Schools hope for contract

The schools and teachers' association did not reach agreement Sunday. The teachers' contract expires Friday. More talks are scheduled for Thursday.

BY M.B. DILLON AND JOANNE MALISZEWSKI
STAFF WRITER

Despite a lot of hope, bargainers for Plymouth-Canton Community Schools and the Plymouth-Canton Education Association did not hammer out a new contract at Sunday afternoon negotiations. More talks are scheduled for 3:30 p.m. Thursday, Aug. 29.

It was a 3-1/2-hour meeting. It was not productive. I didn't say we were negotiating. We sat mostly waiting," said PCEA President Chuck Portelli.

School spokeswoman Judy Evola agreed. "There were no meaningful advancements in negotiations. However, everyone is negotiating in good faith."

Following a 7 a.m. meeting at Salem High School today, teachers will report to work. Students will report for a morning session Tuesday.

Negotiators bargained all day Thursday and from 9 a.m.-2 p.m. Friday. Bargaining began in February.

Board of Education Treasurer Sue Davis said, "Our point of view is that we need a contract. There's no other option. It's real important to the board that we have everything in place to everyone's advantage."

The current two-year contract expires Friday, Aug. 30. "They (school officials) are talking about limited extensions," Portelli said, adding that school officials are talking about negotiating only a one-year contract now.

Two major sticking points are salaries and health care. The district has sought cuts in benefits, as well as agreement on a new insurance carrier.

Portelli said teachers now have Blue Cross-Blue Shield. "They (school officials) are proposing to go to a Catherine McAuley or Preferred PPO with co-pays and deductibles increased. With the proposals they are making for health care and the salaries, it's a lot of swallow."

Teachers have maintained that health care issues can't be isolated from salary. "If we accept the cuts they want to make in our health care, then our position on salary will be different," said one teacher.

Public Act 112 has changed bargaining game rules. "The district has the right to bid out all insurances on a yearly basis," Portelli said a couple weeks ago. "But the coverage cannot change without bargaining the coverage."

The expiring contract granted teachers a two-and-a-half percent

pay increase. Entry level pay currently is \$30,997. Top of the scale is \$62,052.

Davis didn't anticipate big changes. "There could be a shift in health care, but I don't think it will change the dynamics," she said.

"The thing that concerns me is that we need to think of the future as well as today," she said. "The decisions we all make will have an impact down the road."

Portelli admitted he was optimistic going into Sunday's session. "But to sit through a session like we did today...we didn't do anything. They didn't bring us upstairs to talk with the board."

Rules have changed. If teachers decide to strike there are economic penalties amounting to the per-diem rate of pay for each individual, plus \$5,000 per day to the teachers association. The district also would be penalized if there is a work stoppage.

"You tell me if you could walk out," Portelli said.

Cuba: a dream for Plymouth photographer

BY KEVIN BROWN
STAFF WRITER

Cuba is a photographer's dream and a great vacation bargain, says a Plymouth businessman who's visited twice this year and plans to return twice this fall.

And for those not troubled about visiting a communist country shunned by the U.S. government, \$500 per week will get you round-trip air fare from Toronto, Ontario to Havana and hotel and breakfast accommodations.

But Quicksilver Photo owner Jack Kenny said a main attraction to the country is the friendship he's struck up with Cuba's national photographer, Roberto Salas.

Kenny, 52, said Havana's colonial architecture and the people make for fascinating photo subjects.

"It's a mix of people, of racial color mixture, a spectrum of skin tones," he said. He plans to exhibit a photo collection at the country's National Archive of Photography in November, and is organizing a showing of Salas' work in Ann Arbor.

Kenny, who has traveled several times to Mexico, first considered visiting Cuba after a niece visited three years ago.

"It sort of was on the back burner. Then this year the son of my best friend was making a documentary film in Cuba, about a documentary film maker, Santiago Alvarez," Kenny said.

The friend and his wife, both doctors, decided in April to visit their son, and Kenny went along.

Because the U.S. government prohibits trade or travel to Cuba, Kenny took his passport to Toronto and took a plane from there, as there are weekly flights to Cuba from Toronto.

Kenny split off from his friends, choosing to stay in the Inglaterra Hotel in old Havana, rather than a tourist hotel. In the first week in April, Kenny said he shot 1,000 slides in and around Havana.

Gone are the casinos that drew tourists to Havana before Fidel Castro's takeover in 1959.

"There's no gambling. But you see people in the streets a lot, they have no air conditioning, it's very sociable," Kenny said.

There's also virtually no crime, another attraction to potential tourists.

"There's music coming out of every house - Latin salsa, dance music," he said. And with some move toward business privatization, the number of small restaurants is growing.

Kids, teachers head back to classrooms

BY M.B. DILLON
STAFF WRITER

In buildings throughout the Plymouth-Canton school district last week, staffers waxed floors, scrubbed walls, checked lockers and stocked classrooms in preparation for the first day of school.

Students report Tuesday, Aug. 27 for a morning session. Today is the first official day back to school for teachers.

Friday found Central Middle School Principal Barb Church ironing a banner.

So one of our parents, Vicki Garrett, volunteered to make a giant banner that says Central Middle School," said Church. "We're going to hang it in our big glass window."

"It's made with special banner fabric from Seattle, and says Central Middle School in giant blue letters on a yellow background. I'm ironing it so that maintenance can hang it first thing Monday morning."

Others were stenciling and painting. Teacher Sandi Jester was sponge painting her second-floor classroom at Central.

Central secretary Sandy Mueller said, "We're checking locks to make sure they all work; and changing combinations if need be. The custodians have done an incredible job this summer."

"They've re-stocked teachers' rooms with books, and moved teachers into different classrooms," she said.

Teachers and administrators throughout the district were putting up bulletin boards, completing last-minute scheduling, and registering students.

At middle schools, sixth graders

were coming in for "mini-tours" of their new schools.

Church shares the hopes of many principals. "We want all our students to experience success at Central," she said. "We've made a number of changes we think are very positive."

"There's lots to be excited about. We have a lot of neat things going for kids. We've planned all year so we can start the school year providing students with positive experiences where they can be academically and socially successful."

Getting ready: Parents were busy buying school clothing and supplies and teachers like Gallimore Elementary School's Maureen Hussey at Gallimore Elementary were putting books in order for the children who will arrive on Tuesday. Meanwhile, school administrators and teachers' union officials were busy negotiating a contract. School survey gives new voice to parents' views

BY M.B. DILLON
STAFF WRITER

'We don't have a long-range plan yet, but we are working at one in a consistent way.'

Charles Little
—superintendent

A Plymouth-Canton Community Schools consultant drove home a point school officials have begun to address: "We were a business without a plan," said Superintendent Charles Little.

"We don't have a long-range plan yet, but we are working at one in a consistent way."

David Castlegrant & Associates surveyed focus groups and 1,500 residents at large on an array of school-related topics.

The results were summarized for the Board of Education by David Castlegrant and Stephen Ball at a recent board meeting. Among their findings and recommendations:

- "Parents were a strong voice in the survey. It's important that their thoughts are considered for future plans."

- "Class size was a critical issue in the study."

- "The MEAP test seems to be unpopular."

- "The district will have to survey again in a year or 18 months in an effort to try to determine what the trends and attitudes are."

Board president Mark Horvath said the board will study the findings and revisit them at its Aug. 27 meeting. "This is the beginning, not the end," he said.

Castlegrant's firm authored the survey, formed focus groups, conducted the survey and reported on it for a \$21,900 fee.

Questions concerned the school district's curriculum; extra-curricular activities; image; leadership; fiscal priorities; facilities; and services.

Respondents also were asked how success should be measured; how employees should be kept current; how accessible schools should be; what type of support is needed for teaching and learning; and what skills students should have.

They also were asked what can be done to improve the district, and whether codes of conduct should be established.

Twenty-one percent of the sample, or 308 residents, returned surveys. Of those, 47 percent were parents with children in Plymouth-Canton schools.

"Educational levels indicate a highly educated population, with 90 percent reporting post-high-school education," reported Castlegrant. "Seventy-two percent of respondents indicated a family income of greater than \$30,000 and less than \$105,000."

Respondents primarily live in Canton Township (55 percent) followed by Plymouth Township (32 percent), Plymouth (12 percent) and other, (1 percent.) Seventy-four percent have lived in the district for three years or more.

Respondents were asked whether they'd spend an extra \$500 per year on smaller classes; more technology; a longer school year or day; more counselors; expanded extra-curricular activities; teacher training; specialized skill training; and new school buildings.

Just one line item — smaller classes — received a majority of yeses.

"Parents as a group have demonstrated that they are more interested in the operations of PCCS. This is the primary group for the district to pay attention to," Castlegrant reported.

"PCCS personnel are well-thought of in the community, with 66 percent saying school personnel are dedicated professionals."

"Curriculum issues were a concern," he added. "Respondents feel that a standard curriculum should be used, and that parents should be given the curriculum at the beginning of the year."

Respondents said the MEAP test and other standard scores are not thought to be useful in measuring success. "Reliance on this test in forming curricula is not a strategy that is likely to be supported by the community," said Castlegrant.

"Curricular items to focus on would include communication skills, building a sense of honesty and responsibility and the ability to function in society. There is a sense among some respondents that values, like building responsibility and honesty, are important, but the responsibility of the family, and not the schools."

