middle school programs in Plymouth-Canton and Walled Lake. "I'm sure we'd be at the bottom in our league if it wasn't for the AAU program we have going here in the off-season," said Mantyla, whose team finished fifth in the WLAA regular season behind Walled Lake Central, Plymouth Canton, Plymouth Salem and Northville. Some may argue that Livonia Schools are competitive enough, particularly when it comes to soccer, swimming, golf, tennis and cross country. But a lot of the success comes from community club teams, especially at Livonia Stevenson where the Spartans are state contenders this fall in soccer, girls cross country and girls swimming. By the time many of these athletes reach high school, they've already been exposed to state and

national competition. Stevenson's football team won its division and the girls tennis team qualified for state. Churchill's boys golf team was a state qualifier, while Stevenson and Franklin have already won district boys soccer titles. This is merely food for thought, something superintendents, school board members, coaches, parents and administrators may want to hash over sometime soon, and see if we need to re-evaluate things. Personally, I campaigned vigorously to reinstate middle school sports in Livonia, and I'm starting to wonder whether they're competing on a level playing field with other WLAA members. **This and that** ■ Made my first trip downtown to the Free Press/Mazda International Marathon and saw both ends of the spectrum — both the

agony and the exhilaration of finishing a 26.2-mile race. It's quite an accomplishment just to finish, particularly when the weather conditions are not favorable. Hats also go off to fellow Heart and Sole Running Club member John Bagley, a former Stevenson High runner who qualified for next spring's Boston Marathon with a 3:05. Also, Gary Plank, another running friend, ran a 3:20, just missing the Boston cut-off for his age group (I won't say how old, Gary). It was a job well done by Gary and everybody who competed. ■ Got to see the second half of the Eastern Michigan-Central Michigan football game a few weeks back. EMU certainly runs an entertaining offense, and Rynearson Stadium is impressive since the renovation. EMU nose guard Bobby Johnson (Livonia Franklin), a fifth-

year senior, gets plenty of playing time on defense. ■ I hope the Michigan High School Athletic Association wins its legislative battle against Sen. Mike Rogers, D-Howell, who is challenging the MHSAA over the eligibility of charter school students at public schools. With all the inequities that exist when it comes boundary areas for private and public schools, we don't need to open another can of worms. My response to those who want tilt an otherwise shaky playing field — start your own athletic association. Not everybody likes all the NCAA rules, but I don't see any other governing bodies for college sports other than the National Association of Intercollegiate Athletics (NAIA). ■ Can you believe I didn't mention mega mergers once in this column?

Murphy's 'Vampire' is toothless

JOHN MONAGHAN

On a dark and foggy night, a freighter rolls over fishing boats and crashes into the docks at a New York City shipyard. The wolf that leaps from the vessel can be seen in shadow changing into the figure of a man. Nosferatu has landed.

What's a nice opening like you doing in a movie like this? You'll want to ask after sitting through the rest of "Vampire in Brooklyn," a toothless Eddie Murphy horror comedy that makes "Blacula" look like "Schindler's List."

As about the 70th actor to don the red-lined cape and fangs, Murphy brings little fresh blood to Bram Stoker's creation. His Maximilian is an African-born bloodsucker in search of the only woman in America who has vampire blood flowing through her veins.

She is Rita (Angela Bassett), a police woman whose only hint at a dark side comes through her macabre paintings. Sharp-dressing Max's job is to woo her because, as we all know, a vampire can't do his dirty work unless he is invited.

Bassett, so robust in the cur-

rent "Strange Days," looks surprisingly sickly in her part. Nothing looks good, thanks to cinematography that's overly murky and dark, even by vampire movie standards.

Cheapness is a trademark of director Wes Craven, creator of the popular "Nightmare on Elm Street" movies, though usually he delivers a clever twist or two. You'd think a veteran like Craven would give us something new, especially in the wake of "Interview with the Vampire."

This is supposed to be Eddie Murphy's comeback, but only one sequence recalls his talent for mimicking, done so well in movies like "Trading Places" or "Coming to America." His impersonation of a Bible-thumping preacher has some funny moments, but it's directed clumsily and goes on far too long.

Murphy in fact spends much of his time as straight man to Kadeem Hardison as the slave ghoul Julius. As the movie drags on, he starts to decompose, losing an ear here, an arm there, replacing what he can with parts from department store mannequins.