One respondent is not likely to become more involved with the schools. Asked what that would require, he or she wrote, "A return to my youth."

The Plymouth Township Board of Trustees voted Tuesday to ban new farming on residential-zoned property parcels of five acres or more, if there had been no recent farming.

The ban does not affect land zoned for agricultural use — an aspect of the issue not reported in a Thursday story on the board action in the Plymouth Observer.

City still receiving complaints about new trash hauling firm

BY KEVIN BROWN
STAFF WRITER

Nearly 14 months after the Plymouth city commission hired a new trash hauling firm, the city is still registering 20-30 complaints per month over service.

"That's better than one a day for every day they collect garbage," said Municipal Services Director Paul Sincok.

"It's about what we expected," Sincok said, as city commissioners opted for the trash hauling firm Painter-Ruthenberg which presented a far lower bid than other vendors.

Painter-Ruthenberg General Manager Bob Matzo said that the number of complaints, compared to the number of garbage pickups since the firm began working in Plymouth, is just over one half of one percent.

"We would prefer it to be zero, but that's not unreasonable, and that's not challenging the validity of the complaint," he said. "I think we are doing a very good job."

"I certainly don't think that number indicates we're providing poor service," Matzo said. "Our goal is to provide excellent service."

In accepting the bid, city commissioners said last year the opportunity to save \$40,000 or more annually was the prime attraction for switching from the firm Mr. Rubbish, whose service sparked less complaints, city officials said.

Matzo said the company was able to bid low because it was passing on lower landfill rates.

Describing typical complaints called in to the municipal services department, Sincok said

callers report "They didn't pick up the recyclables, the trash bag missed the truck and it's broken and left in the street, they didn't pick up their trash, reckless driving."

"Is the trash getting picked up? Yes. Are there more complaints? Yes," Sincok said. "You're paying for a low-cost contractor and that's what we bought."

"We're working with them to try to keep the complaints down, they have a foreman that stops in our office generally every day they're here," Sincok said. "We give him the list of complaints for that day and he follows up from that point."

The three-year contract with Painter-Ruthenberg runs through June 30, 1998.

From July 3 through Aug. 11, the municipal services department recorded 39 complaints on garbage pickup.

City Commissioner Doug Miller said the city commission should review the trash hauling service at some point, to determine if the number of complaints is tolerable. But he said the service doesn't seem to be a problem.

"I think it's important to put the number of complaints in the proper perspective," Miller said. While there are 20-30 complaints per month, he said there are also thousands of trash pickups that don't spark complaints.

"The complaints haven't been at a level where it's been a concern administratively, they have not brought it to our attention and said this is really getting out of hand," Miller said.

"Garbage cans set neatly back on the lawn are great, but are they worth paying for?" he said.

Hearing for robbery suspect adjourned

Friday's preliminary examination for a Detroit man charged with robberies in Canton and Plymouth was adjourned until Sept. 6 by 35th District Judge John MacDonald.

Robert Edward Fawley, 32, is charged with robbing at knifepoint a cashier at the Total gas station at 1066 N. Mill in Plymouth the night of July 22.

He also is charged with larceny from a person at

the Sunoco gas station at Joy and Lilley roads in Canton Aug. 2.

At his arraignment before Judge Ronald Lowe, Fawley was remanded without bond to the Wayne County Jail. He is being charged as a habitual offender, which allows the court to assess one-and-a-half times the maximum sentence.

Voters to decide hotel, car rental tax

BY BETH SUNDRA JACHMAN
STAFF WRITER

Voters get to decide in November whether to impose an excise tax on hotel rooms and rental cars in Wayne County to help pay for a project to build two stadiums in Detroit.

A plan was unveiled last week to build a domed sports and entertainment complex in Detroit next to a previously planned new stadium for the Detroit Tigers baseball team. Under the new plan, however, the Tigers stadium would be built on the east side of Woodward rather than the west.

The domed stadium would house the Detroit Lions football team, which currently plays at the Silverdome in Pontiac.

The ballot question will ask voters for permission to put a 1 percent tax on hotel rooms and a 2 percent tax on rental cars.

During a specially called meeting Thursday, Wayne County commissioners voted 12-3 to put the proposal on the Nov. 5 general election ballot. Local commissioners split along party lines in the vote. Commissioner Michelle Plawecki, D-Dearborn Heights, and Vice Chair Kay Beard, D-Westland, voted in favor, while Thaddeus McCotter, R-Livonia, and Bruce Patterson, R-Canton Township, voted against.

After hours of discussion and questions, commissioners voted on four aspects of the project. Besides voting to put the tax

proposal on the ballot, commissioners approved the Memorandum of Understanding between the city of Detroit, Wayne County, the Detroit Tigers and the Detroit Lions. They also approved the ordinance language to levy the excise taxes and the Articles of Incorporation forming a Detroit/Wayne County Stadium Authority.

"We cleared another hurdle, but we've got a long way to go," deputy county executive Mike Duggan said after the meeting, adding he was glad to see it approved by such a strong vote. The next step is forming the stadium authority, which will immediately begin "nailing down" the land acquisition, Duggan said.

Under the agreement, in the next 10 weeks the authority must have land acquisition costs nailed down and within budget, and the Lions must have \$50 million in corporate donations to meet a Nov. 1 deadline.

Patterson raised concerns that the ballot language on taxing hotel guests only says "transient guests" and that people living in hotel rooms would be subject to the tax, which has been referred to as a tourist tax.

Also, the tax on car rentals would affect Wayne County residents as many local residents rent cars when having their own cars serviced, he said.

"This is absolutely an excise tax, and a tax is a tax is a tax is

a tax," Patterson said, adding he opposes new taxes.

As for the \$50 million in corporate donations the Lions organization is to raise, corporations only have a certain amount per year to donate and donations to the stadium project could dry up donations to other causes such as community foundations or colleges, Patterson said.

McCotter also opposed the proposal. "While we call it a tourist tax there will still be Wayne County residents who will be affected by this tax," McCotter said.

McCotter said he also opposes \$20 million for the project coming out of the Northville Township property sale. McCotter also represents Plymouth and Plymouth Township.

Plawecki and Beard voted in favor, but Plawecki moved to have the ballot language and the ordinance language reconsidered

so commissioners could vote on them separately. The commission voted on them together the first time.

"I voted yes to put it on the ballot," Plawecki said, but she voted against the ordinance to impose the tax saying it is premature. "I'm not in favor of raising taxes," she said.

While she voted to let the voters decide, she said she does have concerns about the stadium proposal. "What are going to be the benefits to western Wayne County?" she said. "Are all of our hotels going to be filled up?"

Plawecki also represents Livonia east of Middlebelt and Redford Township.

Beard, who also represents Garden City, added language at the end of the proposed ordinance that it wouldn't go into effect unless the voters approved the ballot language. "It does underscore that we are not

putting a tax on the people," she said. "The people will be voting."

"I think the voters really have the right to determine whether or not they support it," Beard said.

"I think having the two stadiums next to each other is a pretty exciting proposition," she said. The project will spark construction and permanent jobs, she said.

Bill McMaster, state chairman volunteer of Michigan Taxpayers United, criticized the special meeting and the commission's vote. The public hearing on the proposal was held during the committee of the whole meeting, which began around 10 a.m.

instead of during regular session. The commission was scheduled to go into regular session at 1 p.m. but didn't adjourn from committee of the whole until 2:55 p.m. and didn't reconvene in regular session until 3:55 p.m.

The vote on the stadium came at about 5:10 p.m., and McMaster wasn't permitted to speak until afterward.

"Had we known we had public comment there would have been a thousand of us here," McMaster said.

Commission chairman Ricardo Solomon defended the meeting and said the meeting had been advertised in accordance with the Open Meetings Act.

KEEP YOUR GUARD UP!
In recognition of the fact that injuries to teeth and the soft tissues of the mouth occur all too often (and unnecessarily) in sports, mouth guards are required equipment in amateur football, lacrosse, and hockey. And, if the American Academy of Pediatric Dentistry has its way, mouth guards will be required for such school sports as basketball, baseball, and softball, as well as for such seemingly "safe" sports as gymnastics. This recommendation is very much in keeping with the dental profession's firm belief in preventive behavior's ability to stave off dental disease and trauma. The least expensive type of mouth-guard protection comes in the form of a boil-and-bite model available from sporting goods stores.
The dentist, however, offers custom-made mouth guards that both fit better and can be designed to accommodate braces. Even this more expensive form of protection costs less than fixing loose or knocked-out teeth.
At LIVONIA VILLAGE DENTAL ASSOCIATES, we recommend the use of mouth guards. Let us help you keep your naturally beautiful smile. We want to provide you and your family with the best dental care possible. Prevention - brushing, flossing, and regular professional cleanings and checkups - is still the best road to dental health. Our office is located at 19171 Merriman Road. Please call 478-2110 to schedule an appointment. Smiles are our business.

City delays action on township resident fee increase

BY KEVIN BROWN
STAFF WRITER

A recreation fee increase for Plymouth Township residents is on hold.

That's one of the items agreed to Wednesday as representatives from the city and township governments met to discuss recreation.

The government people also heard from a consultant about surveying residents of greater

Plymouth to best determine recreation needs. Also at the meeting were Plymouth YMCA officers.

In putting together the city's fiscal year budget this spring, city commissioners and the city administration agreed that a fee hike for non residents made sense. That's because it would keep city residents from subsidizing recreation services for non-residents.

'A survey could provide information to the township and city governments about what recreation need exist in the community.'

Some township officials objected, saying city residents get the resident greens fee rate at the township golf course, and the city-run soccer program uses some fields in the township.

other recreation revenue sources including ice rentals are strong and could offset the projected loss.

Representing Plymouth Township at the meeting Wednesday were Supervisor Kathleen Keen McCarthy, Trustee Chuck Curmi and Finance Director Rosemary Harvey. Representing the city were Mayor Ron Loiselle and City Manager Steve Walters.

Plymouth YMCA Executive Director Joanne McCarthy and Vice President Thomas LaBeau were also at the meeting. The parties talked about coordinating recreation programs between the YMCA and the two governments, reported government officials attending the meeting.

"A survey could provide information to the township and city governments about what recreation needs exist in the community and also the degree of interest in and support for current programs by local residents," according to a joint city-township communication on Wednesday's meeting.

The firm is to submit a proposal this week, so the two government boards can have a chance to vote on whether to approve a survey in early September.

The next city-township recreation meeting is Sept. 12.

CITY OF PLYMOUTH AND CHARTER TOWNSHIP OF PLYMOUTH

The Charter Township of Plymouth and the City of Plymouth met on August 21, 1996, to continue their discussion about future of recreation in the community. The Township was represented by Supervisor Kathleen Keen McCarthy, Trustee Chuck Curmi and Finance Director Rosemary Harvey. The City was represented by Mayor Ron Loiselle and City Manager Steve Walters.

Mr. Edgar Johns from Human Synergetics International was present to discuss the process of conducting a community recreation needs survey. A survey could provide information to the Township and City governments about what recreation needs exist in the community and also the degree of interest in and support for current programs by local residents. It was agreed that the company would submit a proposal for conducting such a survey in the next few days, for consideration at the September board meetings. Information about the process for conducting such a survey will be prepared for the next joint meeting, to be held within the next four weeks.

Plymouth YMCA Executive Director Joanne McCarthy and Vice President Thomas LaBeau were also present at the meeting to share the future plans of the YMCA and how they might be coordinated with the Plymouth community's other recreation programs and resources. Examples of cooperation in other communities between local YMCA's and local government recreation programs were discussed. It was agreed that the YMCA could play an important role in meeting the community's future recreation needs, and that they should participate with the City-Township committee on a regular basis.

The next meeting of the City-Treasurer recreation committee is scheduled for September 12th. Further work on the needs survey will be a primary topic of the meeting.

Haunted house help needed

The Plymouth-Canton Jaycees need volunteers and plenty of community support for their annual Jaycees Haunted House.

Proceeds pay for the July 4 parade and fireworks and for upkeep on Jaycee Park. And this year, said Jaycee President Kathy Pumphrey, the group plans to start a foundation to pay for scholarships.

Bonadeo builders and Tillman Electric have donated services to the haunted house, to be located in a warehouse behind Plymouth Landing. "We need volunteers to help decorate it, we need volunteer ghosts to help work it with us," Pumphrey said. To volunteer, call the Jaycee hotline at 453-8407.

The group is also launching a membership drive in September. "Whether you join for leadership training skills or for community service, we have a great time," Pumphrey said. Members are between the ages of 21 and 39.

The group meets at 7:30 p.m. the fourth Thursday of each month at the Plymouth Township annex building at Lilley and Ann Arbor roads. There is an open house for new members at 7:30 p.m., same place, for new members.

PLYMOUTH BRIEFS

The group also sponsors a road rally Sept. 21.

Park improvements

Plymouth Township Park will be closed in October so \$312,606 in work can be done to improve parking lots, sidewalks and drainage.

Township trustees on Tuesday approved awarding the contract to low bidder Detroit Concrete Products. The bid came in at \$8,000 less than the township engineering consultant predicted the work would cost.

Improvements include removing the parking lot

north of the baseball diamonds, expanding the parking lot west of the ball diamonds, building a new parking area near shelter No. 2 and sidewalks and ramps, and replacing most other paved parking areas.

New roof

Plymouth city commissioners Aug. 19 approved spending \$14,259 to replace the roof at city hall.

While the city administration had budgeted \$20,000 for the project, officials were able to take advantage of a low bid from A.R.K. Enterprises of Plymouth.

Fred just didn't want to be bothered. But then I didn't want to be a widow.

Too many men don't bother with prostate exams.

Fact is, it's no bother. The exam takes only a few minutes of your time. Once every two years if you're in your 40s; once a year if you're over 50 or have a family history of prostate cancer.

Regular screening can detect prostate cancer early, while it is still curable.

A few minutes of your time. It's really no bother. And your family will thank you for it.

Flipper fun: The dolphin pen, \$6, at Natural Wonders, comes complete with dolphin squeels, each time you click it.

Make a point with your pen

BY JANITA GAULZETTI
SPECIAL WRITER

No matter what kind of student you are, there's a pen to match your personality type. As marketing director at Lakeside mall in Sterling Heights, I spent an afternoon shopping for the write stuff before deciding to pen this column. Here's a quick course by Lakeside merchants on how to match your student personality traits with the appropriate writing instrument for school.

The kid at heart

No need to fool around, yours is the Mickey Mouse pen from the Disney Store. Made from carved wood, the extra fat pen is trimmed with tiny Mickey silhouettes in three places. It's \$65.

The heavy notetaker

The college profs can give long-winded lectures that require lots of note taking, so pamper yourself with the Sensa pen. It has gel pads where your thumb and forefinger grasp the pen shaft. It's designed to prevent fatigue for those who need to take copious notes or write lengthy history essays. As an added bonus, the pressurized pen can write upside down. Available in silver for \$50, or solid copper for \$125 at Natural Wonders.

The well-rounded athlete/scholar

Just as you are multi-talented, so is the Quad Pen by Franklin Quest. It writes in four different colors: black ink, blue ink, red ink or pencil. It's perfect for jotting notes in one color, making corrections in red and penciling in the football schedule on your calendar. The pen case comes in marble blue, green, black or burgundy. It's \$39 at Franklin Quest.

The corporate climber

Success is important to you, and the Mont Blanc pen is recognized worldwide as a symbol of success in the business world. The best and the brightest gravitate to this pen. Its white-capped pen tip is modeled after the white snow-capped mountain by the same name in Germany. Prices start at \$123 at Bentley's Luggage.

The intellectual

Do you identify with tortoise framed eyeglasses or take a low-risk, slow and steady approach to life? Perhaps your perfect pen pal is the tortoise shell ball point by Calibri. Replete with gold accents and a gold pocket clip, it has a twist closure to prevent pocket smudges of ink. It's \$39.95 at JB Robinson Jewelers.

Future environmentalist

Young tree huggers will appreciate how the Orca whale pen makes the sound of an Orca whale each time you click the pen to write. Or its sister dolphin pen makes dolphin noises. The pens come in their own satin neckwraps to wear when not in use. They're \$6 at Natural Wonders.

The fraternity guy

Your fraternity brothers will probably want to borrow this unusual pen, but just say "later." Churchill's wooden golf pen has a tiny golf club for its clasp, a wooden pen shaft and comes in its own matching wooden case. It's \$16.

The future CIA recruit

Middle school boys and girls who love secret messages and mysteries will love the Talk Boy or Talk Girl pens by Tiger. Popularized a year ago by the movie Home Alone II, they're still hot sellers. The pens record your voice and will play it back at different speeds. The pens make six different sound effects, like sirens and whistles that will amuse your friends and drive the substitute teacher buggy. They're \$25 at Kay Bee Toys.

The moody type

Without a doubt, your match is the mood pen that changes color to reflect your inner feelings. It responds to your hand temperature, to see if you're uncontrollable (purple), aggressive (blue) or another mood altogether. It comes with its own chart that matches colors with moods. The ball-point pen with twist closure is \$6 at Natural Wonders.

Discounters get the most school sales

A national retail survey says parents will spend about \$350 per child this back-to-school shopping season.

According to the American Express Retail Index, which monitors consumer retail spending trends, and is based on a survey of 1,000 consumers nationwide, parents will spend an average of \$363 per child for back-to-school items this year. This is an increase of 12-percent, compared to 1995 figures.

The survey also revealed that nearly one in five parents (18-percent) say they plan to spend \$500 or more for back-to-school gear.

Nearly half, 49-percent of parents, will use a combination of cash (65-percent), checks (16-percent) and credit cards (15-percent) to pay for such back-to-school items as clothing, classroom supplies, textbooks and electronics.

Parents say children will also contribute to the budget, pitching in an average of 19-percent from their own savings.