As a horror comedy, "Vampire in Brooklyn" is equally inept in both categories. The jokes come across gross instead of funny and the delivery, especially Murphy's, is uninspired. Even his mummy-like coffin looks tacky and garish.

The only spine-chilling part came at the end, when sporadic audience applause at a preview screening proved my innermost fear: the makers of "Vampire in Brooklyn" might actually be rewarded for their efforts. Now that's scary.

LINDA BACHRACK

The kids will love new holiday films

Beginning to wonder what to give the little ones on your gift list this holiday season? As November approaches, it's time to start asking that all-important question, "What do you want Santa to bring this year?"

For those who are continually at a loss for new ideas that are guaranteed to make a child's face light up, consider the gift that entertains over and over again — the babysitter's best friend — a home video.

Sony Wonder, the children's and family division of Sony Music and Epic Records, introduces four new holiday video titles. The package of family favorites includes "White Christmas" (\$12.98) and "Old Bear Stories" (\$12.98), based on the popular children's books of the same name. Also look for "Noah's Ark" (\$14.98) and "The Christmas Elves" (\$14.98), animated musical adaptations of classic stories. Coupons for Mattel toys can be found inside each release.

In addition, Sony Wonder and Nickelodeon Video introduce a re-release of "Ren & Stimpy: Have Yourself A Stinky Little Christmas" (\$14.98) and "Rugrats: The Santa Experience" (\$9.98). Rocko fans will love "Rocko's Modern Christmas" (\$12.98), starring the cheerless Ed Bighead. "Deck The Halls" is Sony Wonder's "Puzzle Place" release. From the critically acclaimed PBS preschool series, "Deck The Halls" features Patti LaBelle singing jingle bells. A portion of the proceeds from the sale of this video will be donated to Grandma's House, a Washington, D.C.-based organization for children with AIDS.

The episode celebrates the many different ways to celebrate the season, including Kwanzaa, Hanukkah and Las Posadas observances (\$14.98).

New arrivals at Media Play, with outlets in Southfield and Waterford, include "Once Upon A Forest," "Speed Racer," "A Goofy Movie," "All Dogs Go to Heaven," and "A Little Princess" (\$8.99-\$19.99). Look for "Free Willy 2" and "Power Rangers" in November.

Wallace and Gromit are the claymation heroes of the comedy thriller and 1993 Academy Award-winning animation film "The Wrong Trousers" (\$9.98). This newly released home video from BBC Video and CBS/FOX is sure to claim the hearts of children and adults. It's been called "brilliantly funny" by critics.

All of the above-mentioned videos are available through local video retail outlets.

Kideo Productions introduces the first-ever personalized children's videos, in which real kids are the stars. Through the use of video digital technology, Kideo incorporates a child's photo into a fun-filled educational video story. Recommended for ages 2-6, Kideo is available by calling (800) 33-KIDEO (\$29.95-\$34.95). Finally, in response to parents' concerns about what their children are watching on television, TCI developed a new concept in remote controls called Kid Control.

Channel Rover, a purple puppy, and Remote-A-Saurus, a bright red dinosaur, are kid-friendly eight-channel universal remote controls.

Pre-programmed by parents, these remotes let children click right on their favorite channels. The buttons feature recognizable logos of channels like Disney, Nickelodeon and The Discovery Channel (\$29.95 for TCI cable subscribers). This is a most clever and innovative gift idea.

Linda Bachrack welcomes column ideas and suggestions of merchandise to feature each week. Contact her via fax at (810) 644-1314, or call her at (313) 953-2047, mailbox 1889.

LOOKING AHEAD

What to watch for in Malls & Mainstreets next week:

- Is there really "glamour" in the kitchen? The owner of four Kitchen Glamour shop says 45 years in business proves it!
- A sneak preview of holiday mall exhibits.
- Linda Bachrack goes shopping for the newest ski fashions.

Wellnesswear debuts at Saks

Needing money for the work of the Wellness House on West Warren in Detroit, development director Ken Malecke turned to local graphic designer Dominic Pangborn with a modest plan.

Would the award-winning artist create a line of high-end merchandise that could be sold through department stores to raise funds for Wellness House programs helping those afflicted with AIDS and HIV?

Malecke wanted the merchandise design to symbolize hope for those with the disease, and also be a warning and education for the rest of society.

Not only would Pangborn design the symbol, he agreed to develop a line of sophisticated merchandise suitable for fine stores.

"I have a hard time saying no to requests for charities that help people," Pangborn said. "I can pass on saving buildings, but not on people. I liked the idea of products that raise funds. This way, a second collection can be introduced after a few years, and money for the charities can continue."