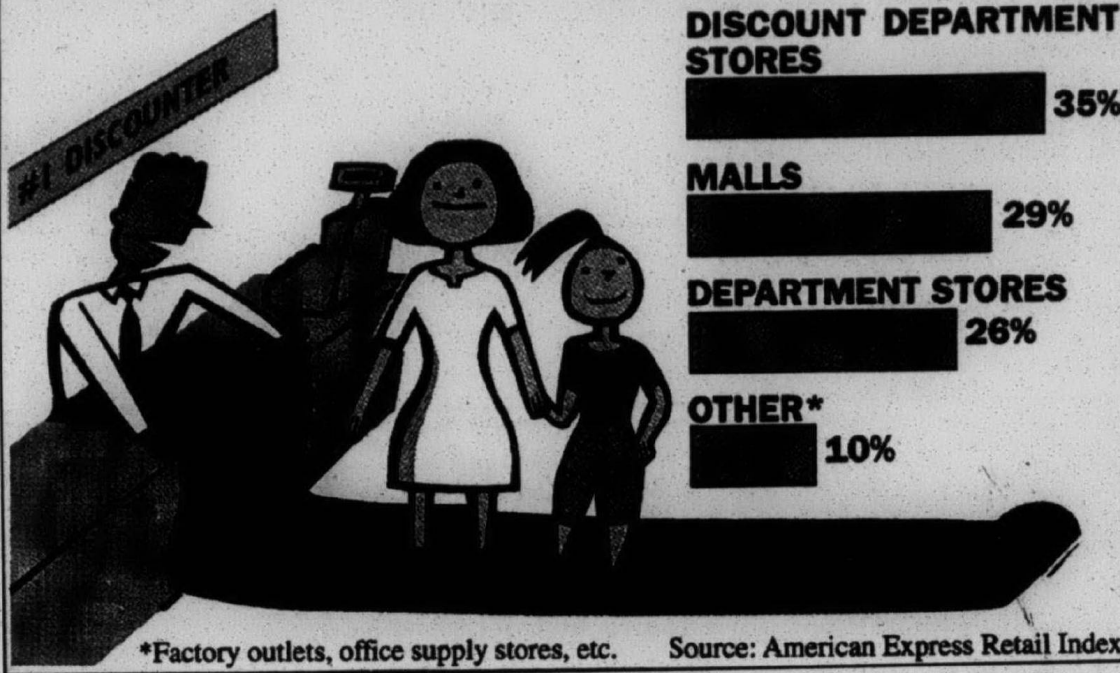

Surprisingly, and contrary to last year's back-to-school survey, results showed that college boys are dramatically more style-conscious than college girls (54.7-percent versus 28-percent).

The survey also found that nearly half of all students are considered style-conscious by their parents. On a scale of 1 to 10, with "10" being extremely style-conscious, and "1" being not at all style-conscious, 45-percent of parents gave kids an "8" or higher.

Parents report that high-schoolers are the most brand-conscious about their clothing although elementary and college students also demonstrat-

WHERE AMERICA SHOPS FOR BACK-TO-SCHOOL

According to the American Express Retail Index on back-to-school shopping, more than one third (35%) of back-to-school shoppers plan to shop at discount department stores, making it the top pick among retailers.

ed strong preferences for certain brands.

The top brand names among all three groups of students were Levi's: 45-percent, followed by Nike: 39-percent, The Gap: 17-percent, Reebok: 16-percent, and Guess: 13-percent. Designer labels are also popular, with Tommy Hilfinger, Calvin Klein and Polo/Ralph Lauren each preferred by 5-percent of back-to-schoolers.

Wardrobe basics top the list of most-shopped for items in August, although clothing and general school supplies were each cited by 87-percent of respondents as the top two items on their back-to-school shopping lists.

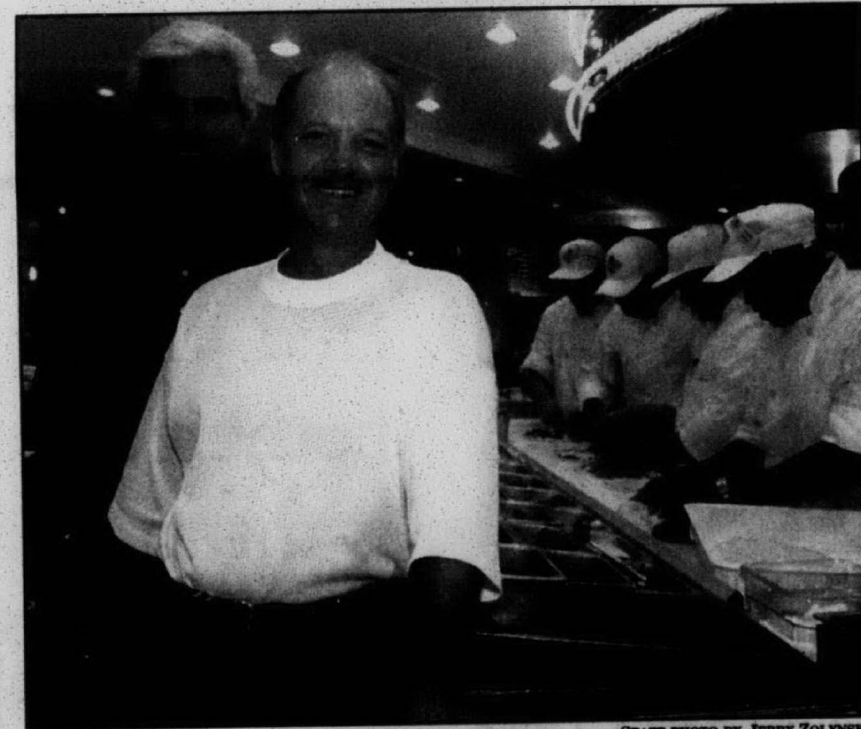

Clothing will account for more than half, 58 percent, of the back-to-school shopping budget.

Supplies will account for only 21 percent.

Top clothing items are back-to-school basics including jeans (61-percent), shirts and tops (57-percent), underwear (30-percent), sneakers (26-percent) and non-denim pants (20-percent).

Parents have more influence over where to shop for back-to-school (63-percent versus 31-percent) and their kids have more influence over what items are purchased (50-percent versus 39-percent).

Nearly two-thirds (64-percent) of parents will shop with their kids, with parents of grade-schoolers doing the most shopping at discount department stores, (42-percent), and parents of high schoolers favoring malls (40-percent).

Reinventing good food: California Pizza Kitchen founders Larry Flax (left) and Rick Rosenfield, visit their new Somerset Collection North eatery for the grand opening.

Upscale family dining at a new mall kitchen

BY SUSAN DEMAGGIO
STAFF WRITER

With the hope of offering upscale families a nutritious, delicious place to eat, two federal prosecutors left the courtroom for the kitchen, founding California Pizza Kitchen in 1985 in Los Angeles.

Eleven years, 77 restaurants, and \$160-million worth of pizzas later, Larry Flax and Rick Rosenfield brought CPK to Michigan - their 78th restaurant is now open in the Somerset Collection North in Troy.

"Forbes-Cohen (Somerset's developers) have been trying to get us here for many years," Flax said, in town for an opening benefit for the Karmanos Cancer Institute. "We're in their Palm Beach Garden shopping center and it's been a great experience."

The trademark of all CPK restaurants is a wood-burning oven which

bakes the pizza in three minutes. The short cooking time under intense heat preserves the natural, fresh flavors and characters of the toppings.

And what a variety of toppings - barbecued chicken, Thai chicken, Peking duck, bacon-lettuce-and-tomato, shrimp pesto, tostadas and of course, pepperoni, sausage and mushrooms.

Strict vegetarians will appreciate the custom catering, no cheese, no meat, no problem.

In addition to pizzas, the restaurant serves a variety of salads, soups, pastas and desserts, beer, wine and liquor.

"We basically reinvented pizza," said Rosenfield, with a wide grin. "But historically speaking, in Italy they made pizzas like ours before they ever had tomatoes, or sauce, that's the American touch."

WESTLAND MALL HOSTS LITERACY PROGRAM

Westland Shopping Center is partnering with the city and the soon-to-open library, for a Back To School promotion to stress the importance of reading. (The city's first library, The William P. Faust Library, will open in November.)

From Sept. 11-15, the mall will hold a 20 to 30-percent off shoe sale where customers can receive \$5 off new shoes from participating stores if they donate a used book (for kids or adults) at the time of purchase.

From Aug. 26 through Sept. 30, families can sign a pledge book in east court near Customer Service, promising to read a book. The pledge book will be sent to Gov. Engler in support of National Literacy Month.

All books will be donated to First Step of Western Wayne County, a program addressing domestic violence.

For further details contact the shopping center at Wayne and Warren, (313) 425-5001.

OUTLET MALL HIRES MANAGER

The factory-outlet center planned for Howell Township, Kensington Valley Shops, now has a manager, Kimberly Dane. Dane comes to the project with more than 14 years in mall management - including manager of the Universal Mall in Warren. The mall is being developed by Fru Con of St. Louis and Howard & Rice of Farmington Hills.

Kensington Valley will be a 250,000-square foot development on M-59 at I-96. Phase I features 65 shops and a food court. Construction is in progress for a November opening.

This collection marks the first time a top designer's work has been featured by an off-priced retailer.

Items in the collection are priced between \$19.99-\$69.99.

HAIR-A-THON A SUCCESS

Andrew Dagher of Carnival Cuts at Twelve Oaks in Novi, reported that more than 70 people came in for \$10 haircuts

recently, to raise money for Children's Hospital. This was the first year for the event which may be repeated in 1997.

The International Council of Shopping Centers' website on the Internet designed by the Annis Group of Southfield, received "Five Star Staus" from the Pike Net Review, a national provider of commercial real estate information. The site is located at <http://www.icsc.org/>.

In their review of the ICSC-NET site, Pike Net wrote, "while some parts are accessible to members only, most of the site is available to the public. Of particular interest is the database and research reports on the industry."

The site was created in May 1996. Shopping center-related companies will be able to tie into the ICSCNET through hyperlinks at a cost of \$600 per year. Plans call for the addition of employment opportunities and more retail publications.