Malecke contacted Saks Fifth Avenue next, and with the intercession of Sak's fashion director Cheryl Hall, the retailer agreed to be the first department store to sell the merchandise at 100-percent Wellness profit.

The Wellnesswear Collection will be available in mid November at the stores in the Somerset Collection, Troy, and the Fairlane Town Center, Dearborn.

"The apparel is intensely fashion-

oriented," Pangborn explained. "The public can wear it to voice their support in the fight. We think the design is sharp and intelligent — something people will be proud to own and wear."

Saks' Hall said a Wellnesswear Boutique is being created on the store's main floor to showcase the line's apparel, stationery and china items. The store is donating floor space and sales associate time to promote and sell the Wellnesswear Collection.

"The Wellness House deserves our efforts," she said. "Saks feels blessed to be a part of this program. The best part is that the dollars stay in Detroit. It's local. It benefits our community."

The Wellnesswear Collection consists of fine china place settings, a scarf, cummerbund and bow-tie or tie set, stationery and notecards, golf shirts, T-shirts, tank tops, baseball caps, and tote bags emblazoned with Pangborn's vivid, primary colored design — the new symbol of the fight against AIDS.

The merchandise is priced between \$20 and \$200. It can be ordered directly by calling 1-513-667-5035. The Wellness House is a shelter for people with AIDS and also a food delivery service. It feeds some 800 families daily.

Cause marketing: These Wellnesswear items will be sold through Saks Fifth Avenue to raise funds for families living with AIDS at the Wellness House in Detroit.

Spirited mall fun planned

Every year the number of families haunting the malls on Halloween grows stronger. Malls respond with treats, games and entertainment for all.

Her children's safety on the dark city streets, coupled with the freezing rain outdoors, led one Farmington Hills mother to pack up her costumed crew and head to Twelve Oaks Mall for trick-or-treating last year.

She was not alone. Twelve Oaks marketing director Elaine Kah reported that the mall was filled with thousands of trick-or-treaters — their mothers and grandmothers apparently sharing similar concerns.

"Twelve Oaks will once again host trick-or-treating from store to store on Oct. 31 beginning at 6:30 p.m.," Kah said. "At 6 p.m. we'll present Boogah & Hoogah's Haunted House Party at 6 p.m. in center court. The activities are free and parents should remember to bring their cameras."

Lakeside Center in Sterling Heights will also offer treat-or-treating throughout the mall, beginning at 6:30 p.m. — courtesy of Lakeside merchants.

At Wonderland Mall in Livonia, the Mask Puppet Theater performs "Halloween Mischiefs" at 1 p.m. and again at 5 p.m. in center court. "The first 200 children who come to the Information Booth in costume will receive a goodie bag," said spokeswoman Robbie Sherman. There won't be any trick-or-treating at Wonderland.

At Westland Center, a performance will also take the place of trick-or-treating. "Happy Halloween Magic Show" is set for 6:30 and 7:30 p.m. in the center court. "Master illusionists William and Di Schuler will intrigue families with bewildering illusions and all children receive a free trick-or-treat bag to use later on Halloween night," said spokeswoman Claudia Frederick.

At Summit Place in Waterford, marketing director LuAnn Slawinski said trick-or-treating will be held from store to store from 5-6 p.m. for the fifth year.

"CPI Photos will also offer free photos in the grand court near Montgomery Ward for kids 12 and under accompanied by a parent," she said. "Comcast Cable will be filming their television show so all the little ghosts and goblins are invited to our Playland area for a possible television appearance."

NEW CHEF
The Neiman Marcus Cafe (located on the third floor of the store at the Somerset Collection, Troy), welcomes Dan Vernia as new head chef. Vernia, a Rochester resident, said he plans to feature two different soups in the cafe each day, along with special salads and seasonal entrees that take advantage of what's fresh in the market place. Previously, he worked in the kitchens of Walden Lake Inn in Arcadia.

We'll also be serving entrees from the new Neiman Marcus cookbook "No Jacket Required," he said. The Cafe is open from 11 a.m. to 5 p.m. Monday through Saturday.

NORTHLAND NEWS
Ashley Stewart Woman and Dolce Vita are now in the Northland Center near the Hudson's court and Dejaz.