TASTE BUDS

CHEF LARRY JANES

August brings harvest requests

Your calls and comments reflect the seasons. Last month's requests leaned toward outdoor cooking while this month's requests concern gardens, and fresh Michigan fruits and vegetables.

My tomato plants are skyrocketing, and loaded with reddening globes, and my basil has bushed out beyond belief. I hope you too are enjoying the fruits of your garden labors.

Linda Rice of Plymouth called and raved about the fruited melon soup she recently enjoyed while dining at Matt Prentice's rave new restaurant, Relish in Farmington Hills. She was hoping I might have a good recipe. Well Linda, I do have a favorite recipe, and it came from a very old cookbook. We make it all the time in the Janes Gang kitchen, especially during summer when melons are sweet, ripe and plentiful. You can use honey, cassaba, Crenshaw or any other firm melon (not watermelon) or combine two for an even better, complex flavor.

CANTALOUPE SOUP

- 1 large cantaloupe, skinned, seeded and diced
- 5 tablespoons butter
- 2 teaspoons sugar
- 1 teaspoon fresh grated lemon rind
- dash powdered ginger
- pinch salt
- 2 1/2 cups half and half, heavy cream or milk
- Sprigs of mint, for garnish, optional

Saute cantaloupe in hot butter with sugar, lemon rind, ginger and salt until soft and tender, about 5 minutes over medium heat. Add half and half, bring to a boil, then reduce heat to a simmer and simmer for 10 minutes.

Transfer contents to a blender or food processor and process until smooth and pureed. Cool and chill. Adjust seasonings with lemon juice or even a splash of dry white wine. Garnish with sprigs of mint. Serves 4.

Recipe from: "SOUP" by Coralie Castle, (Copyright 1974 by 101 Productions).

Another anonymous reader called and reported that she is concerned about eating potato skins.

Seems her sources have told her to be cautious because the skins might be toxic because of chemicals and sprays being used in the fields. I contacted my sources at the Michigan State University Extension Service and their word is that anytime you prepare fruits, vegetables and potatoes purchased from a grocer or farm market, they should always be cleaned or scrubbed before cooking. If your food is properly cleaned before cooking, there should be no problem. Look for Citri-Spray at health food stores — you spray on, and it cleans and reduces the wax shipping coating on many fruits and vegetables. It retails for about \$7.99.

Speaking of potato skins, here's a healthy recipe that tastes as good as the real thing!

CRISPY POTATO SKINS

Starting with leftover baked potatoes is a real timesaver.

- 2 cooked large baking potatoes (about 8 ounces each)
- 1 1/2 tablespoons olive oil
- 2 cloves garlic, crushed
- 1 teaspoon salt free lemon herb seasoning blend
- 1 teaspoon butter flavored sprinkles
- 1/4 teaspoon paprika
- 1/4 teaspoon salt (optional)
- 1 tablespoon fresh grated Provolone cheese

Preheat the broiler. Cut potatoes lengthwise into quarters. Scoop out potatoes, leaving about 1/4 inch shell of skin. Reserve insides of potatoes for another use. In a small bowl, combine oil, garlic, seasoning blend, butter sprinkles, paprika and salt. Brush over both sides of potato shells. Place potato skin side down on a large baking sheet. Sprinkle cheese evenly over the skins. Broil 3-5 minutes or until browned and crispy. Serves 4.

Each serving equals 181 calories; 6 grams total fat (1 gram saturated), 1 mg. cholesterol. Percentage of calories from fat: 28%.

Recipe from: "Low Fat in Nothing Flat" by Linda Rosensweig, (copyright 1996, Harper-Collins Publishers, \$18.50).

PEARS

NOW'S THE TIME TO FALL FOR

For centuries, people have sung the praises of pears. The ancient Greek poet Homer, for instance, held the pear in the highest esteem, calling it "the gift of the gods."

According to John F. Mariani, author of "The Dictionary of American Food and Drink," (William Morrow and Co. Inc., copyright 1994), Pears originated in Asia, possibly China, and have been cultivated at least since 2000 B.C., with more than 15 thousand species having since been developed from either the "Chinese pear" or the "European pear."

Most American varieties developed from the European pear, which was brought to the Colonies in the 17th century by Jesuit missionaries, English settlers in Massachusetts, and the Dutch in Amsterdam. In the West the pear was introduced by Spanish missionaries by the "49ers" heading for the Great California Gold Rush in covered wagons.

In his book Mariani writes, "by far the most widely cultivated variety in the United States is the 'Bartlett,' first mentioned in print in 1831."

The Bartlett pear variety originated in Berkshire, England, in the 17th century by a schoolmaster named John Stair.

Stair sold some of his pear tree cuttings to a horticulturist named Williams who further developed the variety. The pear is still called the Stair-Williams pear in some parts of England, but according to Mariani, acquired its American name thanks to Enoch Bartlett of Dorchester, Mass., who promoted the variety in the United States. The Bartlett now accounts for three quarters of U.S. pear production.

Today, the Bartlett is America's favorite pear for both eating and canning.

Now — as the bright, sunny days of summer begin to give way to autumn's cooler temperatures — is a perfect time to enjoy pears.

The largest producers of pears are California, Washington, Oregon, New York, Michigan, Illinois, Pennsylvania and New Jersey.

California produces 60 percent of the nation's crop. Michigan pears are available at farm markets and stands through October. California Bartlett pears are also available

CALIFORNIA PEAR ADVISORY BOARD

through October.

A medium-size Bartlett pear provides healthful amounts of dietary fiber (4 grams), vitamin C and potassium, at only 100 calories each. Pears contain no cholesterol or sodium and are virtually fat-free.

To pick the perfect pear, look for relatively smooth, unblemished skin. Degree of ripeness is subject to personal preference. Some people like the crunchy texture and taste of green pears; others want them tender, juicy and golden yellow.

Pears are picked mature (green and firm) because they develop an undesirable mealy texture if they are left to ripen on the tree. Green pears may take four to six days to ripen.

If you purchase Bartletts that

are "breaking" or green tinged with yellow, they will fully ripen in two to three days. If you prefer eating pears that are more firm, this is the perfect stage.

Always ripen pears by placing them in a fruit bowl at room temperature. Once they reach your desired ripeness or turn yellow, place them in the refrigerator to slow further ripening. Depending on ripeness, they can hold for almost a week.

To help cut or sliced Bartlett pears retain their color, dip them into a mixture of 1 tablespoon lemon juice and 1 cup water.

A slightly under ripe pear is perfect for poaching or baking. An overripe pear makes a great base for a blended drink.

Family favorite pizza crosses cuisines

It's a popular thing these days to blend cuisines. And a pizza is a perfect place to do it!

Cheese "Steak" Pizza combines the favorite flavors of a Philadelphia-style cheese sandwich in a pizza presentation. So simple, so delicious and 30 minutes quick — the whole family will love it.

Top a handy ready-made Italian

bread shell with a cooked ground beef, onion and bell pepper mixture, sprinkle with convenient pre-shredded mozzarella and bake just to heat through. Cut into wedges and serve with a green salad.

Recipes like this one made with readily available, on-hand ingredients are the key to the quick-cook's repertoire. Keeping the pantry,

refrigerator and freezer stocked with staples such as bread shells or pizza crusts, ground beef, pre-shredded and sliced cheeses, pasta sauces, frozen vegetables, spices and seasonings, and "good-keepers" like onions and garlic provides the makings for all kinds of delicious, quick meals.

Ground beef, frozen in meal-sized

packages, can be the basis for many a weeknight main dish — from burgers to burritos, meatballs to tacos to pizza.

Freeze ground beef three to four months at 0 degrees F. or lower. Defrost overnight in the refrigerator, never at room temperature. Always cook ground beef until it's no longer pink.

CHEESE "STEAK" PIZZA

Total preparation and cooking time: 30 minutes

- 1 pound ground beef
- 1 small green or red bell pepper, cut into thin strips
- 1 small onion, thinly sliced, separated into rings
- 3/4 teaspoon salt
- 1/2 teaspoon pepper
- 1 large (16 ounce) Italian bread shell (approximately 12-inch diameter)
- 2 cups shredded low-moisture part-skim mozzarella cheese

Heat oven to 400 degrees F. In large skillet, brown ground beef over medium heat 6 minutes. Add bell pepper and onion; cook 3 to 4 minutes or until beef is no longer pink and vegetables are crisp-tender, stirring occasionally. Season with salt and pepper.

Place bread shell on baking sheet. Remove beef and vegetables from skillet with slotted spoon; arrange on top of bread shell. Sprinkle with cheese. Bake in 400 degree F. oven 8 to 10 minutes or until cheese is melted; cut into 8 wedges. Makes 4 servings.

Lemon Vinaigrette
 1/3 cup olive oil
 1/4 cup fresh lemon juice
 2 teaspoons chopped fresh parsley
 1 clove garlic, minced
 1/4 teaspoon kosher salt
 Freshly ground black pepper to taste

Pear Salad
 1/2 cup all purpose flour
 1/4 teaspoon salt
 1/4 teaspoon ground white pepper
 1/4 teaspoon paprika
 4 eggs lightly beaten
 3/4 cup seasoned dry bread crumbs
 1/4 cup olive oil
 4 ripe, medium-size fresh California Bartlett pears, cored and quartered
 Vegetable oil for frying
 4 cups mixed baby field greens
 6 ounces prosciutto, sliced very thin

Aged balsamic vinegar (optional)

For **Lemon Vinaigrette**: Combine ingredients in a bowl and beat well in a screw-top jar and shake well. Chill several hours to meld flavors.