With more than 6,000 square feet of space, Ashley Stewart specializes in designer clothing for women in sizes 14-26. The store can completely outfit a woman, carrying everything from special occasion dresses to lingerie. Lines represented at Ashley Stewart include suits from Jones New York, and colored denim jeans by Jordache.

Ashley Stewart Women has 21 stores in the U.S. It's based in New York and was founded in 1991 to offer customers the latest fashions without the six-month lag that previously delayed the creation of larger-sized designs.

Dolce Vita sells fashion for ward women's clothing and accessories in an art deco format — complete with a juice bar in the corner of the store.

TWELVE OAKS CHANGES
The Limited Too, a fashion retailer for girls formerly housed inside The Limited Store, now has

its own shop on the upper level near J.C. Penney. The 2,500-square-foot store targets girls ages 4 to 16 with back-to-school and after-school clothing. The store launched a denim line in a variety of washes and silhouettes.

Flofax, hope for the terminally disorganized, is also new at Twelve Oaks in Novi. The British-based store sells organizers, time planners, 600 types of paper inserts, the Yard-O-Led writing instruments, maps, checkbook holders, etc.

CATERER RELOCATES
Annabel's & Company is now in Southfield, offering cuisine and creative tabletop displays. The company of five specializes in mingling flowers and food for breathtaking centerpieces. For more details call (810) 354-6155.

CUSTOM KNITWEAR
Elizabeth Fields Hand-Knit Designs (above Leo's Coney Island, 154 S. Woodward in Birmingham) is open with sweaters, vests, pants, scarves and other accessories. Handcrafted buttons are the shop's trademark. Custom garments can be ordered for men, women and children. The shop is open Tuesday through Saturday, 11 a.m. to 4 p.m. Hours by appointment. For more information, call (810) 642-5064.

LATEST IN LINGERIE
Intimate Secrets is open at The Boardwalk shopping center in West Bloomfield. The store is owned by Leonard Epstein and features lingerie and undergarments for "the young at heart." Inquiries are welcome at (810) 932-0142.

MARKETING PLAN
To increase shopper awareness of their products, Jacobson's will air "Holiday Stories," a series of three half-hour "infomercials" on WXYZ-TV. The shows will air: Sunday Nov. 26 from 3 to 3:30 p.m.; Sunday, Dec. 3 from 1 to 1:30 p.m.; and Saturday, Dec. 9 from 4:30 to 5 p.m.

Spokeswoman Janice Hayes said the company spent half of its fourth-quarter advertising budget

"to maximize our voice in an increasingly competitive retail market."

STAFF STYLIST
Tracy Jay Hanks joins the staff as stylist at Saks Fifth Avenue Beauty Salon in the Somerset Collection, Troy. Hanks is formerly of Salon Hyat and The Palazzo Hair Galleria. His advanced studies include the Jean Louis David Academy, Vidal Sassoon, and the Horst Academy.

NEW SHOP IN FARMINGTON
Larry Lebowitz of the Save More Sleep Shop opened a second location at Grand River and Farmington, (810) 474-0890. The original store is in Waterford. Lebowitz has merchandise "a step above in quality, a step below in price." He said he offers "small-town" personal service on custom daybeds and bunk beds and special orders. Most of his products have a 10-year guarantee.

LEE'S SPECIALTY UPDATE
Closing their locations at both Somerset Collection in Troy and Maple east of Telegraph in Bloomfield Hills, Lee's Specialty has moved a block east on Maple to larger premises in the former McQueen's Carpets store on Maple.

"We've consolidated and moved to larger headquarters to continue the detailed personalized service we give our clients with their stationery, invitation and gift needs," said owner Solange Messelien. Inquiries are welcome at (810) 646-6700.

SIX AT FAIRLANE
Six new specialty retailers will open at Fairlane Town Center, Dearborn this fall: Spencer's Halloween, Guess? (specializing in casual wear for men and women), Aldo Shoes (Canada's premier retailer of high fashion footwear), Barnes & Castle (Toronto-based housewares retailer), Gymboree (infant's and toddler's apparel), Churchill's Ltd. (gifts, collectibles and tobacco products).

ANTIQUES MALL DEBUTS
Knightbridge Antiques Mall is open on Seven Mile, west of I-275 in Northville. More than 100 dealers have wares on display, making the shopping stop "the biggest antique center in southeast Michigan," according to owners Bruce and Linda McKenzie. The couple has room for up to 300 dealers. The mall is open seven days a week from 11 a.m. to 6 p.m. Wednesdays until 8 p.m. For more details, call (810) 344-7200.