For **Pear Salad**: Combine flour, salt, pepper and paprika in small, shallow bowl. In another bowl, lightly beat eggs. In still another shallow bowl, toss crumbs with olive oil. Dredge pear quarters in seasoned flour. Dip in beaten egg, drain off excess. Then, roll in crumb mixture. (In order for crumb mixture to adhere, pears must be ripe.) Deep-fry at 350 degrees F. until golden brown. Beat or shake vinaigrette again and toss greens with half of dressing.

To serve, arrange prosciutto on 4 salad plates. Mound greens in center and arrange 4 warm pear quarters on top. Drizzle remaining vinaigrette and aged balsamic vinegar (if desired) over each salad. Sprinkle lightly with pepper to taste. Makes 4 servings.

What has twelve thousand legs, wears sneakers and can help you reduce your risk of heart disease and stroke?

If you said the American Heart Association's Metro Detroit American Heart Walk, then you have the right answer. The Heart Walk is a fun-filled day for the whole family at the Detroit Zoo. Not only will you have fun walking with the animals and learning how to reduce your risk for heart disease and stroke, but you can also make a difference. The funds raised during this event help to support research and education programs in the Metropolitan Detroit Area. So come join 6,000 walkers, the Detroit Lions' Herman Moore and Angela Moore on Saturday, October 5, 1996. Registration begins at 8:30 a.m. and the walk begins at 9:30 a.m. Call (810) 557-9511, to find out how you can join the Heart Walk.

Ice cream tips

Here are some ice cream tips from Melody Farms.

- Ice cream, sherbets and yogurts may be kept up to two months if stored at 0 degrees F. or below. Residential freezers are about 10 degrees F. and ice cream will go through "shock" every time the freezer goes through a defrost cycle. Ice creams, yogurts and sherbets that have softened or partly melted and then are refrozen, lose volume and become coarse in texture, diminishing the creaminess factor of the product.
- Plastic containers with tight fitting lids or overwrap with foil or plastic wrap provide good protection when storing ice cream, sherbet or yogurt for more than a few days.

Start with a mix for quick cakes and desserts

Home baking is on the rise but with an important difference. We're baking faster and smarter by taking advantage of the growing number of mixes — bread, cookie, cake and others.

Convenience baking is more than just following directions on the box. Consumers are finding creative ways to personalize their baking. Some make a mix more healthful by using egg whites and yogurt in place of the whole eggs and oil in a cake mix, or by adding quick or old-fashioned oats to a blueberry muffin mix.

Banana-nana Pecan Bread starts with a box of banana quick bread mix. Mashed banana intensifies the bread's banana flavor while a buttery pecan oat streusel is blended into the batter and sprinkled on top for a crunchy, praline-like crust. Paired with a glass of cold milk or freshly brewed coffee, this bread is perfect for brunch or a midday snack.

Berry-Licious Lemon Streusel Cake does double duty as a coffee cake and dessert. A plain yellow cake mix gets personality from fresh berries and an old-fashioned oat streusel topping. Oats also are added to the cake batter for whole grain texture and additional B vitamins.

To trim fat and cholesterol,

low-fat yogurt replaces the oil called for in the package directions; egg whites are substituted for whole eggs.

BANANA-NANA PECAN BREAD

- 1 cup oats (quick or old-fashioned, uncooked)
- 1/2 cup chopped pecans
- 3 tablespoons margarine or butter, melted
- 2 tablespoons firmly packed brown sugar
- One 14-ounce package banana bread quick bread mix
- 1 cup water
- 1/2 cup mashed ripe banana (about 1 large)
- 2 eggs, slightly beaten
- 3 tablespoons vegetable oil

Heat oven to 375°F. Grease and flour bottom only of a 9 by 5-inch loaf pan. In small bowl, combine oats, pecans, margarine and brown sugar; mix well. Reserve 1/2 cup mixture, set aside.

In large bowl, combine remaining oat mixture, quick bread mix, water, banana, eggs and oil. Mix until dry ingredients are moistened.

Pour into prepared pan. Sprinkle top of loaf with reserved oat mixture. Bake 50 to 55 minutes or until wooden pick inserted in center of loaf comes out clean. Cool 10 minutes in pan; remove to wire rack. Cool completely. Serves 12.

BERRY-LICIOUS LEMON STREUSEL CAKE

Cake

- One 18.5 ounce package yellow cake mix
- 3/4 cup oats (quick or old-fashioned, uncooked)
- 1 cup water
- 1/3 cup plain lowfat yogurt
- 3 egg whites
- 1 tablespoon grated lemon peel
- 1/2 cup fresh raspberries
- 1/2 cup fresh or frozen blueberries

Streusel topping

- 1 cup oats (quick or old-fashioned, uncooked)
- 1/4 cup firmly packed brown sugar
- 1/4 cup all-purpose flour
- 1/4 cup margarine or butter, melted

Heat oven to 350°F. Lightly grease and flour sides and bottom of 13 by 9-inch pan. In large mixer bowl, combine cake mix, oats, water, yogurt, egg whites and lemon peel; blend at low speed of an electric mixer until moistened.

Beat at medium speed for 2 minutes, occasionally scraping sides of bowl. Gently fold berries into batter. Pour batter into prepared pan.

BOOKS Schoolcraft offers writer's forum

A new forum for writers is set to get underway this fall at Schoolcraft College in Livonia.

English professor Arthur Lindenberg, who initiated the program, has invited five prominent authors to visit the campus during the coming weeks to participate in the program. Each will read from his or her work at a 2 p.m. session open to the public. (Specific meeting rooms will be announced later).

From 7-9:50 p.m. the writers will critique manuscripts of students enrolled in English 206, a 16-week creative writing class taught by Lindenberg. The public is also invited to sit in on the critiquing sessions, said Lindenberg. All events are free.

Noted Illinois poet, fiction

writer, and memoirist Gary Gildner, will visit the campus Sept. 18. Also scheduled to participate in events during the coming weeks are Kathleen Ripley Leo (Oct. 2), Jim Daniels (Oct. 22), and Danny Rendleman (Nov. 20).

On Nov. 6, Schoolcraft will host fiction writer/poet Jan Worth, winner of The MacGuffin's first nationwide Poet Hunt competition last year.

Only those enrolled in English 206 may have their work read and critiqued by the visiting writers. Classes begin Aug. 28. Late registration runs through Aug. 30. For more information, call (313) 462-4400, Ext. 5292.

Lindenberg said the forum's shape began to gel last year,

after he had participated in a writers conference co-sponsored by Oakland University and Detroit Women Writers. At the event, University of Michigan professor/poet Richard Tillinghast discussed such a format during one of the day's sessions, he said.

"For a number of years we have wanted to offer a forum in which writers could interact with each other," said Lindenberg, who also edits the college's literary arts journal, The MacGuffin. "We're trying to reach out, to appeal to a group in the community who would use the college if more of this kind of thing were offered."

Chiefs vs. Borgess

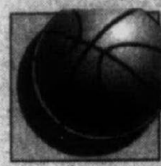

Plymouth Canton's girls basketball team opens its season Tuesday at Redford Bishop Borgess.

The Spartans will be missing one of their top players, 6-foot junior Koren Merchant, who has missed preseason practices and is rumored to be moving to West Virginia.

Bishop Borgess was runnerup in the Class C segment of the state tournament last year and won the crown two years ago.

Look for Canton's basketball preview in Thursday's Observer.

Rocks' fortunes looking up

A nice blend of experience and young talent has coach Fred Thomann setting a high goal for his Plymouth Salem girls basketball team - advancing beyond the regionals in the state tournament.

BY RICHARD L. SHOOK
STAFF WRITER

Some teams are young and some teams are good.

Then there's Plymouth Salem's girls basketball team, which is both young and good.

Coach Fred Thomann's team posted a 17-7 record last season and advanced as far as the regional final before losing in overtime, 49-47, to Birmingham Marian.

"Our goal," Thomann said, "is to exceed last year, build on last year, take it up to another level."

"It's going to be tough, though. We've got an outstanding non-conference schedule plus there are three or four really good teams in our league."

One, of course, is Salem.

The Rocks return three starters - all underclassmen - in 6-foot-1 1/2 perimeter player Amanda Abraham, a junior, plus sophomores Angie Sillmon (5-10) and Andrea Pruett (6-1).

Two of the three were second-team All-Western Lakes Activities Association and the third missed by just one vote.

"That's a cluster of three players who have been recognized by the league as being very good," Thomann said. They're all his, too.

The Rocks did lose one very good player, center Shellye Sills. But an experienced hand will slide in to take her place in 6-1 senior Merritt Walker.

It's the presence of Walker and two other seniors -- 5-9 Laural Weinman and 5-5 guard Janelle Sterling -- that gives Thomann the nice blend of talent, youth and experience to keep the program at a high level.

"We've got a nice mix of kids," he said.

Weinman opened the season as a starter but hurt her ankle. Sillmon came in and played so well she remained in the starting lineup.

Walker will give Salem some post presence while Sterling has some quickness that will enable her to match up well against certain opponents.

Salem will get help from another junior, 5-9 1/2 Heather Guerin, who has some strength, as well as 5-10 junior Nikki Nauman, an inside player. Another junior, Laura Schneider, is a left-handed point guard.

'Our goal is to exceed last year, build on last year, take it up to another level.'

Fred Thomann
—Salem coach

Thomann has a 5-9 freshman who figures to see a lot of playing time in Tiffany Grubaugh.

"All these kids have had some pretty good basketball experience in their careers, either AAU, CYO or middle school," he said.

Abraham will have the ball in her hands a lot. She goes to her left probably better than any right-hander in the league and showed at times last season she was on the verge of being able to take over games by herself.

There were also times when her ball-handling revealed her to be the sophomore that she was. That figures to be improved for her junior season, however.

Sillmon and Pruett should see their games take a big leap forward. They're sophomores who started as freshmen plus they'll be expected

to play bigger roles.

It all adds up to a good team, although the Rocks' final record could well end up somewhere in the neighborhood of last year's.

If Salem's kids are like kids have been since the beginning of time, they think their coach was born at exactly the same age he is now.

Thomann's players probably don't know it but their coach was a pretty country fair basketball player in his day. Those who saw him at Michigan State know he always gave the Spartans everything he had to give.

One of the things he learned was that to be the best, you have to play competition as good or better than you are.

So Thomann always schedules good opponents for his good teams.

Salem opens Tuesday at home against Ann Arbor Pioneer, which beat the Rocks by a point last year. It then plays Rochester Adams, Class C runnerup Redford Bishop Borgess, Ann Arbor Huron and defending Class A champion Flint Northern before beginning the WLA season.

"We're pretty athletic," Thomann said. "We've got a bit of size. And we should do well on the perimeter. Our defense is solid, too."

It will take some time before the players settle into their roles, find out what each other can do.

That's a problem every team faces at the start of a new season. They just don't face it with Salem's players.

Girls top 20 hoop list

Here is the Observer's Steve Kowalski's preseason list of the Top 20 girls basketball players for the upcoming season, which starts Tuesday for most teams:

BASKETBALL

1. **Aiysha Smith, 6-1 junior center, Redford Bishop Borgess:** A mobile inside player who played like a senior as a sophomore, averaging 12 points and 10 rebounds per game. Nice touch up to 15 feet. Starter since a frosh, a tireless defender who can guard perimeter and post players. Top Miss Basketball candidate, nationally recruited player if she keeps it up.

2. **Yolanda Holt, 5-11 senior guard, Wayne:** Now that Redford Bishop Borgess Miss Basketball winner Maxann Reese has graduated, Holt is the undisputed most-exciting player in the area. Her height at the point guard position makes it tough for opponents to match up in open court. Has three-point shooting range and good court awareness, although she has a tendency to be out of control.

3. **Amanda Abraham, 6-1 1/2 junior guard, Plymouth Salem:** Abraham is already a seasoned veteran with two full years of high school eligibility remaining. Adjusted well to perimeter last year, scoring about 10 points per game en route to earning second-team All-Observer honors. She runs the floor well and can finish in transition with either hand. Coach Fred Thomann expects her to be a three-point threat after not making any in 1995.

4. **Angie Sillmon, 5-10 sophomore, Salem:** Sillmon creates offense with outstanding defensive play. Has a nice pull-up jumper from about 15 feet and ability to shoot from three-point range.

5. **Amanda Porter, 5-7 senior guard, Farmington:** A three-year starter, Porter puts up impressive numbers despite the attention she draws from defenses. Good shooting range and can finish drives in the lane against taller players. Averaged 14

points/game to go with 4 rebounds, 4 steals, 3 assists. Clutch free throw shooter.

6. **Kristi Fiorenzi, 5-9 senior guard-forward, Plymouth Canton:** Three-year starter for the Chiefs who averaged 11.5 points per game as a junior. She uses screens and picks well and can hit a 15-foot jump shot consistently. A good inside shooter who has improved her range.

7. **Amy Roble, 5-8 junior guard, Farmington Hills Harrison:** A standout since her freshman year, Roble is a tough, versatile guard. Averaged 10 points a year ago after scoring eight per game as a freshman. Also improved low post moves.

8. **Mary Jane Valade, 5-8 senior forward, Mercy:** Valade had a strong junior campaign, earning second-team All-Observer honors. Does most of her work inside against taller players.

9. **Rica Barge, 5-8 senior forward, Wayne:** A nice complement to Holt, and does more of the dirty work for the Zebras. Scorer first who can beat defenders off dribble on the baseline.

10. **Candice Finley, 6-0 senior center, Borgess:** The returning starter averaged 8 points and 8 rebounds per game. A strong rebounder and aggressive post player, is being recruited by Division I schools.

The second 10, alphabetically:

Christina Anderson, 5-6 junior guard, Borgess: Anderson had her moments as a sophomore, and with Reese and Adriane Bryant off to Michigan State and Toledo, respectively, her talents will be on more display. Anderson has good range on her jump shot and is fast end to end. Her ball-handling will be crucial to the Spartans' hopes in '96.

Mary Anderson, 5-4 senior guard, Canton: Outstanding defender with good command of what coach Bob

Blohm wants accomplished from the point-guard position. All-area hurdler in track.

Jessie Brennan, 5-9 sophomore guard, Mercy: Started as a freshman on the varsity at point. Has nice court vision.

Melissa Marzolf, 5-7 junior forward, Canton: Made good impressions as a sophomore, averaging 8 ppg. Plays well with back to the basket and like Fiorenzi is strong off the dribble.

Koren Merchant, 6-0 junior forward, Borgess: A disclaimer must be made here, because she is rumored to be moving to West Virginia with her family. Averaged 12 points and five rebounds per game as a sophomore, but was inconsistent because of her lack of defensive intensity.

Stephanie Mussat, 5-8 senior guard, Livonia Ladywood: Mussat was one of the Blazers' top reserves last year. She plays either off guard or small forward, has good shooting touch up to 15 feet.

Sarah Poglits, 6-2 junior center, Ladywood: She split time between the varsity and junior varsity last year. Also an accomplished volleyball player, leaving her not as much time to spend on basketball. She needs to work on consistency and her low post defensive play.

Andrea Pruett, 6-1 sophomore, Salem: Pruett was the Rocks' second-leading rebounder as a freshman and also averaged 10 points per game. She gives the Rocks a solid inside-threat to score.

Jenni Talbot, 5-10 senior center, Garden City: The three-sport standout was the unsung hero on last year's 17-7 Garden City team. With four starters lost due to graduation, she will get more attention but should still better her production from a year ago.

Laura Weinman, 5-9 senior guard, Salem: One of the top three-point shooters in Observerland, Weinman made about 25 treys during a season interrupted by an ankle injury.

Canton cross country close, should surprise somebody soon

BY RICHARD L. SHOOK
STAFF WRITER

Plymouth Canton's boys cross country team is a bit like Lake Huron - it's no ocean, but it's a pretty good body of water nonetheless.

The Chiefs are running without Ian Bedford for the first time in years - he's putting in his

miles for the University of Detroit this fall - and coach Mike Spitz reports nobody is turning in his kind of times so far this fall.

"A kid like that's hard to replace," Spitz said. "We don't have a runner like that this year, not somebody who's going to be out at front in the big regionals and meets, things like

that. "We're going to have to go about things a little differently this year. Our other guys are going to have to do a little growing up."

Canton also lost senior captain Ryan Portrey, whom Spitz praised as an outstanding example of the kind of leadership seniors should provide.

His captain this year will be senior Sanjay Sharma, who missed most of last season due to injury and illness.

"We're hoping he can come back and have a good senior year," Spitz said.

Senior Adam DeGiorgio figures to be a key contributor for Canton this fall, the coach said, while Robert Mayer "has been working real hard. I've been

impressed with the way he's handled himself in practices so far."

Mayer and DeGiorgio are both four-year contributors to Chief cross country teams.

"We have another four-year man, Jason Vergari," Spitz said. "He was a consistent varsity runner last year. I expect he'll be contributing a lot this year."

Spitz has also seen enough thus far to hope for good things this fall from Jason Diamond, who spent the bulk of last season with the junior varsity.

"Overall, we lost four of our top seven," Spitz said, "so we're coming back with just a few guys who've seen varsity competition. But we need experience there.

"The kids coming back, our seniors in particular, have been

working real hard. We're hoping they can adapt to varsity competition."

But after several seasons of being a top dog, Canton now will play the underdog role. At least initially.

"We've been near the top of the league the last four years," Spitz said. "I don't know if we'll finish as high as we have, but I expect we'll finish in the top five and have a winning dual meet record."

"We might possibly even get somebody to the state meet."

The Chiefs have a smaller squad than they've had in recent years (Spitz said just a couple of dozen) "but that's okay," he said. "The guys I have are working hard."

"I like the focus they have in their training. I hope they're able to convert all that into a successful season, reaching their personal goals as well as our team goals."

"I think it's going to be an uphill battle for us, so to speak, compared to past seasons."

Some promising newcomers will undoubtedly surface once the season gets underway, which it will Aug. 29 when Canton participates in the Troy Athens Invitational, a time trail meet.

Canton's first dual meet is at Cass Benton on Sept. 4 against - surprise - Plymouth Salem. That ought to spark one or two personal bests right there. After that, who knows?