OFFICE STAPLES ARRIVE
Staples for the desk set, opened six metro stores in the former PartiGiant locations in Rochester Hills, Westland, Roseville, Farmington Hills and Taylor. There is also a Staples in Dearborn. The office supply stores are based in Framingham, Mass. In May, the company announced acquisition of 126-year-old Macaulay's Business Resources Inc., based in Canton. Plans call for 30 Michigan stores by the end of 1996. According to a company spokesman, in just nine years, Staples Inc., has reached over \$2 billion in sales. The company operates 383 stores in more than 100 markets in the U.S. and Canada. There is also a branch that serves the United Kingdom and Germany.

Mall hosts Revlon beauty tour
Revlon's Creme of Nature "Herba Rich" Tour stops off at Wonderland Mall Saturday, Nov. 4. A fashion show at 2 p.m. in the mall's center court tops off the visit.

Throughout the day, Revlon employees will demonstrate products, distribute samples, and hold drawings for T-shirts and promotion items. Wonderland Mall is at Middlebelt and Plymouth Roads in Livonia. For more details call (313) 522-4100.

Graveyard game debuts

Suspenseful surprises: Just in time for Halloween, Pressman Toys introduces Grave Danger. Spin the Dial-of-Doom to escape a gruesome three-dimensional graveyard. Beware of the Mummy's Tomb. . . . For two to four players. Ages 8 and up. Suggested price: \$19.99. Available at Toys R Us.

Fun from page 6B

the mall will be awarded to winners of a costume contest at 7 p.m. in center court. Trick-or-treating is available from 6-7 p.m. after guests visit customer service for a list of participating stores.

At MeadowBrook Village Mall in Rochester Hills, trick-or-treating is set for 6:30-8:30 p.m.

Livonia Mall presents "Spooky Magic" at 4 and 5 p.m. onstage near Crowley's. Families can watch ghosts appear, see a draw-

ing of Frankenstein come to life and review safety tips presented with magical effects. Trick-or-treating is not available.

Oakland Mall in Troy is open to trick-or-treaters on Halloween night from 6-8 p.m.

Orchard Mall in West Bloomfield, the Somerset Collection in Troy, Northland Center in Southfield, and Laurel Park Place in Livonia have no Halloween activities scheduled.

Retail Realities

Marshall Field's was founded in 1852 when merchant Potter Palmer opened a dry goods store in downtown Chicago. Marshall Field became a partner in the business in 1865, and 16 years later, became chief proprietor, renaming the firm after himself.

At the turn of the century, Marshall Field's was the largest wholesale and retail dry-goods establishment in the world.

In June 1990, the Dayton Hudson Corp. purchased Marshall Field's and together the three store groups became the Department Store Division of Dayton Hudson Corp., with annual sales nearly \$3 billion.

The department store division operates 64 stores in nine states. (DHC also owns Mervyn's and Target.)

More Than Mutual Funds — A Whole New Way To Invest

Discover The Fidelity Investor Center

Come In For Your Free Personal Review

At Fidelity Investments, we took the commitment to excellence that's helped make us what we are today and put it to work in creating a new and better way to invest. It starts when you visit one of our local Investor Centers.

And Helpful Information Without Sales Pressure

You can begin by making an appointment for a free portfolio review. Using our powerful Workstation software, we'll help you project "what if?" scenarios to assist with your planning and investing, even showing you the potential impacts of taxes and inflation on your investments over time.

And whether you're looking for market information such as Value Line and Standard & Poor's Guides, or to sign up for one of our free seminars, we'll focus on providing just as much — or as little — assistance as you need to take your next step.

Most of all, you'll find a relaxed, comfortable atmosphere for talking about all of your most important financial goals.

Find More Of The Investments You're Looking For

- Choose among a full range of mutual funds, not only Fidelity's but hundreds of no-load funds from other popular companies.
- Discount brokerage services that can save you up to 76% vs. full-cost brokers.*
- U.S. Treasuries, annuities, no-monthly-fee asset management accounts and more.

1996 Dodge Ram oozes with power

By Anne Fracassa
Avanti NewsFeatures

This truck oozes testosterone.

I don't care if you see the Dodge Ram pickup truck on a construction site, dirty and dusty as a work truck, or a Dodge Ram Club Cab in the driveway of a suburban home poised ready to haul a couple of kids to the local ballfield — it just oozes testosterone.

Never has a car company captured the true essence of a full-size truck, making it so in control, so commanding, so masculine.