Dimitriou gets a kick out of good soccer teams

BY BRAD EMONS
STAFF WRITER

With people like Van Dimitriou, the Schoolcraft College men's soccer program is always in good hands.

Or is it good feet?

Despite losing virtually everybody off last year's squad, 15-3-1 overall and Region 12 finalists in the National Junior College Athletic Association (losing to DuPage, Ill.), Dimitriou recruited during the off-season like an insurance man, putting together another Allstate cast.

"Last year we were not quite as deep," said Dimitriou, now in his 13th season. "We had a good starting eight or nine, but not quite as solid with our marking backs or midfielders."

"These kids can play. They have more potential than any other team I've had as far as talent. And I think we'll gel."

Gone is Mo Hijazi, who set a Schoolcraft record last year for

goals (31).

Also using up their JC eligibility are three Eastern Michigan University recruits, Livonia Franklin High products Victor Rodopoulos and Dave Binkiewicz, along with Plymouth Canton grad Eric Stoecklein. Dimitriou must also replace Israeli native George Abuamsha and goalkeeper Ari Mecholwicz.

Filling the void at forward will be two freshmen, Mike Dean, who scored 35 goals last spring for Dearborn Edsel Ford, and Dave York of Novi, a member of the first-place Birmingham Cobras of the Great Lakes Men's Soccer League.

"Dean can play a number of different positions," Dimitriou said. "He doesn't mind playing all over. He distributes the ball as well as anyone. He can play defense and sweeps like it's his normal position. But he'll start out at forward."

Dimitriou will also use Garrett Maki (Dearborn Heights Crestwood), Mark Hill (East Kent-

wood) and possibly Movin Salame (Dearborn Fordson) at the forward spots as well.

"Mo (Hijazi) and Fadi (Bazzi) stood out individually, but this is the best I've ever had as a group," Dimitriou said. "Last year Mo scored 31 and the next guy had nine, but this year I think we'll have four or five who will score 14 or 15 apiece. We've got a lot more balance."

Dimitriou says Maki "moves as well as anybody," while Hill provides a "good target up-front, which is real nice to have."

"I love the kid (Maki)," Dimitriou said. "He's short and stocky, like a German-type forward with good acceleration. He's good friends with Dean and you could see the two together."

Dimitriou, however, also has several midfielders to choose from.

Newcomers Pete Lechowicz (Livonia Stevenson) and Kevin Fritz (Brighton) will share the left side. Matt Keller (Rochester Adams), Abdul Kerek (Fordson), Iglu Vokopola (Royal Oak Kimball) and Mike Mincilli (Stevenson) and Paul Graves (Milford) will see playing time along with holdovers Mike Bona (Franklin) and George Abuamsha.

"Iglu was rated one of the top 10 in Oakland County," said of the Kimball midfielder, who has been nursing a sore ankle. "And Mincilli has put on 15 pounds and grown three or four inches. He looks good."

Walk-on Bill Krips (Brighton) has been a pleasant surprise in preseason camp as a stopper.

"He's a perfect fit, I like everything about him," Dimitriou said. "He's tall and skinny, but very agile. He's great in the air."

Another potential starter is Shaun Pratt (Clawson), who is out three to four weeks with a broken collarbone. The lone returning starter from a year ago, Joe Sisko (Canton), will be joined in the back line by Chris Jaskolski (Plymouth Salem), James Bossieux (Canton), Mike Preston (Milford) and Brian Luck (Brighton).

Bossieux, a transfer from Ohio Wesleyan, is expected to be eligible once all his credits transfer.

"He's very intelligent and does it all defensively," Dimitriou said. "He communicates very well. And Jaskolski is very steady, while Preston has a very good attitude."

The goalkeeping situation boils down to four candidates.

Last year's back-up Joe McCarty (Brighton), is fighting off challenges from two Redford

Catholic Central products, Travis Miller and Jeremy Podolak, along with Ryan Scheid, the latter whom could also be converted to defense.

With all the competition, Dimitriou must pare his roster down this week before the team heads to Monroe CC (N.Y.) this weekend for a pair of games against Mount Ida (Mass.) and Essex (N.Y.), a pair of NJCAA quarterfinalists.

"I had to go out and recruit because we lost just about everybody," Dimitriou said. "For the first week, this is the best conditioned team I've had since my first year. This is as good a start, training-wise, as we've ever had. Their attitude is very good about playing the game and I think we've reached the stage now where I think we're as good talent-wise, as many of the top teams nationally."

Mazda MX-6 drives to be the best

By Anne Fracassa
Avanti NewsFeatures

The Mazda MX-6 sports coupe has a special place in my heart.

It got a lot of people in the downriver and western communities of Metro Detroit working again when Mazda retooled a shuttered Ford plant and began building the MX-6 in the fall of 1987.

The best part of all of it was that Mazda gave laid-off Ford workers first crack at the jobs in the plant, now known as AutoAlliance International. A cousin of mine, laid off from Ford, joined Mazda's ranks at that time.

AutoAlliance, a joint venture with Ford Motor Co. presently employs 3,700 people who put together MX-6, sister-car Ford Probe and Mazda 626. The MX-6, by the way, is one of two import-badge cars to be classified by the EPA as a domestic vehicle. How 'bout that?

And as stylish and smart-looking as the MX-6 was when it was introduced in 1987 as a 1988 model, the tradition continues with the 1996 MX-6 LS. The last makeover of the MX-6 was as a 1993 model.

The Mazda MX-6 LS is more luxurious than the base model, from its powerful engine to its

ROAD TEST

leather-wrapped steering wheel and host of other options.

Lets take a look at the engine first. On the base model, you'll find a 2.0-liter dual overhead camshaft 16-valve 4-cylinder engine capable of 118 horsepower. Its got a stainless steel exhaust manifold, cast iron engine block and aluminum cylinder head.

The LS comes outfitted with a 2.5-liter dual overhead camshaft 24-valve V6 that produces a strong 164 horses. This one has a

cast iron exhaust manifold, Aluminum engine with cast iron cylinder liners and aluminum cylinder heads. Recommended fuel is premium unleaded.

The V6 is responsive when you want it, yet is not overpowering. The mix is perfect.

Both models can be outfitted with a 5-speed manual transmission or a 4-speed electronically controlled automatic transmission. Every MX-6 is outfitted with dual airbags and an antilock braking system is available on both models.

MX-6 carries four people comfortably, although it's a bit rough on booster car seats. The rear seats have a configuration that just makes it hard to get the car seat to sit just right.

The base model has a large list of standard equipment including tilt steering column, power mirrors, power windows, power door locks, cruise control and an AM/FM/cassette stereo.

The LS model adds 4-wheel

disc brakes, 15-inch alloy wheels, air conditioning, fog lamps, leather-wrapped steering wheel and shift knob, anti-theft alarm, power sunroof, upgraded stereo system, dual outlet exhaust, fog lamps, mud guards and upgraded cloth fabric.

The real cargo area is more than adequate for anyone and the 60/40 split fold-down rear seat will help you move longer or bulkier cargo if you need to.

This sports coupe is the perfect size for anyone from a college kid to a mom with kids. Best of all, it's spirited.

The MX-6 has wonderful handling and cornering characteristics and quite a bit of comfort — both for the driver as well as the passengers. The driver's seat is outfitted with an adjustable thigh support for greater comfort on longer drives.

There are two option packages available for the MX-6. Most popular is the package with 14-inch alloy wheels, power sunroof,

intermittent wipers, anti-theft alarm with keyless remote and an upgraded stereo with power antenna.

The leather package is also an option and is standard on the M edition of MX-6 and includes leather seating, power driver's seat, keyless entry and heated exterior mirrors.

The dealer will install a six-disc CD changer, an in-dash CD, front mask, rear spoiler, rear wing, stainless-steel scuff plates, roof rack and a sunroof wind deflector if you ask.

The MX-6 is a strong entry in

the sports car market. It isn't the least expensive on the market, but it's worth a look. Great ride, great handling and very quick. Watch your rear view mirror.

Save On Auto Insurance Costs

(NAPS) - The best way to save on auto insurance is to shop around for the insurer that best suits your needs. Most drivers find that an agent who represents different insurers can offer a variety of recommendations about what policy is right for them.

Here are some steps you can take to reduce your insurance rates from the experts at the Independent Insurance Agents of America. Remember, insurers generally offer discounts for:

- **Safety features** - Anti-lock brakes, air bags and passive restraint systems (i.e., automatic seat belts).
- **Defensive driving** - Clean violation record, driver's-ed courses for teenagers and defensive driving or accident prevention courses for adults.
- **Security systems** - Alarms, electronic locks and disabling devices.
- **Changing driving habits** - Commuting by public transit, using a company vehicle for work-related travel and car-pooling.
- **Formal agreements not to**

drink and drive - The availability of a discount for signing such an agreement varies among insurers and states.

• **Buying home owners and auto policies from the same company** - If your home and your car are insured by different companies, check the cost of carrying both policies by one insurer. Your agent can give you guidance as to which insurers offer discounts.

You can also lower your insurance by requesting higher deductibles - the amount of money you pay before you make a claim. Increasing your deductible on collision and comprehensive coverage from \$100 to \$250, or even \$500, will bring your rates down.

Remember, too, that where you live can affect your premium. A consumer's guide to insuring your automobile is available free from the Independent Insurance Agents of America by calling 1-800-991-7722.