But you know what? It isn't just men buying this truck. I've seen young blondes and brunettes, middle-aged moms driving their kids to school and yes, there are young men and middle-aged men and elderly gentlemen driving Rams.

These people are truly "TRUCK" people.

Take my neighbor, Marty, for example. He's been tooling around in his Ford F-150 for almost 10 years now. Tough truck, he says, been through some rough and tough times. But he had his eyes on a Ram. Another guy down the street had just bought one.

After checking with dealers all over town, he found there

ROAD TEST
By
Anne Fracassa

were no more 1995s around. Disappointed — no, crushed — he settled in for what may have been another four or five months before the new models adorned the showroom floor.

But after dropping off his kids' baseball equipment, Marty spotted a car hauler with some Dodge products on it — and lo and behold, there was a lone, black Ram Club Cab on top. It must've been the last one — Club Cab sold out its production run in 1995.

Well, Marty followed that

car hauler, stayed on its bumper for miles until it pulled into a Dodge Truck dealership. It wasn't even off the hauler when Marty was handed the keys to his new Ram.

"I snagged one," he said with an ear-to-ear grin as he drove into his driveway. I keep telling Marty he's going to rub the paint off of that Ram if he doesn't quit washing and polishing it every day.

He's what I call a true "truck" person.

No mistaking here, the 1996 Dodge Ram is a real truck. Test-driven was the Club Cab, just like Marty's — even black. And it was a real gem.

The Club Cab has a full bench people-sized back seat. We went up north to Birch Run, about an hour's drive north of Detroit, and came back with a truck-load (no pun) of stuff in the back seat and my 2- and 4-year-old girls never whimpered — that's how

much room there was back there. (If you don't have toddlers, you may forget how large and clunky those toddler car seats are.) Both the Regular Cab and Club Cab have the roomiest interiors of any other full-size pickup on the market, by the way.

The Dodge Ram is offered in Regular Cab, Club Cab and Cab/Chassis models, in 1500, 2500 and 3500 models, in 2- and 4-wheel-drive and in gas and diesel engine versions.

Safety has been well thought out here as well, with a standard driver's side airbag, side impact beams and available 4-wheel anti-lock brakes.

There are three trim levels available, including Work Special, LT, SR and Laramie SLT. There are a variety of engines in most models, like the 3.9-liter V6 (170 horsepower), 5.2-liter V8 (220 horsepower), 5.9-liter V8 (230 horsepower), 8.0-liter V10 (300 horsepower) and the 5.9-liter in-line

6-cylinder Cummins turbo diesel (215 horsepower). You can even choose between a 6.5-foot or 8-foot box, depending on the model you want.

We had the ST trim level, which provided a lot of standard equipment, like tinted glass, a carpeted rear cab, two coat hooks, sun visors that had map storage straps, an AM/FM stereo with cassette and clock, 6-way power driver's seat and two-speed intermittent windshield wipers.

The center console is really neat. It's got plenty of storage and can handle a laptop computer as well. Fold everything down and there's a good-sized work area. Fold it up and away and there's plenty of room for another passenger.

Much has changed on the 1996 models, including new sequential multi-port fuel injection for the 8.0-liter V10 engine, increased engine power and torque on the Cummins diesel, on-board diagnostics for all powertrains, new cast aluminum wheels standard on the 1500 SLT and Sport package, new exterior colors, and later in the model year, there will be the availability of a camper suspension package.

The Dodge Ram is a sweetheart of a truck.

Now I'm just dying to get my hands on a Ram outfitted with a Cummins.

As Tim Allen would say if he had a Ram: "Hu-hu-hu..."

Our Aging Cars Deserve Attention

(CCC)—The "graying of America" is a phenomenon that applies to our nation's aging cars as well as their owners. Latest industry reports show our car population now is nearly nine years old, the oldest it's been since 1950.

Eighty percent of these vehicles are three years old or older, more than 30% are ten years old or older.

A car is not necessarily a clunker because it's old, emphasizes the Car Care Council, but it is more likely to be a candidate for repairs and it certainly deserves more frequent under-the-hood checks.

Survey results from National Car Care Month vehicle checks indicate a continuing condition of maintenance neglect on vehicles of all ages. This is due in part to the fact that 80% of all gas is pumped at self-service pumps, where people neglect under-hood checks.

But it's also due to tight money — preventive maintenance some times takes a back seat to other household items, with the ultimate result being costly emergency or catastrophic repairs.
